Notices were issued on both parties, who filed written statement setting forth their respective cases.

The Union, in its written statement, states as follows:—

The Clyde Fan Co., Ltd., is an electrical engineering concern, undertaking manufacture and repair of all kinds of electric fans, and having its factory and head office at Rai Bahadur Road, Behala, and its city office at Chowringhee,

Calcutta, employing about 130 workmen. The Union of the workers under the name and style of Clyde Fan Workers' Union was formed in October 1952. The Union submitted a charter of demands to the Company on 30th January 1953. On 16th June 1953, the Company issued a notice of retrenchment of some 44 workers. There was a talk of settlement of the dispute over retrenchment and retrenchment of workers way, therefore, postponed till the Union succeeded in assessing the financial position of the Company. Thereafter on 25th August 1953 workmen, numbering 50, were discharged, by way of retrenchment, in two notices. The workers launched a stay-in-strike from 25th August 1953 and the Management declared a lock-out on 12th September 1953, and the workers came out of the factory. The Union prays for an award directing the Company to reinstate all the 50 workmen mentioned in the schedule to the order of reference and to pay full compensation for the period of forced unemployment to these workmen.

The Company, in its written statement, states as follows:—

This Company is one of the smallest unit amongst the fan manufacturing concerns. The Company, however, pays to its workmen wages and other amenities, which are quite reasonable, in consideration of the status and paying capacity of the Company. The Company is not aware of the formation of the Union. The Company has been passing through financial difficulties, suffering losses for the last few years, which were fully known to the workmen. Some outsiders, posing themselves as Union leaders, put in a charter of demands, making unreasonable claims. These leaders have no knowledge of the trade condition of the fan industries, specially of this particular concern, and tried to put pressure upon the Company to accept those demands. The Management tried its best to come to terms with the Union, but failed owing to the adamant attitude of the Union leaders. When it was found that the Company could no longer carry on with its surplus staff, the Company had no other alternative than to issue a notice of retrenchment of 44 workers. The matter of retrenchment of the abovementioned 44 workers was taken up by the Labour Directorate at the initiative of the Union. The Assistant Labour Commissioner, however, suggested to stop retrenchment for the time-being, pending enquiry into the financial position for the year 1952 and up to June 1953. Accordingly, retrenchment was stopped, pending scrutiny of the books of accounts up to June 1953, by a Chartered Accountant. In view of the deteriorating financial condition of the Company, and also due to uneconomic production, and also considering the critical financial position to which it had arrived due to continued losses, the Company in order to save the Industry from ruin, issued a notice on 16th June 1953 to retrench 44 workers. On the report of the Chartered Accountant as made under the instructions of the Assistant Labour Commissioner, it was revealed that in 1952, the Company had suffered a further loss of Rs. 37,000 and odd, and that there were also losses up to June 1953. Considering the above facts, the Company decided that 50 men were surplus to requirements. The Company, therefore, issued notice on 23rd August 1953 to retrench 50 workers to save the Industry from total ruin. In doing so, the Company acted *bona fide* with the sole object of survival of the Industry. It followed the principle of "last come first go" on department-wise basis as far as practicable, keeping in view maintenance of efficiency. The workers were on strike on and from 24th August 1953. The strikers remained in the factory premises throughout day and night and confined the Works Manager without allowing him to go out of the factory premises. They also interfered with the entry of the Secretary, Accountant and other office staff into the factory. The Assistant Labour Commissioner was duly informed of the situation. At a Tripartite Conference held before the Assistant Labour Commissioner on 28th

August 1953, though the workers were advised to give up the stay-in-strike, they continued the stay-in-strike and were in wrongful possession of the whole premises. The Management, was, therefore, forced to close the factory and discharge all the workers by a letter dated 12th September 1953. After the issue of the said letter, the workers had to be cleared off with police help. The Company also states that the retrenchment of 50 workers was justified and they are not entitled to any relief.

The issues framed for the decision of this case are the same as those mentioned in the order of reference noted above.

Appearances for the parties were as follows :—

For the Union: Shri Patit Paban Pathak and Shri Niranjan Mukherjee, Secretary.

For the Company: Shri N. M. Das Gupta, Advocate.

AWARD.

DECISIONS.

Issues Nos. 1 and 2.

On the date of hearing on 28th June 1954, the parties filed a petition of compromise in amicable settlement of the dispute as mentioned in the issues. This compromise petition appears as Appendix A to this award. On a perusal of the compromise petition, it appears that the terms thereof are reasonable and should be accepted. I, therefore, accept the compromise petition in Appendix A and award accordingly. The compromise petition shall form a part of this award.

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said Waverley Jute Mills by Shri Kamala Kanta Mukherjee, an employee of the said Mills, alleging that the said Company had altered to the prejudice of the said employee the conditions of

service applicable to him immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Shri Kamala Kanta Mukherjee against Waverley Jute Mills in connection with Government order No. 1059Dis./D/7L-37/53, dated the 30th March 1953.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Misc. Case No. 201 of 1953 under section 33A of the Industrial Disputes Act.

Shri Kamala Kanta Mukherjee .. *Petitioner,*

versus

Waverley Jute Mills .. *Opposite party.*

For the petitioner : Shri P. Ghosh, General Secretary, Jute Workers' Federation.

For the opposite party : Shri M. M. Ghosh, Deputy Labour Adviser, I.J.M.A., assisted by Shri T. Janki Raman.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Kamala Kanta Mukherjee. He was a permanent clerk in the Weaving Department. During the pendency of the reference made by Government order No. 1059Dis./D/7L-37/53, dated 30th March 1953, before this Tribunal, the complainant was given a charge-sheet on 7th September 1953 for dishonesty in connection with employer's property. The complainant submitted explanation to the charge on the next day (8th September 1953). Thereafter the Manager of the Mill recorded order to the effect on 12th September 1953, "After full enquiry my decision is that you should be dismissed but until the permission of the Tribunal has been obtained you will continue to be suspended." Thereupon the present complaint was filed on 3rd November 1953.

The complainant alleges that section 33 has been contravened. The Company on the other hand contends that section 33 has not been contravened and that the complaint is accordingly not maintainable. The preliminary objection as aforesaid is heard.

DECISION.

It is contended on behalf of the complainant that the order of suspension without pay for an indefinite period amounted to punishment and thus section 33(b) of the Act has been contravened. The Company on the other hand

contends that suspension pending permission from the Tribunal cannot be regarded as a punishment. I accept the contention of the Company and hold that the complaint under section 33A is not maintainable. The complaint must therefore fail. I award accordingly.

Dictated and corrected by me.

ANNEXURE.

In the matter of a complaint under section 33A filed by Adalat Khan and others against National Carbon Company (India), Ltd., in connection with Government order No. 218Dis./D/10L-21/51, dated 5th February 1952.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Union: Shri Panchanan Bhattacharjee.

For the Company: Shri J. N. Chatterjee of the Indian Engineering Association, Shri A. C. Dutta, Labour Officer and Shri T. M. Divakaran, Production Engineer.

AWARD.

The Government of West Bengal, in the Department of Labour, referred the industrial dispute between National Carbon Co. of India, Ltd., and their workmen to this Tribunal by order No. 218Dis./D/10L-74/52, dated 5th February 1952. This Tribunal was then presided over by Shri A. Das Gupta. The award of Shri Das Gupta was published in the *Calcutta Gazette*, dated 21st August 1952. Seven workers, Satyanarayan Roy and others of the Can Department of the Company applied under section 33A of the Industrial Disputes Act, 1947, on 10th July 1952 stating as follows:—

During the pendency of the proceedings before the Tribunal, the Company added some jobs over the original set up since March 1951, to the prejudice of the applicants. These additional jobs were forcibly introduced without revising the piece-rates, in spite of the demands of the workers either to maintain the original set up or to revise the piece-rates in the light of the additional jobs. The workers were told that the dispute would be settled on 15th January 1952. Nothing was done on 15th January 1952 and the Management informed the workers that there was no need of revision of rates and that the additional jobs were parts of the original set up. The applicants pray that the original set up should be maintained and compensation should be given to the workmen.

The Company, in its written statement, states as follows:—

The complaint is not maintainable, as it does not refer to any change in the condition of service prejudicial to the applicants. There has been no contravention of section 33 of the Industrial Disputes Act, 1947. It is the function of the Management to decide on the setting up of the machines and to adjust the same in the course of factory working, which sometimes necessitates the elimination of certain jobs and alteration of others to meet the changing production requirements or conditions. Although it is alleged that the original set up was changed on 15th March 1951 to the prejudice of the workmen compelling them to work harder, no complaint was received by the Company, nor was any mention of these complaint received until 19th December 1951. The Company submits that a few minor changes in the operations were made from time to time to facilitate running of Can machines. In the course of these changes, a number of old operations were eliminated and the overall workload of the machine operators was not increased. The Company submits that during the abovementioned 9½ months period between 15th March 1951 and 19th December 1951, there was exchange of letters between the Management and the Union and there were a number of meetings held between the Disputes Committee of the Union and the Management. In neither correspondence nor meeting was there any objection to the piece-rates for can machine operations. On 6th December 1951, a meeting was held with the Disputes Committee and the Management, which was specifically called to discuss the complaints of the Can Department. There were two representatives of the workers of the Can Department in this meeting. No mention was made during the course of this meeting of any change in or objection to the piece-rates for can machine operators. The dispute was discussed at a meeting held between the Assistant Labour Commissioner, Government of West Bengal, representatives of the Union and representatives of the Management on 9th January 1952, wherein it was agreed that the Company would re-study the piece-rates and also would furnish the Union a statement of earnings of the can machine operators for the months of July, August, September, November and December. Proceedings of this meeting were confirmed by the Company's letter to the Labour Commissioner, dated 11th January

1952, and the agreement arrived at as a result of this meeting was carried out and reported to the Union by the Company's letter, dated 16th January 1952. Under the circumstances, it is prayed that the application of the workmen under section 33A may be rejected.

P. W. 1 Shri Satyanarayan Roy and P. W. 2 Shri Ramchandra Singh, two Can machine operators, deposed for the applicants. Shri T. M. Divakaran, Production Engineer of the Company deposed for the Company.

From the application under section 33A filed by the applicants, it appears that complaint is made by the applicants that some more jobs were added to the original set up of the workers since March 1951, some time before January 1952. It is clearly stated that the workers made repeated demands either to maintain the original set up or to revise the piece-rates in the light of new additional jobs, but the Company did not pay any heed to settle any of these demands one way or the other and took time and later on the workers were told that the dispute would be settled on 15th January 1952. This statement clearly shows that the dispute in regard to additional jobs arose before 15th January 1952. As has been mentioned above, the reference of the dispute between the Company and the workmen to this Tribunal was made on 5th February 1952. The inevitable conclusion is that any change of workload as complained by the applicants was made before the date of the reference. It cannot be said therefore that the action of the Company was hit by section 33 of the Industrial Disputes Act. The present application under section 33A of the Act was, therefore, incompetent.

It will be discussed below that even on merits the application has no substance. P. W. 1 Satyanarayan Roy stated that some new jobs have been introduced from the early months of 1952. They are as follows. The workers used to take the flux from a bottle and in January 1952, they were supplied with a big bottle with a pipe attached to it through which the flux came, This operation saves trouble to the worker unless the pipe bursts, in which case, the worker has to spend some time in mending the pipe. The pipe may burst in one day or in two months. The second alteration named is that the worker used his hands for the soldering operation. Now a handle has been introduced which has got to be moved by the worker for the purpose. This handle gives the worker trouble. The third alteration is as follows. Formerly the finished cans would drop on a tray; now the tray has been eliminated and the cans move in a line automatically. The line is occasionally jammed and the worker has to put in extra labour. The fourth change is that previously coils would be supplied near the machines; now the worker has to convey the coils weighing about 25 lbs. from a distance of 5 yards. Formerly, there would be one Inspector for each machine; now in a particular row of 8 machines there are only 2 Inspectors. Formerly the workers would get 45 minutes respite for cooling; now the worker has got to check the cans during that time. In cross-examination the worker states that he used to get a rest of 45 minutes if and when the machine could not work. If the machine worked for the whole day, he did not get any rest. He says that whatever alterations in the operation have been made by the Company, they have resulted in the increase of the workload. He says further that for the same results the Company has introduced operations which has has resulted in an increase of the workload but the Commany says that they have introduced these alterations only for saving the labour of the workmen. The working hours are the same as before and he gets 10 minutes rest at 10 a.m. and 10 minutes rest at 3 p.m. for tea. He says that his income has fallen after the introduction of these additional operations. O. P. W. 1 Shri Divakaran, the Production Engineer

of the Factory, deposed. He states that the Can Machine Department was started in 1949 and they are following the same operations basically now as they used to do in 1951. Some adjustments and changes in the machines have been made. Certain operations were added and certain operations were eliminated. These changes were made at different times for various reasons, viz., for better production, convenience of operation to the operators, better safety to the operators, and improved working condition. These changes were made over a period of time, as the authorities of the Company gained experience. The Company received complaints from the workmen for the first time in December 1951 regarding piece-rates and the workmen of the Can Department wanted an increase in the piece rates. The witness proved the annexures to the written statement which have been marked as Exts. C, C(1) and C(2). Ext. C is the minutes of the meeting of the Dispute Committee on 6th December 1951. Ext. C(1) is a letter to the Assistant Labour Commissioner, Ext. C(2) is a letter to the Secretary of the Union furnishing detailed statements of the earnings of the Can machine Operators for the months of July, August, September, November and December, showing that the earnings of the can machine operators were normal during this period and in November and December compared to earlier months, as was denied by the Union Committee. O. P. W. 1 says that previously a small bottle was filled with flux and this bottle had to be taken out 5 or 6 times a day to refill it with flux. Now a bigger bottle with a separate arrangement is used and machines need not be stopped for filling the flux. Whatever changes have been made by the Company, have been made for the better operation of the machines and for better convenience of the workmen and for the sake of efficiency. The Company has got 15 or 16 Inspectors now. There might have been more Inspectors in 1952 when the production was a little more. The production has gone down by 10 per cent. since 1951 due to low demands. Ext. E is the chart of work to be done by the Can Machine Operator as was notified in June 1950. The statement of earnings of the Can Machine Operators given with Ext. C(2) by the Company shows that the workers' earning were normal during the period from July to December 1951. The alteration in the process of soldering is for the convenience of the Workman and does not increase the workload. The moving of the Cans in a line is a convenient arrangement. On an inspection of the Factory, I find that the aluminium coils are supplied as much near the machine as possible. It is, therefore, clear that no increase of the workload was made at any time in 1951.

The learned spokesman for the Union produced Ext. 1 to show that these 7 operations were sought to be added by the Company to the work of the Can machine operator and P. W. 2, Ramchandra Singh, deposed to say that operations Nos. 2 and 3 in Ext. 1 have to be done by the machine operators. The Production Engineer, Shri Divakaran, O. P. W. 1, was recalled after the examination of this witness and he explained the whole matter. Ext. A dated 13th February 1952 is the notice showing the operations to be done by the can machine operators. Ext. 1 is the same as Ext. B, which was dated 14th February 1952. The Company wanted to introduce these 7 operations to the work of those operators, who could do them and to increase their rates from Rs. ·0962 per thousand cans to Rs. ·1055 per thousand cans. Evidence of O. P. W. 1 shows that the authorities of Company had a meeting with the operators over Ext. A and Ext. B. Many of the Can operators were not able to do the job in Ext. 1 (same as Ext. B). Only 4 or 5 of them, out of about 30 could do these jobs. O. P. W. 1 states that on account of a dispute over this matter, the notice Ext. B was not issued and no operator has to do any of these jobs. These

jobs are done by Fitters and the Company has appointed 15 Fitters for 30 machines—one for 2 machines. The evidence of P. W. 2 that the operator has to do the operations Nos. 2 and 3 of Ext. B is not correct. The operator has got to do the operation 4(h) in Ext. A, which is fitting a new brush in the brush holder, but operation No. 2 in Ext. B involves removal of the bottle and fitting in new brushes. The operator has also to do operation No. 3 in Ext. B. I am satisfied that the can machine operators have not to do any of the operations as set up by P. W. 2 Ramchandra Singh.

The workers are not entitled to complain about the alteration of the job content, as it is a Management function to determine the job content and to change the content of jobs (*vide* Management functions under Collective Bargaining—Ludwig Teller, page 62). A similar decision has also been made by the Hon'ble Labour Appellate Tribunal in the case of India National Coal Mines Workers' Federation reported in 1953 L. A. C. 633, where it has been stated that it is *prima facie* Management function to direct a particular process in a particular colliery area, and the Tribunal could interfere only if it was exercised *mala fide* to the prejudice of the workmen. Charts Ext. D, D(1) and D(2) showing the earnings of the can machine operators in January 1952, February 1952 and March 1952, show normal income for the can machine operators and the plea that job content was altered by the Company to the prejudice of the workmen concerned in February 1952 is without any basis. The application under section 33A is devoid of any substance and is rejected.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Boots Pure Drug & Co., Ltd. vs. their workmen represented by Shri S. K. Nath & Shri D. N. Bose referred under Government order No. 13Dis./D/11L-119/53, dated 5th January 1954.

PRESENT:

For the applicants:—Shri S. K. Nath and Shri D. N. Bose.

For the Company:—Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors.

By Government order No. 13Dis./D/11L-119/53, dated 5th January 1954, the aforesaid dispute has been referred to this Tribunal for adjudication. The issue framed by the Government is the same as the issue framed by this Tribunal and, therefore, is as follows:—

SCHEDULE.

(1) If the employees' demand for Puja bonus is justified? If so, what should be the amount thereof?

On receipt of the aforesaid reference notice were served to the parties. The Union filed a written statement on 18th February 1954 and the Company filed a written statement on 23rd February 1954. The Union contended that from the year 1944, the Company has been paying Puja bonus every year to the extent of 1½ months' basic pay irrespective of profit and loss. That in 1953, Company made profits and accordingly the Union claimed 1 month's salary as bonus for 1953. The Company on the other hand contended that in 1953, the Company suffered loss to such an extent that he was compelled to exercise his discretion not to make any *ex gratia* payment by way of bonus.

AWARD.

At the time of trial the case was heard on 14th June 1954 and 15th June 1954. During discussion the workers admitted that their claim for Puja bonus amounting to 1 month's current basic salary is satisfied by payment and no dispute exists on this point.

It was, therefore, not necessary to enter into the point any further and I award that the agreed bonus having been paid, no dispute exists.

For the petitioner: Shri P. Ghosh, General Secretary, Jute Workers' Federation.

For the opposite party: Shri M. M. Ghosh, Dy. Labour Adviser, I.J.M.A., assisted by Shri T. Janki Raman.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Anil Kumar Biswas. The complainant was working in the opposite party Company as a permanent clerk in the Weaving Department. During

the pendency of the reference made by Government order No. 1059Dis./D/7L-37/53, dated 30th March 1953 before this Tribunal, the complainant was charge-sheeted on 7th September 1953. The complainant submitted explanation to the charges on 8th September 1953. Then on 12th September 1953, the Manager of the Mill recorded an order to the effect as below:—

> "After full enquiry my decision is that you should be dismissed but until the permission of the Tribunal has been obtained you will continue to be suspended".

On the basis of the said order the present complaint was filed on 3rd November 1953.

The complainant alleges that section 33 of the Act has been contravened by the aforesaid order. The Company by a written objection contends that section 35 has not been contravened and as such the complaint is not maintainable. The preliminary objection as aforesaid is only heard.

DECISION.

It is contended on behalf of the complainant that suspension without pay for an indefinite period amounted to punishment and so section 33(b) of the Industrial Disputes Act has been contravened. The Company on the other hand contends that the order of suspension pending permission from the Tribunal cannot be regarded as a punishment. It is now well settled that suspension pending permission from the Tribunal is not punishment. It cannot also be contended that by such action a new condition of service has been imposed. I, therefore, find that the complaint is not maintainable and must be rejected. I award accordingly.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3376Dis./D/10L-135/53, dated the 4th September 1953, referred an industrial dispute existing between Messrs. India Moulding & Galvanizing Works, 33, 34 and 36, Dasarath Ghosh Lane, Bamungachi, Howrah and their workers represented by the Howrah District Engineering Mazdoor Federation, 63, Dasarath Ghosh Lane, Howrah, regarding the matters specified in the schedule to the Order of Reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 9th September 1953 and usual notices were issued to both parties for appearance and written statements. Both parties filed their written statements in due course. In its written statement, the Union stated that the Company employed about 36 workers and earned huge profits in course of its seven years of existence. The workers formed a Union and became a constituent member of this Federation and placed a Charter of Demands to the Management on 17th February 1953. The Management closed down the factory on 10th June 1953 without any previous notice. The closure of the factory was illegal and made with a motive to victimise the workers. Hence this case.

The Company in its written statement alleged that on 10th June 1953, the workers gave an ultimatum that they would stop work unless their demands of 13th March 1953 were immediately granted. As it was not possible to concede the demands in the near future, not to speak of answering them then and there, the workers left the factory and did not return. The workers themselves were responsible for the deadlock.

The issue as per schedule to the order of reference is:

(1) Whether the sudden closure of the factory by the Management on 13th June 1953 is justified? To what relief are the workers entitled?

FINDINGS.

6th July 1954 was fixed for hearing of the case. The Federation representing the workers was absent. On the application of the Company for presenting a petition of compromise in the case, the hearing was adjourned till next day. On 17th July 1954, the Mazdoor Federation was again found absent. In fact, the Federation officials have long ceased to take any active interest in this case. Its long and unexplained inaction in the matter of this dispute shows that no dispute is outstanding between the parties. In fact, a batch of workers and the Company filed a joint signed petition of compromise in this case. In the absence of Federation officials, I enquired of the workers regarding the terms of settlement. I was satisfied that the settlement, so far as it goes, is bona fide and the terms are fair and as such they may be accepted. It further appears from the petition that no Union of workers is now in existence. This is corroborated by the long silence and inaction on the part of the Federation. The dispute has been amicably

settled. The Management promised compensation and the entire dispute was now at an end. The settlement as presented is accepted. There is no outstanding dispute in this case and it is awarded accordingly.

The joint petition along with the petition of compromise do form a part of this award.

1. By order No. 2100Dis./D/8L-23/53, dated the 9th June 1953, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, the industrial dispute between Messrs. Mahaluxmi Cotton Mills, Palta, 24-Parganas and their workers represented by the Mahaluxmi Cotton Mills Workers' Union, Palta, 24-Parganas and Mahaluxmi Cotton Mills Mazdoor Union, Palta, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed written statements—the Company filing written statement of claim while the Unions filing written statements in reply. The pleadings were completed on 7th December 1953. The parties were thereafter directed to file their lists of documents. After adjournments, the hearing was concluded on 23rd June 1954 and the award was reserved.

3. The matters of dispute as stated in the schedule to the Order of Reference are as follows:—

(1) Whether the Company should be allowed to curtail the basic wages of workmen which are in excess of the wages fixed for such workmen by the Cotton Textile Tribunal award.

(2) Whether the dearness allowance of the workmen which are in excess of the dearness allowance fixed by the Cotton Textile Tribunal award should be curtailed?

(3) Whether the Attendance Bonus should be abolished?

(4) Whether the Company be justified in discontinuing C Shift or in retrenching other workmen from any of the shifts, no matter whether the issues as framed above are answered in the affirmative or negative?

DECISION.

Issues Nos. 1 and 2.

The parties have not adduced any oral evidence. They rely on the annexures to their respective written statements. Besides, the Company filed documents which have been marked Exts. 1 to 16(a), on dispensing with formal proof.

This is a dispute raised by the Company unlike the usual one which is raised by the workmen. To appreciate the controversies between the parties

it is necessary to state certain facts, which are either admitted or established in evidence, leading to the dispute. Mahaluxmi Cotton Mills (hereinafter called the Company) was incorporated in 1924. The Company is a small unit amongst the textile concerns having only 171 looms and 6,156 spindles. Messrs. H. Dutta and Sons, Ltd., were the Managing Agents.

The Major Cotton Textile Tribunal's award to which the Company and its workmen were parties was published in the *Calcutta Gazette* on the 21st August 1948. In the said award the Company was described in Table E(2) as an uneconomic unit. The Company was, however, paying from before the award, higher basic wages than those fixed in the award. It was also paying higher dearness allowance in most of the cases under three heads, such as, dearness allowance, ration allowance and attendance bonus than those settled by the award. The award according to the Government order was to remain in operation for one year from 1st August 1948. Thus the award lapsed on the 31st July 1949.

The Company had its entire current account with Messrs. Calcutta Commercial Bank, Ltd. In September 1948, the said Bank closed its doors and two of the Company's Directors who were the *ex officio* Directors as nominees of the Managing Agency Company were arrested and prosecuted in connection with the bank fraud case. The Company removed their names form its Board of Directors.

Then on 23rd November 1948, the Company applied under section 153 of the Indian Company's Act before the Hon'ble High Court for sanctioning scheme of arrangement as between the Company and its share-holders and unsecured creditors. A Special Officer was appointed by the Hon'ble High Court, Calcutta, and the Company was managed by a Board of Directors subject to supervision and control of the said Special Officer.

On 11th July 1949, a scheme of arrangement under section 153 of the Indian Company's Act was passed by the Hon'ble High Court, Calcutta, and in December 1949, a new Board of Directors under the provisions of the scheme was elected and since then it has been managing the affairs of the Company.

On 14th September 1949, an agreement was entered into between the Company and Mahaluxmi Cotton Mills Workers' Union. The agreement comprised 15 items. It provided amongst others for increment in the basic wages and dearness allowance of all workmen and for payment of Puja bonus equivalent to two months' basic wages in the manner indicated therein (*vide* Ext. 14)

Subsequently, a dispute arose between the Company and the workmen out of non-payment of Puja bonus fully according to the aforesaid agreement. There was a strike over it by the workmen. The dispute was ultimately referred to Shri G. Palit for adjudication. He made his award on 19th July 1951. There was an appeal against the said award. The Hon'ble Labour Appellate Tribunal on the basis of the agreement, etc., declared that Puja bonus was a condition of service of the workmen and accordingly directed payment of two months' basic wages (*vide* 1952 L.A.C, page 375).

Against the said decision the Company moved the High Court. The Hon'ble High Court set aside the decision of the Labour Appellate Tribunal regarding the quantum of bonus and remanded the matter to it for the determination of the quantum of bonus. The matter is since pending decision before the Hon'ble Labour Appellate Tribunal. Thus in addition to the basic wages and dearness allowance which the Company has been paying, the Company has been found to be under obligation to pay Puja bonus as a condition of service.

The Company claims that what it has been paying in the shape of basic wages and dearness allowance is the highest amongst textile concerns in West Bengal.

It is said that the textile industry has been passing through crisis and the Company is one of the mills which have been hard hit. It has no working capital of its own since September 1948. It works on borrowed capital for which interest of Rs. 12,000 per month approximately is to be paid.

As a result of the continued depression in the business, there has been a heavy fall in the prices of cotton stock in hand as held by the Company under the quota allotted by the Government and the Company has suffered huge loss on that account.

Then Government controlled Provident Fund Scheme has been brought into operation since November 1952. As a result there has been increase in Company's contribution (*vide* Ext. 9). Then the State Insurance Scheme has also been made operative since January 1952, imposing additional burden on the Company (*vide* Ext. 12). In December 1952, the Government issued a notification restricting the production of dhotis and the said notification has been enforced from January 1953. Since the Company's mill was manufacturing dhotis mostly, it has been incurring additional loss in having to give effect to the Government circular (*vide* Exts. 10 and 11).

The Company could not pay its unsecured creditors according to the scheme of arrangement under section 153 as sanctioned by the Hon'ble Court; they could be paid only two instalments.

In the circumstances as the Management found that the re-organisation of the mill by reducing number of the workmen to its minimum requirement and revision of their wages and other emoluments by reducing the same in order to run the industry on economic basis was absolutely essential, it thought it advisable to discuss the matter with the Union and accordingly wrote a letter to the Union on 12th January 1953 inviting the Union representative for discussion of the matter to find out ways and means to save the industry (Annexure B to the Company's written statement). The Union representatives did not respond to the Company's invitation.

As the Directors of the Company did not want to shoulder responsibility of incurring additional losses they decided at a meeting held on 30th January 1953 to close down the C shift with a view to try if the liability could be partially set off and the mill as a whole not paralysed. The workers were notified on 31st January 1953 of the Company's intention to close down C shift with effect from 16th February 1953.

Upon such notice the Union wrote to the Management on 4th February 1953 challenging its action as *mala fide*. The Company then by a letter, dated 12th February 1953, placed all matters before the Assistant Labour Commissioner (Annexure C to its written statement.) In it, it made an alternative suggestion provisionally to keep the closure of C shift in abeyance, if the mill employees agreed to a cut of 10 per cent. of their total earnings in the interest of the survival of the mill.

In the circumstances, the Company said that it had got two alternatives, either to run the mill on economic basis limiting its expenditure to its barest minimum as far as possible or to close down or to put it into liquidation. The Management in the mutual interest of the Company as well as of its workmen asked the Union representatives to accept the wages as fixed by the Cotton Textile Tribunal's award, being the wages which were being followed by all cotton industries in West Bengal and to agree to the discontinuance of C shift due to enforcement of dhoti restriction order by the Central Government and also technical and economic grounds. As the con-

ciliation did not succeed, the matter has been referred to the Tribunal for adjudication.

Behind this background the Company during trial prays for reduction of the existing wages and dearness allowance to those in conformity with the award plus the additional benefits which the workmen were in enjoyment since the award and before the agreement, dated 14th September 1949. In other words the Company wants to revert to the position as to wages and dearness allowance as existed prior to the agreement, dated 14th September 1949.

The two Unions representing the workmen—Mahaluxmi Cotton Mill Workers' Union (hereinafter called "Workers' Union") and Mahaluxmi Cotton Mill Mazdoors' Union (hereinafter called "Mazdoor Union") resisted the claim by separate written statements though virtually on the same grounds.

The Company contends that the agreement, dated 14th September 1949, was obtained by coercion and is not therefore binding and of any effect. The Company further alleges that all the Mills have been paying salary and dearness allowance according to those in the award and the workmen of this Company have no special circumstances in their favour to get higher pay and dearness allowance than those in the award. Besides it is said that the Company's financial position has since become very precarious. It is said that from about the time of the agreement, dated 14th September 1949, there has been serious deterioration in the financial position of the Company which makes it impossible on the part of the Company to bear the additional burden imposed under the agreement. The Company further says that though the basic wages and dearness allowance which they were paying prior to the agreement were higher and for which there is no justification, still the Company is agreeable for industrial peace to pay those wages and dearness allowance which they were paying immediately before the agreement, though according to the decision of the Hon'ble Labour Appellate Tribunal and the High Court, they shall have to pay Puja bonus in addition.

The Company points out that the award of the Cotton Textile Tribunal recognised that the Company was an uneconomic unit. My attention has also been drawn to the observations in the award at page 162, paragraph beginning with the sentence "A question arises as to whether a workman can be paid beyond his producing capacity..." and ending with the sentence "... The minimum occupational wage has a close connection with the industry itself".

It has also been pointed out that after the award Government set up an Expert Committee on Cotton Textile Industry of West Bengal by the resolution, dated 23rd September 1949. The Committee so appointed submitted its report on the 8th June 1951. At page 2 of the said report it was recognised that the Cotton Textile Industry in this State was passing through a crisis. The Committee accordingly refrained from suggesting any scheme as contemplated by the Government resolution and recommended that the scheme laid down in the award might continue at least for some time more. It was observed that the Cotton Textile Industry in West Bengal must be kept alive and that millions must be clad and unemployment problem must not be allowed to worsen.

The two Unions on the other hand contend that there was no coercion by the workmen in the matter of the agreement, dated 14th September 1949 and that the agreement is binding on the parties and still holds good as it has not been terminated under section 19(2) of the Industrial Disputes Act. It is further said that what is being paid as wages and dearness allowance after the agreement, dated 14th September 1949, is not adequate or fair and that the goal which has been fixed to be fair wages in the case

of Associated Cement Companies reported in 1953 L. A. C., page 683, has yet to be reached and as such there cannot be any going back upon the existing wages and dearness allowance. Further it is said that unlike Jute Mills and Engineering concerns there has been only one major adjudication regarding Cotton Mills and as a result the wages and dearness allowance fixed by the award regarding Cotton Mills have remained stationary and are far below than those obtaining in the Jute Mills and Engineering concerns. In the circumstances the Unions contend that the existing rates should not be disturbed. Then it is said that notwithstanding increment in the wages and dearness allowance, under the agreement, there was no reduction in the gross profit and thus no case has been made out for reduction in the wages and dearness allowance. The fact that profits were earned in the financial years ending 30th June 1951 and 1952, respectively, would show that the increment under the agreement, dated 14th September 1949, did not adversely affect the trading position of the Company. The workmen had already as a gesture of goodwill advanced whole of their contributions in the Provident Fund to the Company to meet the extraordinary situation. They therefore say that they should not be asked to bear the entire burden by curtailment of their wages and dearness allowance to pay the creditors according to the scheme under section 153 of the Indian Companies Act.

There is no dispute between the parties that the wages which the Company was paying to the workmen at the time of the award and before the agreement, dated 14th September 1949, were higher than those in the award. These wages are to be found in statements, Ext. 16 and Ext. 16(a). As regards dearness allowance, there is also no dispute between the parties that what is paid by the Company under the three heads, such as dearness allowance, ration allowance and attendance bonus taken together constitutes the dearness allowance. There is also no dispute between the parties that the sum total of payments under these three heads constituting the dearness allowance was in most cases higher than that fixed as dearness allowance in the award, and that the sum total was lesser only in few cases. It is agreed by both sides that after the award in 1948, the Company granted a flat increment in the attendance bonus in all cases by two annas per head per working day and as a result the sum total paid under these three heads constituting the dearness allowance in all the cases became higher than that in the award. The amounts of dearness allowance as used to be paid after the award and before the agreement, dated 14th September 1949, are to be found in the statements, Exts. 16 and 16(a). Thus basic wages as also dearness allowance which the Company were paying after the award and before the agreement, dated 14th September 1949, were according to both sides higher than those in the award. The total emoluments which the employees were drawing were consequently higher than those allowed under the award. The increase in the amount of dearness allowance by the flat increment in attendance bonus after the award, was to the tune of Rs. 2,752-12-0 pies per month (*vide* Ext. 16).

After this there was further increment both in basic wages and dearness allowance by the agreement, dated 14th September 1949, Ext. 14. The total increment was to the extent of Rs. 4,523-6-7½ pies per month, Ext. 16(a). The excess payment by the Company in terms of the Textile award was however to the tune of Rs. 7,815-15-9 pies per month (*vide* Ext. 14.) If the Company's prayer for reverting to the position before the agreement, dated 14th September 1949, is allowed there would be a saving of Rs. 4,523 and odd per month. Besides, the agreement, dated 14th September 1949, also stipulated for Puja bonus to the extent of two months' basic wages in addition to the increment in wages and dearness allowance. Thus the agreement undoubtedly imposed heavy additional burden on the Company.

The agreement which the Company in a way seeks to nullify took place on 14th September 1949 when the industry was undisputedly passing through a crisis. The award regarding Cotton Mills according to the Government order was to remain operative for a period of one year from 1st August 1948. The award therefore lapsed on the 31st July 1949. After it so lapsed the agreement came into being on 14th September 1949.

Shortly before this the Calcutta Commercial Bank closed in September 1948. With such closure all the liquid assets of the Company amounting to Rs. 7,44,703-11-11 pies became blocked leaving the Company without any capital. The Mills were also mortgaged for Rs. 10 lakhs. The Company has therefore to pay heavy interest for the mortgage as also for the borrowed capital consequent on the Bank's closure.

Thus placed the Company applied under section 153 of the Companies Act to the Hon'ble High Court on 23rd November 1948. The scheme was sanctioned by the Hon'ble High Court on 11th July 1949, that is, two months before the agreement. As per terms of the High Court scheme, arrears of income-tax kept unpaid by the then Managing Agents had to be paid. Besides, the company was to pay the unsecured creditors their principal and interest in full out of the profit and so long their claims were not paid in full it was directed that no dividend should be paid to the share-holders.

The Company was thus apparently passing through a crisis before the agreement. In this state when the Company was carrying on on borrowed capital with high rates of interest, it appears that a notice was served on 25th August 1949 on the Company by the workmen threatening strike from 15th September 1949. Then the agreement in question took place on 14th September 1949. The Hon'ble Appellate Tribunal held when the matter as to Puja bonus went on appeal that the immediate motive on the part of the Company to come to an agreement was termination of the threatened strike by conceding the demands made by the Union (*vide* 1952 L. A. C. 370 at page 376).

The agreement in question among others provided for further increase in basic wages and dearness allowance and also for Puja bonus. As a result of this agreement, the rates of basis wages and dearness allowance as existing at present came into operation. These rates are undisputedly the highest amongst the textile concerns of this State. Exhibit 3 is a statement which shows that the average expenditure on account of wages, etc., per loom in this Company was higher than that incurred in other Textile concerns from 1950 to 1953.

The question of coercion in the matter of agreement raised by the Company is not very material here. Whether the agreement was obtained by coercion or not, it will suffice to state here that an agreement like the present one is not absolutely sacrosanct in an Industrial Tribunal and this can be modified or varied if exigencies of situation so require.

It has been held in the case of Bank Line (India), Ltd., and their workmen reported in 1954 L.A.C. 330 at page 343, "An agreement or settlement arrived at a conciliation proceedings is absolutely binding on the parties thereto (section 18 of the Industrial Disputes Act). But other agreements between employer and workmen in relation to wages and other conditions of service are not absolutely sacrosanct in an Industrial Tribunal. An Industrial Tribunal can refuse to give effect to them or modify them at the instance of either party when adjudicating upon a reference."

In the present case when the agreement was not arrived at in a conciliation proceeding, it is obvious that it is not absolutely sacrosanct. So the contention of the Unions that the Tribunal cannot go behind the agreement

in question cannot be sustained. Section 19(2) of the Industrial Disputes Act has no application to agreements other than those arrived at in conciliation proceedings. So the agreement in question is no bar to Company's claim for reverting to the rates of wages and dearness allowance paid prior to its execution.

It further appears that since the agreement in question, financial position of the Company has deteriorated and that additional obligatory burdens have been imposed on the Company which under the law it has got to discharge. The balance-sheet for the year ending 30th June 1950, Ext. 15(a), following the agreement in question, shows a loss of Rs. 50,290 and odd. So the Company could not pay the unsecured creditors according to the scheme under section 153 as there was no profit. In the financial years ending 30th June 1951 and 1952, respectively, there was of course profit which enabled the Company to pay the unsecured creditors interest in two instalments according to the scheme but huge amounts remained yet to be cleared.

The next financial year ending 30th June 1953, it appears, was very bad year for the Company. There was a great drop in the gross profit primarily due to stiff decline in the selling price of cloth following an acute slump in the cloth market since October 1952. In this state additional burdens came to be imposed on the Company. The Government-sponsored Provident Fund Scheme was introduced during the period and became operative with effect from November 1952. Under the scheme the Company, which had so long to contribute 6¼ per cent. of the basic pay of the employees, has now to pay contribution not only on basic pay but also on allowances. The net effect has been an increase of about Rs. 12,373-7-3 pies on the annual Provident Fund contributions to the employees [*vide* Ext. 15(d) read with Ext. 9].

Besides, Government introduced Employees' State Insurance Scheme in January 1952. It appears that as a result the Company has been burdened annually with a sum of Rs. 6,000 approximately though the Company has to maintain its medical expenses intact (*vide* Ext. 12).

Then came the *dhoti* control order by the Government. It came into operation from December 1952. Under it the Company was allowed to manufacture only 60 per cent. of dhoti manufactured during April 1952—March 1953. As a result of this restriction, it appears that the Company could manufacture only approximately 30 per cent. dhoti out of total production as against 80 per cent. which was normal dhoti production in the Company before. This also put the Company at a disadvantage (*vide* Exts. 10 and 11).

The balance-sheet of the year ending 30th June 1953, Ext. 15(d), discloses that the Company had still then to clear according to scheme under section 153 of the Indian Companies Act, liability comprising principal sum of Rs. 12,00,735-11-8 pies and interest of Rs. 1,47,904-0-6 pies. The balance-sheet also shows that the Company incurred a loss of R. 2,21,162-10-8 pies.

Then just as capacity to pay on the part of the employer is an important factor in determination of the amount of dearness allowance so also in the matter of assessing the basic wages above the minimum. Though a Company has no right to exist if it cannot pay the minimum wages to its workers, still it cannot be said fairly that the Company cannot legitimately seek for reduction of the existing wages to a level higher than the minimum when it is faced with extraordinary circumstances beyond its control.

Considering all these, I think that situated as it is, the Company can legitimately claim to revert to wages and dearness allowance as prevalent

prior to the agreement dated 14th September 1949. If the present state continues and the Company cannot earn profit and pay out of it, the dues of the unsecured creditors according to the scheme under section 153 as sanctioned by the Hon'ble Court, the inevitable result would be that the Company would be put into liquidation throwing the workmen into unemployment. I think this is a situation which must be avoided by all means. At the same time although the agreement in question is no bar to the Company's reverting to the position as to wages and dearness allowance prior to the agreement, I agree that the existing wages and dearness allowance as per agreement should not be scrapped altogether. Scrutiny of the balance-sheets since the agreement does not show that the increment in wages and dearness allowance as per agreement, dated 14th September 1949, had any adverse effect on the trading account. Then the existing wages and dearness allowance as per agreement may be above the minimum but are neither adequate nor fair. So, going back upon it permanently would be a retrograde step. As the agreement has been acted upon and as this had not adversely affected the trading position of the Company and as the goal to reach the fair wages is yet to be achieved, I think, the existing wages and dearness allowance should not be scrapped altogether. On the other hand I agree that without immediate relief in the way of reduction of wages and dearness allowance by reverting to the position prior to the agreement, the Company would not be in a position to pay the unsecured creditors according to the scheme under section 153 which would result in its winding up. So I think that reduction should be allowed purely as a temporary measure to ward off the crisis and should not last beyond three years. In my opinion this would be the best course under which the Company may survive without causing least inconvenience to the workmen. The workmen should not grudge it and would not certainly like to kill the goose which lays golden eggs.

So in the paramount interest of the industry as also of the employer and the employees, I direct that the Company should be allowed to pay basic wages and dearness allowance according to the rates as were prevalent prior to the agreement, dated 14th September 1949, as a temporary measure for a period of three years commencing from the salary bill of the month of November 1954. As during the Durga Puja workmen require all resources to be pulled to meet extra expenditure in this connection, I postpone operation of my award under these issues to salary bill of November 1954 as aforesaid. If, however, for any reason the Company winds up earlier either voluntarily or otherwise, my direction regarding reduction in the wages and dearness allowance will stand cancelled and in place the existing wages and dearness allowance payable to the workmen will forthwith revive and the workmen will be entitled to the same. After the period of three years the existing wages and dearness allowance will stand revived. I answer issues 1 and 2 accordingly.

Issue No. 3.

It is admitted on all hands that attendance bonus is a part of dearness allowance and this along with two other heads, such as dearness allowance and ration allowance constitutes the dearness allowance of this Company. In the circumstances if there is direction for abolition of attendance bonus, it would prejudicially affect the quantum of dearness allowance which the workmen are receiving. In the circumstances I do not think, I should make any separate direction under this issue.

Issue No. 4.

The Company wants to clouse down C shift for the purpose of economy and *bona fide* trade reasons following Government's order restricting *dhoti* production from December 1952. The Unions opposed the claim. It is contended by the Unions that it is not an industrial dispute and cannot therefore form a subject of adjudication. I am unable to uphold the contention. Industrial dispute has been defined as to mean any dispute or difference between employers and employers or between employers and workmen or between workmen and workmen which is connected with the employment or unemployment or the terms of employment or with the conditions of labour, of any person. In the present case, by the proposed closure there would be unemployment of some of the workmen. It is, therefore, obvious that the dispute raised by the Company in this respect is connected with the employment or unemployment of the workmen. I, therefore, hold that the Tribunal is competent to adjudicate in the matter. It appears that the *dhotis* constituted 80 per cent. of the production of this Mill before the Government order restricting production of *dhotis* was passed. Under the said Government order which is effective from December 1952, the Company was permitted to manufacture only 60 per cent. of *dhotis* manufactured during April 1952—March 1953. As a result of this restriction the Company had to cut down its *dhoti* production, which, I am told, has gone down to 30 per cent. as against 80 per cent. of the production previously. Thus a *prima facie* case for discontinuing the C shift has been made out. The Unions could show nothing that such proposal of the Company was actuated by *mala fides*. The Mill has been running at a loss and its financial condition is precarious. Dhoti control order diminished necessity for employing full complement. These facts by themselves go to show that the proposed closure is *bona fide*. In the circumstances, I find nothing wrong in the proposal of the Company to discontinue the C shift. The Company is accordingly granted permission to discontinue the C shift.

As regards retrenchment of the workmen, it is for the Management to fix the number and choose its personal and not for the Tribunal to do so. these are Management's functions and initiation must therefore be left with it. Business must be run by persons vitally interested in the conduct of the business. Managment's right to retrench is undisputable and the Tribuna can intervene only if in exercise of such right, it has not acted *bona fide* With these observations, I leave the matter here.

Now, therefore, in terms as aforesaid I make my awards in respect of all the issues.

For the Company: Shri Pushpita Ranjan Mookherjee, M.A., L.L.B.

For the Union: Shri Patit Paban Pathak.

By order No. 591Dis./D/10L-30/53, dated the 23rd February 1953 and No. 4390Dis./D/10L-30/53, dated the 19th November 1953, the above-mentioned dispute was referred to me by the Government of West Bengal, Labour Department, for adjudication regarding the matters specified in the schedule to the said Order of Reference.

Schedule.

1. Whether the closure of the factory with effect from 14th October 1952 is justified?

2. What relief the employees are entitled to as a result of this closure.

AWARD.

Issue No. 1.

There are about 181 workmen in this factory. It is admitted that during the war this factory made immense profit and money. Government patronised this Company. The contention of the Company now is that this patronising by the Government has been the cause of the collapse of the Company. The Company undertook to supply Ballot Boxes as per order of India Government,

Orissa Government, Madras Government and West Bengal Government. The quantity of the orders received was too much and far in excess of what the Company could execute within the specified time, knowing fully well that time was made essence of the contract. As a result the Company had to cancel orders worth of Rs. 2,50,000 but this did not effectively salvage to the Company. Exhibit A shows that the Company undertook to supply the Government of Madras with about 212,000 steel Ballot Boxes by the 10th of November 1951 and by the end of December of that year at the latest. But up to the end of November 1951, this firm was able to despatch only 26,000 boxes. So the Madras Government cancelled the rest of the order and claimed damages against this firm to the extent of Rs. 75,000. Exhibit B shows that the Orissa Government was supplied only 30,083 boxes and the remaining quantity, viz., 61,461 boxes had to be procured by the said Government from Messrs. Godrej & Co. The Orissa Government forfeited the price of 6,000 Ballot Boxes worth Rs. 26,250 and also claimed compensation to the extent of Rs. 38,413-2 and other incidental charges amounting to Rs. 1,920 and Rs. 1,025 and extra railway freight which the Orissa Government had to incur for having the Ballot Boxes from the Godrej & Co., amounting to Rs. 24,532. Exhibit C shows that the Government of India claimed compensation representing the extra expenditure incurred to the extent of Rs. 89,375. So instead of making profit and bargaining the firm became involved in overwhelming loss. Exhibit C is dated 15th November 1951, Exhibit A is dated 19th June 1952, and Ext. B is dated 7th April 1952.

On the 13th October 1952, the Company issued a notice to the effect that the factory would remain closed from the 14th October 1952 up to the 21st October 1952, on account of temporary financial difficulties and that the above step was decided upon in consultation with the Head Mistries. On the 20th October 1952, however there was a conference between the Company's officers and some representatives on behalf of workmen present in the said meeting. It was resolved that the suspension of work would continue for an indefinite period of time unless the financial situation will have improved. On the 7th November, however the Company decided to resume working of the Factory and accordingly asked the employees to turn up, but it was only a pious wish because we find that on the 26th November 1952, the Company again issued notice to the effect that the financial condition has again deteriorated, and therefore the Factory was closed down *sine die*.

On behalf of the employees it is contended that this closure was unjustified and that it was intentionally done in order to put pressure upon the employees who were going to hold a meeting on the 12th October 1952, for the purpose of forming a Union and that the Company immediately declared "lock-out" on the afternoon of the 13th October 1952. It is contended that the closure is a devise for nullifying the attempts of the employee to form Union and as a matter of that to purge the employees who are Union minded. The Union referred to Annexures D_4 and D_5 and argued that 12 employees who were leaders were spotted out by the Company and placed under suspension and this shows the attitude of the Company and its motive behind the apparent closure.

On 7th June 1954, the Company put in a slip of paper as a response to the Tribunal's suggestion to the Company to file a statement of the financial position of the Company. This statement is alleged to represent the affairs of the Company as on date 1st June 1954. The statement is so scrappy (marked X for identification) that nothing can be made out from this document. There is no evidence as to what the position of the claims of the several State Governments was on 1st June 1954, but this much can be gathered from the circumstances placed before the Tribunal that the

Company was in extreme financial difficulty and therefore it could not work and the result was that the several Governments made huge claim for compensation against this Company and at the same time a large amount of money was practically frozen in the said transaction regarding supply of Ballot Boxes. There is no evidence that the employees were guilty of go-slow tactics at the time. The Company accepted orders far in excess of its resources and capability. Of course the step taken by the Company against this awkward situation in which it was put was almost simultaneous with the employees meeting for forming a Union. There is no evidence as to the date when the said 12 employees were put under suspension, or whether it was before or after the said meeting of the employees. In these circumstances my conclusion is that the suspension originally for one week followed by closure *sine die* was the result of extreme financial and economic difficulty and not of any unfair labour practice. I find that before the above step was taken by the Company several representatives of the employees were called to conferences and the facts and figures were also discussed in the said meetings. A lawyer representing the Union was also present in the said conferences. It has been argued on behalf of the Union that the lawyer unaided by an expert could not understand anything from the papers which the Company produced in the said conferences. There is no evidence that the said lawyer failed to understand as is attributed to him by the Union representative in this Tribunal. So my conclusion is that the closure of the factory with effect from 14th October 1952, was justified. It has been held in Associated Rubber and Plastic Works and their workmen, 1954, 1 L.L.J., page 182:

> that "an employer has the right to close the business, and that where the Management intimated the closure of the Factory and also terminated the services of the workmen there cannot be any question of lock-out. As the Management has the right to close down the business there can be no question of reinstatement and the question of compensation would arise only when the closure is proved to be *mala fide*".

An apparent closure is to be held a lock-out:

> "if an employer shuts down his place of business as a means of reprisal or as an instrument of coercion, or as a mode of exerting pressure on the employees, or, generally speaking, when his act is what may be called and act of belligerency, there would be a lock-out. If on the other hand, he shuts down his work because he is unable to sell the goods he had made or because his credit is exhausted or because he is losing money, that would not be a lock-out. In order to avoid a shut down, being called a lock-out, it is not necessary that the shut down should be permanent".

(Reported in Shri Ramchandra Spinning Mill, Pandalapaka *versus* State of Madras and another, 1953, 1 L.L.J., page 216.)

It has been held by the Appellate Tribunal in the case of British India Steam Navigation Company, Ltd., *versus* S. Salvedore and 45 others, 1954, 1 L.L.J., page 769:

> "it is absolute right of the owner of a business or undertaking to close it provided the act of the owner in closing the business or his undertaking is *bona fide*"

In the present case there is a closure of the entire business and not of a particular department of the business. The Appellate Tribunal also held in Anil Textile Mills, Ltd. *versus* Mill Mazdoor Sabha, 1954, 1 L.L.J., page 497:

> "under the Constitution a citizen has the right to carry on any business and he is at liberty not to carry on that business if he so chooses, and a person could not be compelled to carry on a business any more than he can be compelled to acquire property".

Issue No. 2.

> "If the employer does not want to discontinue the business but only to close down the place of business temporarily, then the Industrial Tribunal could go into the question whether such closure was *bona fide* and for proper reasons or whether it was with the object of victimizing the workmen and coercing them to accept his own terms".

(Reported in Jaya Bharat Tiles Works, Samalkot *versus* State of Madras, 1954, 1 L.L.J., page 286, decided by High Court of Madras.)

There is no suggestion that the suspension has ceased or that the Factory is now working. There is no evidence whether the Company has been compelled or not to pay the penalty as claimed by the State Governments. In these circumstances it is not possible to decide whether the sickness of the Company is over or not, although it is a fact as I have already concluded that the Factory became sick in October 1952, and that it was unable to pay its way because of the extreme financial crisis. In some cases it has been held that as to whether compensation for loss of employment for no fault on the part of the employees is payable, the principles followed in the case of retrenchment, should be drawn upon and the Tribunal will have to consider the length of service and the capacity of the employer to pay. Where the cause of closure is not *bona fide* the employer is liable to pay compensation for loss of employment even if the employer pleads financial inability. The present case is not one of that kind. Here I find that the firm became sick in October 1952 when it closed down its business for an indefinite period of time and the closure is still going on, at the same time I find that there is no evidence as to how far the firm has recovered and whether it is now able or not to pay its way. On the other hand I find that many of the employees have put in more than 2 or 3 years of service and almost all of them have put in more than one year of service. Some have rendered more than 5 years of service, and at least three persons put in more than 10 years of service. The Company's representative put the approximate figure of probable gratuity money if such is payable at Rs. 13,252. The question is whether the Company is in a position or not to pay the same to the employees as compensation for loss of employment for no fault on the part of the employees. There is no evidence as to whether the firm has received payment of the amounts which were admitted by the State Governments to be due to the firm (on account of the Ballot Boxes supply transaction), after the deduction claimed by the Governments have been effected. In these circumstances I am of opinion that the Company cannot be directed to pay any compensation to the workmen and that their claim for such compensation should be made a subject-matter of a fresh reference if and when the occasion arises. For the present I direct that the discharged employees are to be re-employed by the firm or its assignee

or successor-in-interest in case any question of employment of workmen arises in future.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 2990Dis./D/10L-89/53, dated the 10th August 1953, referred an industrial dispute existing between Messrs. Bengal Iron and Brass Foundry & Co., 7, Daspara Road, Ultadanga and their workmen represented by Engineering Mazdoor Panchayat, 59/B, Kankurgachi Road, Calcutta-11, regarding the

matters specified in the schedule to the Order of Reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947) to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 17th August 1953 and usual notices were issued to both parties who, in due course, appeared and filed written statements.

The Mazdoor Panchayat, in its written statement, in the connected case (*Reference*: Order No. 2989Dis./D/10L-18/53, dated 10th August 1953) adopted in this case—as its written statement—stated that the Company was a private concern of Shri Lalit Mohan Kundu and manufactures various machinery parts and tools. The wages structure of the workmen was very low and the workmen formed a Union and notified the same to the Management in the second week of October 1952. The Company tried its best to break the Union by forcing the workers to sign a blank paper. Having failed in its attempt to do so, it declared a lock-out on 17th October 1952. The matter of dispute was however resolved on the intervention of Miss R. Dutta, Conciliation Officer. The factory re-opened in terms of settlement with all the old workers except five important members of the Union. On 29th December 1952, the Union placed the Charter of Demands and the Company all on a sudden without assigning any reason declared a lock-out on 23rd April 1953 and discharged all the old workmen of the factory. Hence this case.

The Company in reply denied the allegations of the Mazdoor Panchayat and stated among others that it was a very small concern and a losing one since its inception. It denied having even been unreasonable or unsympathetic towards the Union. As to the alleged lock-out on 23rd April 1953, it stated that an employee named Nemai Bag was summarily dismissed the previous day for causing wilful damage to the properties of the Company and for insolence and impertinence. It was a casting day and at about 1 p.m., when the work of casting was in progress, some of the workers suddenly stopped work. The result was a colossal waste of materials which were made ready for casting. On the 23rd next, the Company dismissed persons responsible for this loss and proceeded with the work with the remaining staff. It denied that there was any lock-out on that day. The Company carried on work with the remaining staff till 3rd October 1953, when it closed down its business for dearth of work.

The issues as per schedule to the Order of Reference are—

(1) Whether the lock-out of the factory is justified?

(2) To what relief are the workers entitled?

FINDINGS.

Issues Nos. 1 and 2.

They relate to stoppage of work on 23rd April 1953. But the Mazdoor Panchayat in paragraph 19 of its written statement stated that the Company all on a sudden declared a lock-out and discharged all the old workers of the factory. The Company denies this case and alleged that it did not lock-out the factory on that day but in fact four or five workers attended their work on that day.

Question now is whether it was a case of lock-out. Issue No. 1 as framed in the Order of Reference supposes that it was a case of lock-out. Lock-out has been taken as established in the case. Ordinarily, it is not permissible

for this Tribunal to go behind the Order of Reference in order to ascertain whether a different state of things existed or not. In that way, the question whether the stoppage of work was really a lock-out or not does not arise.

But since both parties have adduced evidence on this point, one alleging the lock-out and the other denying it, it is desirable in the interest of industrial peace, to see whether in fact it was a lock-out or not. Shri Gobardhan Maity, Head Moulder, deposed in this case on behalf of the Mazdoor Panchyat and Shri Lalit Mohan Kundu has examined himself on his own behalf and on behalf of the Company. The Company has filed its Attendance Register of the relevant dates and some other documents also relevant to the matter of dispute. Curiously enough, the Mazdoor Panchayat has not said a single word in its written statement explaining the circumstances that led to the alleged stoppage of word on 23rd April 1953. Shri Gobardhan Maity is one of the 13 workers who were discharged from service by notice (Ext. C) on 22nd April 1953 and nothing untoward happened on that day. In fact, they did not know anything about the discharge of Nemai Bag, one of the Union officials, on that day. Nemai came to work the next morning and was stopped at the gate. The other workers entered the workshop, waited at the gate and were finally turned out by the police. It was at that time that they came to know that the factory was locked out. No one was permitted to do any work. He believed that this action was taken by the Company for their Union activities. In cross-examination, he admitted that 22nd April 1953 was a casting day but there was no casting on that day. He admitted at the same time that the furnace was lighted, that is to say, there was every preparation for doing the casting on a casting day. He has not said a word why the casting was not done. Nemai, according to this witness, came with him to the Tribunal. Shri Lalit Mohan Kundu has given another version of the incident that took place on 22nd April 1953 and 23rd April 1953. He said that the workers attended as usual in the morning of 22nd April 1953 and worked up to 12 o'clock. About 3 or 3½ tons of iron and 1½ tons of hard coke were put into the furnace which was heated. Then at about 1 o'clock, the workers declined to do the casting on the plea that Nemai Bag was wrongfully discharged. Nemai was absent from duty and was dismissed on that ground in the afternoon of 21st April 1953. Thirteen or 14 workers out of a total 20 or 21 struck work over that issue. This at once put the Company to a loss of Rs. 800 and it was only with the help of other menials, durwans and sarkars, that he could put out the heat and save the furnace. He at once informed the Labour Commissioner about the incident. Shri Gobardhan Maity admitted that Nemai was absent for three days before 22nd April 1953. He corroborated the fact of absence of Nemai as deposed by Shri Lalit Mohan Kundu. Shri Kundu further said that 13 or 14 employees who struck work on the previous day did not attend on the 23rd April. After waiting for some time, he discharged those workers at 9 in the morning and admitted 4 or 5 other workers who came for work. Police was called at about midday when the discharged workers came in a body and rushed into the workshop and created disturbances within it. The police pursuaded the workers to leave the factory. Thereafter, the work was stopped from 24th to 3rd May. The work was completely suspended till that period. Then from the 4th May till 3rd October, the work continued but not as before. The work was completely stopped for dearth of work. Shri Kundu has in the connected case also filed a signed statement to the fact that the business had to be closed down purely on financial grounds resulting from dearth of work. The partnership business was also dissolved. Accordingly to the Panchayat, there was no work since 23rd April 1953. This is partly correct as would be borne out by the evidence of Shri Kundu, corroborated by the Attendance

Register (Ext. D). Exhibit D shows that there was no complete stoppage of work on 23rd April 1953. In fact, some attended and were paid half day's work, although due to disturbances created by the discharged workers, the remaining workers could not do any work. In these state of things, the Tribunal is more inclined to accept the Company's story in this case and finds that there was no lock-out as alleged by the other side. Lock-out is defined in section 2(1) of the Industrial Disputes Act. It received authoritative interpretation from the Hon'ble Labour Appellate Tribunal in the Presidency Jute Mills Company Limited *versus* Presidency Jute Mills Employees' Union, 1952, L.A.C., page 62 and in Colliery Mazdur Congress, reported in 1952, L.A.C., page 219 at page 223. "If there is refusal of work connected with some dispute between the employer and his workmen in that case a lock-out takes place." The evidence in this case does not establish that the Company refused work to the employees in connection with the dispute between it and its workmen. It is true that some workmen were discharged and some workmen attended. That does not amount to lock-out. Assuming for argument's sake, though not conceding, that it was a lock-out, the further question is whether it is justified. This takes us to the consideration of the same evidence which need not be repeated. The sudden strike of some of the workers on the casting day put the Company to a loss of several hundred rupees. Not only that, there was the danger of damaging the furnace as well. The Management viewed the situation with grave concern and dismissed those workers who were responsible for the strike and the consequent loss to the Company. It is not for the Tribunal to go into the propriety of the question whether such dismissal was right or not. It is this dismissal that eventually led to the lock-out. On a consideration of the facts and circumstances of the case against the said background, the Tribunal finds that the action of the Company, in stopping the work, is fully justified. The Panchayat did not make any attempt either by examining Nemai Bag who was present during trial or by calling the police who admittedly came to this factory on the day of the occurrence to stop the disturbances to say that the story now told by the Company was untrue. The Tribunal, therefore, finds that the action of the Company is fully justified and accordingly the workers are not entitled to any relief in this case. The issues are decided accordingly. This is my award.

For the Union : None.

For the Company : Shri G. M. Chakravarti, Manager.

While the aforesaid dispute referred to by Government order No. 1807Dis./D/15L-14/52, dated 4th July 1952, between the aforesaid Company and its workmen was pending, Hubraj Ahir filed the present application under section 33A alleging that he has been wrongly suspended from work from 27th October 1952 without permission of the Tribunal.

Notice of this application having been served on the Company, the latter appeared and filed a statement on 27th November 1952 and in which it contended that the application under section 33 is not maintainable as suspension was made by way of security measure, that on merits also the applicant is not entitled to any compensation or reinstatement.

The only point for decision is :

Whether the application is maintainable?

AWARD.

At the time of trial the applicant did not turn up and I, therefore, hold that he has no dispute with the employer. On merits also the applicant was suspended as a security measure and consequently, there is no contravention

of the provisions of section 33 of the Industrial Disputes Act and as such the application under section 33A is not maintainable.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3483Dis./D/11L-250/53, dated the 15th September 1953, referred an industrial dispute existing between Messrs. Rattanjee Jeewandas, 22, Amratolla Street, Calcutta, and their worker, Shri Prabhudayal Srivastava represented by Barrobazar Jamadar Sangha, 90, Lower Chitpur Road, Calcutta, regarding the matters specified in the schedule to the Order of Reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 19th September 1953 and usual notices were issued to the parties for appearance and written statements. Both parties filed their written statements in due course.

In the written statement filed on behalf of Shri Prabhudayal Srivastava by the Barrobazar Jamadar Sangha, it stated that Prabhudayal served Messrs. Rattanjee Jeewandas for more than 25 years and was discharged without any notice. No date is mentioned. The Sangha claimed his re-instatement with full compensation for the period of unemployment.

Messrs. Rattanjee Jeewandas, a firm dealing in spices, stated that Prabhudayal was not a workman and he was not employed in any industrial undertaking and therefore the reference was bad in law and should be rejected. Prabhudayal did not serve for over 25 years. He used to work off and on and not regularly. He worked till 1st December 1941 and then again on or about 18th March 1946. He was paid a fortnightly salary of Rs. 45 including dearness allowance. He was an old man habitually delinquent without any regard for discharge of his duties. He was reprimanded by the Manager on 23rd March 1953 for not delivering a telegram on the night of 21st March 1953. Thereupon, Prabhudayal left the premises relinquishing his job of his own accord. Therefore, he was not entitled to re-instatement or any compensation.

The only issue as per schedule to the Order of Reference is :

(1) Is the dismissal of Shri Prabhudayal Srivastava justified? To what relief he is entitled ?

FINDINGS.

Both parties have filed a joint petition compromising the dispute. Heard both sides. The terms are reasonable and accepted. It is accordingly awarded in terms of the petition of compromise marked Annexure 'A' which forms part of this award.

Schedule.

(1) Should there be increments for the year 1953 ?

AWARD.

The workmen make out the case that the Company was started in 1925 in a low beginning when the workmen would get remuneration of Rs. 8 to Rs. 10 per month and that in 1940, the Company was made a public limited concern and that its products have won good market and that the Company has paid not less than 20 lakhs of rupees as dividend to the share-holders while the paid capital was only Rs. 14 lakhs, and that in June 1950, the Company granted lavish increment of pay to the General Manager by Rs. 1,000 per month and to the Sales Manager and Factory Manager by Rs. 500 per month with effect from 1949 January, but the workmen are not being given any increment in their wages in spite of the agreement followed by an award of 1948 incorporating the said agreement. The workmen demanded increment of wages on the basis of the scale of pay in the said agreement and Award of the Tribunal, and the Tribunal gave an Award which was published in the *Calcutta Gazette* in November 1951. There was an appeal by the Company and the Award of the Tribunal was upheld. Thereafter the workmen again made a demand for increment of wages in the year 1951. The Company pleaded financial difficulty and the Union accepted the plea of the Company and gave up the demand for that year. The Company however granted increment in wages in the year 1952. The Company however contends that the trading profit of the Company in the year 1952 was nil and that in the years 1950, 1951, and 1952 the Company made little profit and therefore the present demand for further increment for the year 1953 is unjustified and that on the other hand, the circumstances of the Company call for reduction of the wages.

The Company all along contends that the Award of 1948 by which scale of wages with annual increment was framed on the basis of agreement between the Company and the Union (workmen) is no longer binding as under the law, it was in operation only for one year. The next contention is that the present circumstances of the Company and its future prospect do not warrant any more increment in the wages and that on the other hand, reduction of wages by way of revision would be the proper step.

It is not denied that late S. M. Bose was the founder of this business and that at present the members of the said Bose family are the executive and administrative heads of the private Limited Company. Shri J. M. Bose is the General Manager, Shri A. M. Bose is the Sales Manager, Shri B. P. Bose is the Factory Manager, Shri D. Bose is the Technical Advisor, Shri A. Bose is the Assistant Manager. They are the persons whose salaries have been increased by the Management by leaps and bounds so much so that the same has been the cause of great discontentment amongst the workmen who now demand the increment as outlined in the scale of wages in the Award and Agreement of 1948 should be given effect to so far as the year 1953 is concerned, particularly when the business fetched profit in that year. Under the law the Award of 1948 is no longer binding upon the parties. The question is whether the agreement upon which the said Award was based is still binding or not. It was an agreement effected not during the conciliation proceeding but after the reference was made by the Government to the Tribunal for adjudication. Section 19 of the Industrial Disputes Act does not speak anything about such an agreement. The Award of 1948 was the said agreement to which was added the command of the Tribunal. It was like a consent decree of a

Civil Court in which case the agreement remains challengable under the law of contract, although as a decree it is not challengable except on the ground of fraud. But collective agreement in the domain of Industrial Disputes should not be treated as an agreement binding for ever. So we find in section 19 of the Industrial Disputes Act, that there are provisions for putting an end to such agreement effected during conciliation proceeding or even to the Award passed by a Tribunal. I am of opinion that the same principles should be applicable in the case of an agreement effected during the pendency of the reference and forming the basis of the Award. In the previous adjudication proceeding before Shri G. Palit, the Management clearly intimated in the written statement, copy of which was given to the Union that the said Award or agreement of 1948 was no longer binding upon the Company. Enough time has elapsed since then It is therefore too late now to contend that the agreement of 1948 is still binding under the law. So in the instant case we have to consider whether the circumstances prevailing at present would favour the idea of increment in wages as envisaged in the scale of wages in the said agreement. One thing appears to be implied in every such agreement regarding wage scale involving annual increments, viz., that the agreement is subject to the proviso that the financial circumstances of the Company should be favourable otherwise it is absurd to expect that the Company should be obliged to allow increment in wages annually even though the financial position is awfully bad.

The Award of 1948 has spent its force and the agreement on which the said Award was based has also been put an end to long ago because the Management gave notice of its intention by Ext. E which is dated 3rd June 1953. At the same time we cannot be forgetful of the fact that it was an agreement arrived at *bona fide* and that the Company also took a long range view of the circumstances which were material for the purpose of coming to the conclusion regarding scale of wages and annual increments. If the Company can now show that the circumstances which followed the said agreement of 1948 and which are likely to come out in the near future are unfavourable, certainly the Tribunal should hesitate to place the burden of the annual increment upon the shoulder of the Company. In 1950 the Company raised similar contention and in 1951 also the said contentions were persisted in before the Hon'ble Labour Appellate Tribunal, although the Directors in the General Meeting held on the 1st September 1953, remarked in the balance-sheet report :

> "Since its very inception, this Company has been yielding very satisfactory results right up to 1951".

In 1952, the gross profit amounted to Rs. 41,554 and after appropriations the amount of profit carried over was shown as Rs. 4,472. For the year 1953 no certified balance-sheet has been produced but in the Chart Ext. I it is noted that the statement regarding the year 1953 also, was complied from the Company's balance-sheet, and an uncertified typed statement described as "Provisional balance-sheet as at 31st December 1953" was produced by the Company. The said document could not therefore be admitted in evidence. I am not impressed by the contention made by the Company that in the near future there is no good prospect of handsome profit simply because there has been recent competition in the market and as the price of the finished products have been reduced by the Company for the purpose of competition with the rival concerns. It has not been shown that there is no prospect of handsome profit in the near future. It seems that the amount of profit after appropriations in respect of the year 1953 has been shown at Rs. 79,670. It appears from the balance-sheet of 1952, the Company has invested more than 3 lakhs of rupees in Bank Deposits. Considering all these circumstances I am of opinion that the annual increment falling due in the year 1953 as per agreement forming the basis of the Award of

194[illegible] should be allowed by the Company to the workmen concerned and I award accordingly.

In the matter of an appeal against the award, dated 15th December 1953, and published in the "Calcutta Gazette", dated 7th January 1954, made by Shri M. N. Gan, Judge, 2nd Industrial Tribunal, West Bengal, in respect of an industrial dispute between the above parties.

SHRI L. K. JHA, *Member.*

Appearances :

For the Appellant : H. N. Ghorai (Secretary of the Union), B. Ash (Lawyer).

For the Respondent : Shri Mukherjee (Lawyer), Shri Krishna Ch. Auddy (Lawyer).

State : West Bengal.

Industry : Tin.

DECISION.

A reference relating to a dispute between National Tin Box Mfg. Co. and their workmen represented by the National Tin Workmen's Union was made by the West Bengal Government for adjudication by the Second Industrial Tribunal, West Bengal. This reference was made on the 6th July 1953. After the reference was received by the Tribunal, Shri H. N. Ghorai, Secretary of that Union, appeared for the workmen along with a lawyer Shri B. Ash. For the Company a practising lawyer Shri Mukherjee was engaged and he was assisted by Shri Krishna Chandra Auddy. On the 8th September 1953, an application purported to have been made by some of the workmen, was filed before the Tribunal in which it was stated that the workmen desired to be represented by Dr. S. K. Bose, who had no connection with that Union of which the workmen were members but was the President of another Union called the National Tin Box Mazdoor Union. This application was set down for hearing in the presence of all concerned. The Tribunal went into the matter and observed that it was a second attempt to bring in Dr. Bose and also observed thus :—

> "I do not know how far this desire is genuine. If they really desire any change they should approach the proper authorities for that. This Tribunal, in the fact and circumstances stated, is unable to help them in this matter, nor think it desirable to do so."

On the 4th December 1953 about three months later a joint petition of compromise was filed by the Company and the National Tin Workmen's Union, who were entitled to represent the workmen at that time. The petition was accepted after hearing and the passing of the award was reserved. On the next day the award was made in the following terms :—

> "I accordingly make an award in terms of the compromise filed in this case. The joint petition for compromise and the petition containing the terms of compromise do form part of the award, which are marked Annexures A and B, respectively. Thus the award was on consent of parties, the consent being given by persons who had till then the right to represent the workmen and the Company."

An appeal has been filed and Dr. Bose has appeared before us in support of the appeal. It is incompetent because of the provision of clause 2 of section 7 of the Industrial Disputes Appellate Tribunal Act, as the award as expressly stated was made with the consent of parties. It is, therefore, dismissed but without costs.

STATEMENT OF OBJECTS AND REASONS.

The Drugs Act, 1940, which provides for the regulation of the import, manufacture, distribution and sale of drugs and prescribes the standards of quality of drugs, has been in force since April, 1947. In the light of the experience gained in the working of the Act during the last seven years, it is proposed to make certain amendments in the Act.

The term 'drug' as defined in the Act at present does not cover chemical contraceptives and insecticides. It is proposed to extend the scope of definition of the term so as to cover such of the contraceptives as well as insecticides as may be notified by the Central Government from time to time in the Official Gazette, so that their standards may be controlled where necessary. It has further been found necessary that with a view to maintaining uniformity throughout the States the power to make rules under Chapter IV with respect to the manufacture, sale and distribution of drugs, which is at present vested in the State Governments should be entrusted to the Central Government.

There have been complaints that the penalties provided in the Act for the contravention of the provisions thereof, are inadequate. The penalties provided in the Act are being enhanced so as to make them deterrent. Opportunity has also been taken to make certain other minor amendments.

No. 2065L.—12th August 1954.—The Governor having been pleased to order under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE DARJEELING AND KURSEONG MUNICIPAL (PORTERS) (AMENDMENT) BILL, 1954.

A

BILL

to amend the Darjeeling and Kurseong Municipal (Porters) Act, 1883.

WHEREAS it is expedient to amend the Darjeeling and Kurseong Municipal (Porters) Act, 1883 for the purpose and in the manner hereinafter appearing; Ben. Act V of 1883.

It is hereby enacted in the Fifth Year of the Republic of India by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the Darjeeling and Kurseong Municipal (Porters) (Amendment) Act, 1954.

Substitution of "*mazdoors*" for "*coolies*" in Ben. Act V of 1883.

2. In the Darjeeling and Kurseong Municipal (Porters) Act, 1883 (hereinafter referred to as the said Act), for the expression "*coolie*" and the expression "*coolies*" wherever they occur, the expression "*mazdoor*" and the expression "*mazdoors*" shall be respectively substituted.

References to *coolies* to be construed as references to *mazdoors*.

3. References to the expression "*coolie*" and the expression "*coolies*" in any register kept, license granted or badge delivered under the said Act, shall be construed as references to the expression "*mazdoor*" and the expression "*mazdoors*" respectively.

STATEMENT OF OBJECTS AND REASONS.

The Darjeeling and Kurseong Municipal (Porters) Act, 1883 (Ben. Act V of 1883) was enacted for the purpose of registration and control of labourers employed as porters and dandiwallas; and the word "*coolie*" has been used throughout the Act to signify such labourers.

The Government of India in the Ministry of Labour have, however, by a Resolution, dated the 27th May, 1950, decided that the word "*coolie*" should no longer be used in official correspondence and have requested the State Governments to substitute the term "*mazdoor*" for the term "*coolie*" in case it occurs in any State enactment.

This Bill seeks to implement the above decision. The change in nomenclature is not intended to affect the present position of the workers as regards pay or allowances or pension in any way.

(*e*) the manner in which appeals shall be filed before the Director or the Collector, as the case may be, under section 18 and section 19 and the fees to be paid for such appeals.

STATEMENT OF OBJECTS AND REASONS.

It is well-known that the cattle of West Bengal are very poor in quality, both in respect of milk yield and draft.

A scheme for the improvement of livestock has been in operation in selected areas of Bengal since 1936. The object of the scheme is to grade up the indigenous breed of cattle both for increased milk production and for draft purposes.

Experience has shown that the value of the work is lost unless it is concentrated in specified regions where an adequate number of stud bulls are put in with the simultaneous elimination of scrub bulls. Difficulties have been experienced in implementing the scheme as envisaged above, specially in the matter of the voluntary castration of scrub bulls which is so necessary for the success of the scheme. The Government has, therefore, for some time, been feeling the necessity for suitable legislation to surmount these difficulties. The present Bill has been drafted with this object in view. Certain other States have already enacted legislation on similar lines.

THE WEST BENGAL PRIVATE FORESTS (AMENDMENT) BILL, 1954.

A

BILL

to amend the West Bengal Private Forests Act, 1948.

WHEREAS it is expedient to amend the West Bengal Private Forests Act, 1948, for the purposes and in the manner hereinafter appearing; West Ben. Act XIV of 1948.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the West Bengal Private Forests (Amendment) Act, 1954.

(*2*) It shall come into force immediately on the West Bengal Private Forests (Amendment) Ordinance, 1954, ceasing to operate. West Ben. Ord. VII of 1954.

Insertion of new section 5A in West Ben. Act XIV of 1948.

2. After section 5 of the West Bengal Private Forests Act, 1948 (hereinafter referred to as the said Act), the following section shall be inserted, namely:—

"Prohibition of felling or removal of trees of private forests after issue of notification under section 3(*1*).

5A. (*1*) After the publication of a notification under sub-section (*1*) of section 3, no owner of a private forest in the notified area shall fell or cause to be felled or remove or cause to be removed from such forest any tree or trees until the working plan in respect of such forest has been approved under sub-section (*1*) of section 4 except after obtaining in writing, and in accordance with, the previous permission of the Regional Forest Officer in this behalf.

(*2*) Any person contravening the provisions of sub-section (*1*) shall be punishable with imprisonment which may extend to three months or with fine which may extend to one thousand rupees or with both.".

Amendment of section 6.

3. In section 6 of the said Act,—

(*1*) in sub-section (*1*),—

(*a*) after the words "terms and conditions of such plan," the words "or fells or causes to be felled or removes or causes to be removed from such forest any tree or trees in contravention of any of such terms and conditions," shall be inserted;

(*b*) for the words "with fine which may extend to five hundred rupees" the words "with imprisonment which may extend to three months or with fine which may extend to one thousand rupees or with both" shall be substituted; and

(*c*) in the proviso, after the words "Provided that" the words ", except where the owner has felled or caused to be felled or removed or caused to be removed from such forest any tree or trees in contravention of any of the terms and conditions of the approved working plan," shall be inserted;

(*2*) in sub-section (*2*), after the words "in respect of such forest" the words "or for felling or causing to be felled or removing or causing to be removed from such forest any tree or trees in contravention of any of such terms and conditions" shall be inserted.

Continuance.

4. On the West Bengal Private Forests (Amendment) Ordinance, 1954 ceasing to operate, section 8 of the Bengal General Clauses Act, 1899 shall apply as if the said Ordinance were an enactment then repealed by a West Bengal Act. Ben. Act I of 1899.

STATEMENT OF OBJECTS AND REASONS.

Private forests in West Bengal are controlled under the West Bengal Private Forests Act, 1948 (West Ben. Act XIV of 1948).

2. The operation of this Act has disclosed certain lacunae. It has also become evident that the punishment provided under the Act has not been sufficiently deterrent to prevent the owners of private forests from violating the terms and conditions of approved working plans.

3. Recently, many of the owners of private forests have shown a tendency of over-felling of the forests in violation of the approved working plans. Many of them have also failed to submit working plans for approval under the Act. The private forests, which constitute valuable national assets, were therefore in serious danger of rapid exhaustion and depreciation.

4. The Governor, therefore, promulgated an Ordinance, namely, the West Bengal Private Forests (Amendment) Ordinance, 1954, on the 27th July, 1954, to amend the West Bengal Private Forests Act, 1948, so as to remove the lacunae in the law and to provide for a more deterrent and effective punishment for the violation of the law.

5. The main provisions of the Ordinance are as follows:—

(a) it provides for cases in which the owner of a private forest has failed to submit a working plan and where no approved plan exists. In such cases the owner or any person acting on his behalf may not fell or remove any timber from a private forest without the prior approval of the Regional Forest Officer;

(b) it makes clear that felling or removal of timber from a private forest is a punishable contravention of the prescriptions of the approved working plan;

(c) it makes it permissible to institute a prosecution against the owner, without prior notice, where the offence takes the form of the unauthorised felling or removal of timber;

(d) it enhances the punishment to imprisonment extending up to three months or fine extending up to rupees one thousand or both.

6. As the risk of the rapid exhaustion of the private forests still persists, the Bill seeks to enact the provisions of the Ordinance.

STATEMENT OF OBJECTS AND REASONS.

The Mayurakshi Reservoir Project has made further progress and it has been possible, during this kharif season, to supply water for irrigation over a large tract of area. In the past available water from this Project was supplied free of charge to the cultivators so that utilisation of the water for the purpose of increasing agricultural production could be demonstrated to them. This Project involves a capital expenditure of the order of rupees sixteen crores and is being financed by loan from the Government of India which the State Government is required to repay. The use of the water means very substantial additional income to the cultivators. It is necessary therefore that all cultivators to whom water can be supplied should pay an irrigation rate so that the loan to the Government of India may be repaid from the revenues. At the present kharif season the Governor promulgated an Ordinance, namely, the Bengal Development (Amendment) Ordinance, 1954 (West Ben. Ord. VI of 1954), by way of amending the Bengal Development Act, 1935 (Ben. Act XVI of 1935), so as to impose a compulsory levy, at a rate not exceeding Rs. 10 per acre per season on the occupiers of the irrigable areas of the Project where supply of canal water can be fully assured. It is now proposed to replace this Ordinance by an Act of the Legislature.

West Ben. Ord. III of 1954.

STATEMENT OF OBJECTS AND REASONS.

Government had been viewing with increasing concern the working of the West Bengal Board of Secondary Education for some time past. The episode in connection with the School Final Examination of 1954 marked the climax of a series of irregularities and acts of mismanagement committed by the Board. It was therefore necessary and expedient to undertake a reorganization of the Board and pending such reorganization it was considered essential and urgent in the public interest that the Board which had proved incompetent and inefficient should be superseded and some temporary arrangement made for control and management of secondary education in the State.

As both Houses of the Legislature of West Bengal were not in session at the time, the West Bengal Secondary Education (Temporary Provisions) Ordinance, 1954 (West Ben. Ord. III of 1954) was promulgated. As the continuance of the supersession of the Board is likely to be necessary until the constitution of the Board is suitably re-organized, it is proposed to enact the Bill to replace the Ordinance.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 4773Dis./D/11L-291/53, dated 16th December 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Associated Battery Makers Workers' Union, 59/B, Chowringhee Road, Calcutta and Associated Battery Makers (Eastern) Mazdoor Congress, post office Shamnagar, 24-Parganas, regarding the matters specified in the following schedule to this Tribunal for adjudication:—

SCHEDULE.

(1) If the workmen are entitled to receive a Puja bonus this year (1953) and if so whether the amounts which the Company have advanced to their employees should be treated as bonus and if the employees are not entitled to a bonus, whether the Company will recover the amounts in eight equal instalments.

Notices were issued on all parties and the Associated Battery Makers Workers' Union and the Company appeared and filed written statements setting forth their respective cases. The Associated Battery Makers

(Eastern), Ltd. Mazdoor Congress appeared through its Secretary and filed a statement adopting the written statement filed by the other Unions. The Associated Battery Makers Workers' Union, which will be mentioned hereinafter as the Union, in its written statement states as follows.

The Company came into being some six years ago. From its very inception, the Company started payment of one month's wages, by way of bonus, on the occasion of the Durga Puja every year. Puja bonus was paid irrespective of profit or loss on the trading of the Company. This Puja bonus has become a part of wage payable on the occasion of Durga Puja. The amount of the bonus has been invariable and at one month's basic pay. The payment of the bonus has never been governed by attendance, efficiency, production, behaviour or conduct, length of service, or profit or loss. In 1953, the date for payment of this bonus was not notified to the workmen by the Company and this gave the workmen cause of apprehension whether the Company was out to withdraw the bonus. Thereafter the Union wrote to the Management demanding the payment of the Puja bonus. It was thereafter settled between the parties that the Company would pay one month's basic pay as advance, pending decision by a Tribunal on the issue of Puja bonus. It was also agreed that the amount paid by way of advance would be treated as puja bonus, if the decision of the Tribunal was in favour of the workmen and in case, the decision was against the workmen, the Company would be entitled to recover the advance in instalments. One month's basic pay by way of advance was thereupon paid to the workmen towards the middle of October 1953. The workmen are entitled to Puja bonus equivalent to one month's pay in 1953. The Union, therefore, prays that an award may be made for payment to the workmen of Puja bonus at one month's basic wage and to set off this bonus against the advance payment made to the workers in October 1953.

Messrs. Associated Battery Makers (Eastern), Ltd., which will be hereinafter mentioned as the Company, in its written statement, states as follows:—

Messrs. Chloride Electrical Storage Co., (India), Ltd., erected the factory during the year 1945-46 and worked it up to 31st December 1949, by which date they sold the factory and their business to Messrs. Associated Battery Makers (Eastern), Ltd., which is a private limited company formed on 31st January 1947. The services of the workmen employed by Messrs. Chloride Electrical Co. (India), Ltd., terminated on the closure of their business and the Company re-engaged the workmen as new entrants on receipt of applications from them. This Company has all along been paying fair wages to all workmen employed by them. The total emoluments of any workman of this Company compare favourably with that of any other engineering industry. Messrs. Chloride Electrical Storage Co. (India), Ltd., made payment of one month's basic wage on the eve of the Durga Puja in 1948. The said Company did not make any payment on the occasion of the Durga Puja to their workers in 1949 or 1947. The present Company made *ex gratia* payment of one month's basic wages in October 1950, September 1951 and September 1952, when the Company was in a position to make such payments. These *ex gratia* payments were never intended to be made irrespective of profit or loss of the Company. The payment entirely depended upon the Company's ability to pay. The payments mentioned above were always treated as *ex gratia* and at no time they were treated as part of the wages payable on occasion of festivals or as a social obligation of the Company towards its workmen. On each occasion, the *ex-gratia* payment of one month's basic wages was

made, it was definitely a conditional payment and the amount of payment to all the workmen was not the same, as it depended upon the length of service of the recipients. A notice intimating the terms and conditions of the said payment was on each occasion affixed on the notice board, with a copy of the same to the Union. In view of the trading results in 1953, the Company felt that no *ex gratia* payment could reasonably be made for 1953. In the meantime, a new Union came into existence in July 1953, and that Union submitted a charter of demands, including a demand for two months' basic salary and dearness allowance as Puja bonus to all workers drawing salaries up to Rs. 100. In spite of unfavourable trading results, the Company has always been anxious to maintain a healthy and cordial relation with the workmen, and with that end in view, agreed to pay on the occasion of the Durga Puja in 1953 one month's basic wages as an advance repayable in eight instalments to those workmen who specifically applied for such an advance. More than 90 per cent. of the workmen accepted the additional payment as stated above and executed proper receipts for the same. The Company denies the allegations in the written statement of the Union that it agreed to pay one month's basic wage as advance pending decision by a Tribunal to be constituted. The Company agreed to pay one month's basic wages as advance on the definite understanding that the same advance would be deducted in eight equal instalments from the wages of the workmen who would accept the conditional payment. The workmen have got no real or legitimate grievances and they are not entitled to any of the remedies claimed in their written statement and their complaint is fit to be rejected.

The appearances for the parties were as follows:—

For the Associated Battery Makers Workers' Union: Shri J. Pandey, Working President.

For the Associated Battery Makers (Eastern) Mazdoor Congress: Shri P. K. Bhattacharjee, Secretary.

For the Company: Shri J. N. Chatterjee, Assistant Labour Adviser, Indian Engineering Association and Mr. E. J. Goode, Personnel Officer.

The issue framed for the decision of the case is the same as that mentioned in the order of reference and is as follows:—

ISSUE.

(1) If the workmen are entitled to receive a Puja bonus this year (1953) and if so whether the amounts which the Company have advanced to their employees should be treated as bonus and if the employees are not entitled to a bonus, whether the Company will recover the amounts in eight equal instalments.

AWARD.

DECISIONS.

Issue No. 1.

At the time of the hearing of the case, nobody appeared for the Associated Battery Makers (Eastern) Mazdoor Congress, the case of the Union is that from its very inception, the Company started payment of bonus a one month's basic wages on the occasion of the Durga Puja every year an

this payment was payable, irrespective of the profit or loss on the trading of the Company, and that, the Company was, therefore, obliged to pay one month's basic wage as bonus for 1953 as a condition of service. The Company resisted the claim of the Union on the ground that it paid bonus in three years in 1950, 1951 and 1952 as *ex gratia* payments, because the Company was in a position financially to make such payments. It is also stated that these payments were never intended to be made irrespective of the profit or loss of the Company. The payment depended entirely upon the Company's ability to pay. It is further stated that in view of the trading results of the Company, no payments as claimed could be made for the year under reference.

Evidence was adduced by both parties in support of their statements. P. W. 1 Shri Sukhdeo deposed for the Union and Mr. E. J. Goode, Labour and Welfare Officer of the Company, deposed for the Company. Documents Exts. A to H were also marked for the Company.

It appears from the evidence on record that the present factory was erected by Messrs. Chloride Electrical Storage Company (India), Ltd., during the year 1945-46 and they worked it up to 31st December 1949, by which date, the present Company purchased the factory and assets of Chloride Electrical Storage Co. (India), Ltd., and started operations on 1st January 1950. O.P.W. 1 Mr. Goode was in the employment of Messrs. Chloride Electrical Company (India), Ltd., since January 1949. It appears that in 1949, there was a lock-out of the factory from the end of May to the middle of October and on 1st January 1950 when the present Company took over the factory, it employed all the workmen of the old Company on their application to it, except those who were dismissed at the time of the lock-out by the previous Company. It, therefore, appears that Messrs. Chloride Electrical Storage Co. (India), Ltd., carried on operations for about four years from 1945-46 to the end of 1949, and the present Company has been operating the factory since the beginning of 1950. P.W. 1 Sahadeo Bari states that he has put in 9 years' service, obviously meaning that he has been serving in the factory since its inception under the previous Company. His evidence is that Puja bonus was received by the workmen in 1948 and from 1950 to 1952. He also states in evidence that the workers demanded Puja bonus for 1949 and that there was a strike and lock-out in that year. He further states that the durwans of the Company who were in the employment of the Company at the time of the lock-out, got the Puja bonus in 1949, but the other workmen did not get this bonus. O P.W. 1 Mr. Goode states in his evidence that in 1949, there was a demand by the workers for Puja bonus to previous Company, but it was refused on the ground that there was no profit in that year. He also states that no payment of any bonus was made to the durwans in 1949. This witness states that the present Company earned a profit in 1950, 1951 and 1952, and Puja bonus was paid in those years. In 1953, there was no profit. Ext. A is a statement filed by the Company stating that there were profits in 1950, 1951 and 1952 and one month's basic pay as bonus was paid in or about October in those years. This statement also shows that in 1953 there was loss incurred by the Company. Ext. B is a certaificate from Chloride Electrical Storage Co. (India), Ltd., showing that no *ex gratia* payment on account of the Puja festival was made by the Chloride Electrical Co. (India), Ltd., during the calendar years 1947 and 1949. This fact is, however, admitted by the Union. According to the Union, the system of payment of bonus was started in 1948 and there was no payment in 1949. The statement of P.W. 1 that bonus was paid to the Durwans in 1949 is disproved by Ext. B and the evidence of O.P.W. 1

Mr. J. Goode. Ext. C is a letter by the Chloride Electrical Storage Co. (India), Ltd., dated 29th September 1948, stating that an *ex-gratia* payment based on one month's basic wages to all Indian employees of the Company has been approved by the Directors. It is stated that this payment would be made only on the understanding that it does not in either amount or form establish any precedent for the future. The letter then embodies conditions showing how the amount of bonus will depend upon the number of days worked by an individual workman. Exts. D to D(3) are the balance sheets of the Company for the years 1950, 1951, 1952 and 1953. In 1950, the Company made a gross profit of Rs. 7,88,801 and odd and a nett profit of Rs. 51,636 and odd. In 1951, the Company made a gross profit of Rs. 13,27,535 and odd and a nett profit of Rs. 6,86,870 and odd. In 1952 there was a gross profit of Rs. 4,89,997 and odd and a nett profit of Rs. 4,038. in 1953 there was a gross profit of Rs. 77,861 and odd and a nett loss of Rs. 3,37,243. It, therefore, appears that the Company paid Punja bonus in 1950, 1951 and 1952 when it had some nett profit, although this nett profit varied from year to year and in 1953, there has been a nett loss of more that Rs. 3 lakhs.

The learned spokesman for the Union stated that Ext. C issued by Chloride Electrical Storage Company (India), Ltd., on 29th September 1948 when the *ex-gratia* payment, by way of bonus, was first made by the Company, created an agreement between the Company and the workmen, as it was stated that the payment was to be made in time for the puja holidays. I do not find any such agreement to be embodied in this document. There is a clear statement that this payment will be made only on the understanding that it does not esablish any precedent for the future. The learned spokesman cited the decision of the Labour Appellate Tribunal in the case of Mahaluxmi Cotton Mills, reported in L.A.C., 370, and urged that on the evidence on record and agreement between the employer and the workers for payment of Puja bonus at one month's basic wage had been established. The Hon'ble Tribunal enunciates the principle of a customary Puja bonus as follows:—

> "Puja bonus is a bonus claimed by the workers as a matter of right, payable by the employer at a special season of the year, namely, at the time of the annual Durga Puja. This right is not based on the general principle that labour and capital should share the surplus left after meeting necessary prior charges, but it rests on agreement between the employer and the workers. That agreement may be either express or implied, and where not express, past practice may lead to an inference of implied agreement. But for implying an agreement, the practice must be unbroken and for a sufficiently long period to exclude the hypothesis that payments had been made out of bounty. It is not possible to say, in general terms what should be the length of the period. That would depend upon circumstances of each particular case, but the fact that the payment had been made even in a year of loss would be an important factor on the question as to whether the payments were mere acts of bounty or an obligation on the part of the employers. When the right is established, the next question would relate to the amount. Where the rule for determining the amount is expressly laid down or can be inferred, the rule is to be followed. Where there is no definite rule or none can be found, the agreement founding the right cannot be disregarded in an Industrial Tribunal, as in Courts of law on the ground of vagueness. The

Industrial Tribunal must hold that the workers are entitled to a reasonable amount as a term of employment and determine the amount, when a claim is made for a particular year and for that purpose the amount paid or rate at which payments were made in the last years, would be a guiding factor."

It must, therefore, be shown that there has been the practice of payment of Puja bonus in an unbroken manner and for a sufficiently long period to exclude the hypothesis that payments had been made out of bounty. The fact that the payment had been made even in a year of loss would be an important factor on the question as to whether the payments were mere acts of bounty or an obligation on the part of the employers. The learned spokesman for the Union drew my attention to the fact that the Puja bonus was paid by the Company in each of the years 1950, 1951 and 1952, in spite of the fact that in these years, the nett profit of the Company ranged from Rs. 4,000 and odd to about Rs. 7 lakhs. It is to be pointed out that all these years were years of profit, though of varying amounts. None of these years was a year of loss. If the payment of the bonus had been made in a year of loss, that would have been an important evidence in support of an obligation on the part of the employers to make the payment. No such conclusion can be derived from varying amounts of profit. The learned advocate for the Company cited the decision of the Hon'ble Appellate Tribunal in the case of Calcutta Electric Manufacturing Co., Ltd., reported in 1952 (II) L.L.J., 324. The workers in this case claimed that the Company had been paying them Puja bonus, irrespective of the state of accounts for several years and this bonus had thus become a condition of service. The Tribunal found that bonus was paid by the Company only from 1941-42 to 1947-48 and no principle was discernible upon which such bonus was paid and that such payments as were made were insufficient to establish a customary right to bouns. The claim of the workers to bonus was refused in these circumstances. In that case, payment of bonus for six years successively was not considered sufficient to establish the customary character of the bonus. In the present case, the Company paid the bonus only for three years 1950, 1951 and 1952, which were years of profit. The previous Company worked for four years and paid the bonus only in 1948. No bonus was paid in 1949. It is, therefore, clear that payment of bonus for the three years under the present Company and for one year under the previous Company cannot be considered to be sufficient to create a customary character of the payment so as to prove that this payment was a condition of service. The learned advocate for the Company also referred to the cases reported in 1953 L.A.C., 257, and 1953 L.A.C., 261, pressing that no Tribunal should ignore, the Full Bench formula and grant bonus in pursuance of indefinite notions of social justice and there must be a foundation of prosperity in the year before a Tribunal is justified in granting bonus. The Full Bench case referred to is Millowners' case, reported in 1952 L.A.C., 433. In these circumstances, it is decided that there is nothing to show that the workmen were paid Puja bonus by the Company as a condition of service, and that the payments made in 1950, 1951 and 1952, had acquired a customary character. In view of the fact that there has been loss to the Company in 1953, the workmen are not entitled to any bonus for tht year. The result is that the claim of the workmen for bonus for 1953 is rejected. That being so, the question as to whether the amount which the Company have advanced to their employees should be treated as bonus does not arise. This advance was made by the Company to the workmen on their application in accordance with the terms of the notice dated 12th October 1953 [Ext. E(3)], which makes the advance recoverable in eight equal instalments. Ext. F is the receipt

showing the condition of repayment of this advance in eight equal monthly instalments. The advance received by the employees in October 1953 are to be repaid in eight equal monthly instalments, as promised by the employees. This issue is accordingly answered.

For the Company: Shri R. G. Domani for the Company with Shri R. K. Sing for the Engineering Association.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3459Dis./D/10L-128/53, dated the 14th September 1953, referred an industrial dispute existing between Messrs. Balgopaldas Iron & Steel Co., Ltd., 5, Gopal Doctor Road, Kidderpore, Calcutta-23 (Head Office: 19, British Indian Street, Calcutta) and their workmen represented by Balgopaldas Iron & Steel Mazdoor Union, 45, Bonamali Naskar Road, Behala, Calcutta-34, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 18th September 1953 and usual notices were issued to both parties for appearance and written statements. Both parties filed their written statements in due course.

The Union filed a written statement on behalf of the workers in which it stated that Messrs. Balgopaldas Iron & Steel Company, Limited (hereinafter called the Company) is an engineering concern with its factory at 5, Gopal Doctor Road, Calcutta and Head Office at 19, British Indian Street, Calcutta. It is a proprietory concern limited within the members of the proprietor's family. It earned huge profits and its financial position was sound. It was capable of paying decent wages to its employees. Its Union was registered on 10th November 1952 and the Union's "Charter of Demands" was sent on 3rd March 1953. During the conciliation proceedings, the Company declared a lockout on 5th May 1953 and lifted it on the 8th next. Only 44 workmen were taken in and the remaining workmen were retrenched. Thereafter, the Company laid off the workmen in two batches. It laid off 25 workers on 1st June 1953 and 11 on 1st July 1953. Further, it went on taking fresh recruits leaving a large body of workmen unemployed. Hence this case.

The Company in reply stated that it manufactures tin containers and drums. Eastern Pakistan was its principal market for mustard oil but since the deadlock between India and Pakistan, the business in mustard oil practically came to a stand still. The Company now supplies tin containers to the vegetable oil factories whose businesses are not very prosperous due to general trade depression. It is facing formidable difficulties. On one hand, there is slackness in business and on the other, there is very strong internal competition amongst the manufacturers themselves for the orders. The Metal Box is capturing almost all the markets.

The Company's position started deteriorating since March/April 1953. The depression in the market and falling off of the demand for tin containers in oil and vegetable ghee factories resulted in complete falling off of orders. It was to overcome this crisis that the Company was forced to discharge 55 temporary workers with effect from 5th May 1953 and subsequently placed others on involuntary unemployment at intervals. It acted *bona fide* in matters of retrenchment and lay off. It stated among others that the Union's allegation regarding the deadlock was wholly incorrect. There was no lockout whatsoever. Only 55 purely temporary workers were discharged as no work was available for them. The workmen accepted their payment in full and final settlement of their claims. This position was fully explained to the Labour Officer Shri S. K. Bhattacharjee in the joint conference. The remaining 36 workmen were put on involuntary unemployment for purely trade reasons. The Company provided work to those laid off workers whenever there was slight improvement in the situation. It stated that it appointed 55 workers on a temporary basis on

receipt of special orders for a specified period. They put in less than five months of service. Some of them had only just a few days' work before they were discharged.

The issues as per schedule to the order of reference—

(1) Whether the lockout of the factory on 5th May 1953 is justifiable?

(2) Whether the lay-offs are justifiable? Can it be described as unfair labour practice? What relief the workers are entitled to?

(3) Whether retrenchment of 55 workers (as per list enclosed) is justified? Whether they are entitled to reinstatement and/or compensation?

FINDINGS.

Issue No. 1.

The learned representative for the Union did not press this issue for adjudication saying that the workers were paid for the day of the alleged lockout on 5th May 1953. The Tribunal finds that there is no outstanding dispute between the parties regarding this issue, and passes this award accordingly.

Issue No. 2.

This relates to lay off of 36 workmen. It has been urged by the learned representative for the Company that this issue, being in the nature of a general issue, should be dealt with accordingly as no specific details regarding the dates and the actual duration of the period of lay off were given in it. This objection does not appear to be tenable although it is conceded that the framing of the issue leaves much to be desired. Since the details regarding the lay off appear from the written statement of both sides, there cannot be any possible doubt as to the scope of the enquiry regarding this issue. The preliminary objection taken by the Company in this connection fails.

The Company justifies its action on the ground of fall in orders and reduction of business.

It has been rightly pointed out by the learned representative for the Union that the onus to prove this is on the management. The management has examined O. P. W. 1 Shri Mazumdar, the Factory Manager. The Union did not examine any witness. Both sides relied upon copies of certain documents, the formal proof of which have been dispensed with on consent. It appears from the evidence of Shri Mazumdar that the business position of this Company has been gradually deteriorating due to various factors, the general depression of the market is no doubt one of them. This Company manufactures, not on a large scale, tin containers and drums. There are about 20 such companies, big and small, doing business in Calcutta and its neighbourhood. Some of them occasionally close down for dearth of work. The Metal Box Company is the pioneer concern in this line of business. It has, practically speaking, captured the whole market. There are other competitors in the field. Eastern Pakistan was the principal market so far as mustard oil containers are concerned. Due to deadlock between India and Pakistan, this market is practically lost to business. The vegetable product companies are now the only customers of this business. The high production costs and labour charges contributed to some extent to the decline and fall of the business. Against this background, the learned representative for the Company invites this Tribunal's

attention to the evidence of Shri Mazumdar, the Factory Manager, and the production register and extracts from order books placed before the Tribunal. The Company placed its Balance Sheets to show its financial position in 1952 and 1953. The learned representative for the Union has only a short criticism, a stock one, of these Balance Sheets. Shri Mazumdar said that the Company's accounts showed loss in business. The audited Balance Sheets up to the year ending 31st December 1952 are there. The Balance Sheet of 1952 shows a very small profit, a nominal one, of Rs. 47 only. The draft Balance Sheet for 1953 (the accounts of 1953 have not been audited up till today) shows a total loss of about Rs. 74,325-2-10p. Shri Pathak for the Union said that the Company had been incurring heavy overhead expenses despite the fact of its alleged loss in business. This is neither here nor there. The management is responsible for running the business in the way it thinks best. It has its undoubted right to do so. This criticism will be of no avail unless it is shown, and this has not been done in this case, that the management has overstepped the limits of law or has exceeded reasonable standard of any comparable concern in the locality. It is idle to contend that the Company paid its Directors nevertheless the loss in the year under review. The Balance Sheets do show loss. Production since 5th May 1953, previous to the lay off, fell considerably. In fact, there is no production except on 2 days although the factory was open and more than 36 workmen were on the pay roll. Previous to the lay off, the Company thought it necessary to retrench its temporary staff numbering 55. The Company justifies its action also on the very same ground of trade reasons. This is the subject matter of the next issue and will be dealt with in its proper place. The Company did not take any of its action in haste. True, the "Charter of Demands" was presented on 3rd March 1953 by the Union soon after it came into existence. After the Company replied, the conciliation proceedings went on. Thereafter every step taken to reduce the staff was done in consultation with the Labour Directorate. The learned representative for the Union characterises this action on the part of the management as an act of unfair labour practice. It does not appear to be so from the fact that in course of the month of June, many of the laid off staff were recalled to duty as and when the work permitted. Even after the second lay off——the first was on 1st June 1953 and the second on 1st July 1953——the workmen laid off were recalled to duty. The Manager said that he paid the workmen full wages for the period of their work. He paid the involuntary unemployment relief amounting to 15 days' wages during every six months as under the Major Engineering Tribunal's Award. Ext. M shows the number of workmen employed, Ext. N, the workmen recalled during lay off in June 1953 and Ext. M_1 shows those recalled during July/October 1953. Exts. N, N_1, N_2, N_3 and O show the position of orders, production and despatches during the relevant period. This evidence, as I have said above, is one-sided. There is nothing on the Union side to show or suggest that this evidence is unreliable. The management has succeeded in establishing that there was loss in business and dearth of work due to fall in orders. The learned representative for the Union said that the action of the Manager in laying off the staff was not *bona fide*, nor authorised by any resolution of the Board of Directors, and therefore, should be vacated. It is in evidence of the Manager that there is no resolution of the Board of Directors authorising the retrenchment or lay off but then, the Directors attend the factory and come in daily contact with him. The Manager suggests that his action was fully approved by the Board of Directors. This objection has no merit in it and on the facts and in the circumstances must fail. The lay off of the staff is justified. It is *bona fide*. The relief allowed to the laid off staff appears adequate as it was made in terms of the Major Engineering Tribunal's Awards then in

force. The amended Industrial Disputes Act on the subject did not come into operation at the time of this lay off. I answer this issue accordingly.

Issue No. 3.

This relates to the retrenchment of 55 workers mentioned in the list enclosed with the order of reference. The retrenchment is admitted. The learned representative for the Union relied on the observations of their lordships of the Hon'ble Labour Appellate Tribunal in Biswamitra Press, 1952 L.A.C., p. 20 at p. 33 and contended that the onus of proving the necessity for the retrenchment is on the management. "If the management fails to establish it, its case would end there. If however the management is able to establish a case of retrenchment, either on the ground of rationalisation, economy or other sufficient causes, the next question to be considered would be the extent of retrenchment. Here the matter has to be considered under two sub-heads, namely (i) whether the action of the management in retrenching the workmen in *bona fide* and (ii) whether in determining the extent of retrenchment, it acts partly on the extraneous considerations or on improper motives. It is only when the management is influenced by extraneous considerations or improper motives, the Tribunal must scrutinise the matter with great circumspection and must confine the number of retrenchment within the limits of actual requirements." I recalled the evidence discussed in connection with the previous issue. Shri Mazumdar, the Factory Manager, is the only witness examined in this case. There is no witness on the side of the Union. None of the 55 workmen is forthcoming to say anything against the management. Ext. 1 is a certificate issued to Shri Santosh Kumar Nandy dated 30th December 1950. He is number 2 in the list of retrenched workers in this case. The certificate shows that Shri Nandy worked for two years before 30th December 1950 when he was discharged under general reduction of staff. The learned representative for the Union contends that the workmen retrenched in this case are not temporary as alleged but all who put in a varied period of service under the Company. Except in the case of Shri Santosh Nandy, there is no evidence that all of them had previously worked under this Company. It has however been conceded that some of them may have previously served under the Company. Be that as it may, there is nothing on the Union side to show that they are permanent workers. The Attendance Register and other documents show that all of them are temporary workers, at least they appear to be so on the records of the Company. I am not relying on the bundle of receipts marked Ext. A and Ext A_1 in this case on behalf of the Company showing that the retrenched staff signed and thumb marked receipts on 5th and 7th May 1953 describing them as temporary workers in full satisfaction of their claims as against the management. These receipts taken on typed forms presented by the Company mostly from illiterate workmen do not stop them from claiming compensation or relief in addition to that received by them at the time of their discharge. This point is now well-established and has been very frankly conceded by the learned representative for the Company. The Company justifies its action on the ground of sheer necessity due to shrinkage of business arising out of falling off of orders. I recall the same evidence as also the correspondences that passed between the Company and the Labour Adviser of the Engineering Association and the Labour Officer of the Labour Directorate, Government of West Bengal, who took up this matter for settlement. It appears that at first 60 workmen were put on retrenchment list and on the intervention of the Labour Officer of the Labour Directorate five of them were not retrenched and the number was reduced to 55. It appears that in the matter of retrenchment and subsequently in

the matter of lay off its staff, the Company negotiated settlement with the representatives of the Union in the Labour Directorate and whatever action was taken by the Company, it was done with the knowledge and after due consultation with the Labour Directorate. The Company has sustained loss in its business and its business position gradually deteriorated. This would appear from Exts. N, N_1 and N_2. The Production Registers have been produced in this Tribunal. They corroborate the evidence of the Factory Manager, on this point. The Union came into existence shortly before the Charter of Demands was sent on 3rd March 1953. The position was gradually deteriorating since March/April 1953. It is contended on behalf of the Company that it had to take action immediately as it had no work to keep all its staff fully occupied with work. The learned representative for the Union contends that the employment of the laid off staff disproved the Company's contention. I do not think so.

In May, the position of order was such that retrenchment was found to be sheer necessity. In June, the position of orders improved necessitating the recall of some of the laid off staff. The learned representative for the Union finds fault with the Manager's assessment in this matter. How could the Manager anticipate things in advance? He can only proceed taking things as they are before him. The Union could not establish any act of bad faith on the Company's side and the Tribunal finds on a consideration of the facts and circumstances of the case, that the retrenchment of the staff is *bona fide* and justified.

Question now is what relief they are entitled to: The workmen are all temporary who put in less than five months of service at the time of discharge. Not a single workman is forthcoming to deny this allegation which is supported by the Attendance Register. Shri Santosh Kumar Nandy, No. 2 in the retrenched list, is alleged to have put in more than five months of service under the Company. Ext. 1 shows that he worked for two years before his previous discharge on 30th December 1950. He had no continuous service under the Company and as such his position remains practically the same as that of others. The Company's position that these workers were employed on a job (Burmah-Shell work) on the clear understanding that their services would be terminated on the completion of that job remains to be proved. Shri Mazumdar speaks of it. He is not corroborated by his books and registers. There is no jobcard. There is no special job register. It is not in evidence when the Burmah-Shell orders were received and who were appointed against Burmah-Shell work. It further appears that these workmen were appointed for an indefinite period. Normally a temporary worker is not entitled to any retrenchment relief. But in this case, many of those workmen, if not all, had long service under the Company, appointed from time to time temporarily for indefinite period. The Company thought it fit to allow them 4 days' wages on their discharge in addition to the wages they were otherwise entitled to for their work. These workers are mostly weekly paid staff. They were not discharged after proper notice. Accordingly, they are at least entitled to wages in lieu of notice. It is not in evidence on the Union's side that all of them are still out of employment. In fact, not a single retrenched worker is coming to this Tribunal to say that he is out of employment even now. Accordingly, the Tribunal finds that in the circumstances of the case, the retrenched workmen are entitled to wages in lieu of notice. I think 2 weeks' wages in lieu of notice are sufficient and this should be paid to each workman less 4 days' wages already paid to them on their discharge. All payments under this award must be paid within a month from the date of the

operation of this award. I answer this issue accordingly. This is my award.

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Lalu Mandal and Abdul, represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against Shew Murat Singh, Labour Contractor of Messrs. SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the Company: Shri Deonath Singh.

For the workman : Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which this present application under section 33A of the Industrial Disputes Act has arisen was made under Government order Nos. 2180Dis./D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, read with 4740Dis./D/7L-32/53, dated the 12th December 1953.

The petitioners contend that they were not allowed to work on 4th April 1954 and therefore they pray that the employer may be directed to compensate for the loss of earning on 4th April 1954.

The contractor contends that the allegation of the petitioners is not correct and that 4th April 1954 was a Sunday and on that day the regular staff of the casual workmen in which category the petitioners are included, did no work.

AWARD.

The Wage Register produced by the witness for the contractor shows that on all Sundays during April 1954, the press was closed and no work was done and the Register also shows that the Jute Press was closed generally on Sundays. In these circumstances I am of opinion that the application under section 33A of the Industrial Disputes Act is misconceived. The representative of the petitioners prays that the Tribunal should at least make a remark in its decision that in future if work be available on Sunday, the same should be done by the regular staff and not by new hands or outsiders. I leave it to the discretion of the Contractor and I hope that the Contractor should not sow seeds of discontentment amongst the regular staff of the workmen generally employed by him, by engaging outsider on Sundays if the regular staff is willing to do work on Sundays also. As there has been no alteration of service condition nor there has been any punishment by not running the press on Sunday, the 4th April 1954, the present application is rejected.

For the opposite party : Shri Asoke Sen Gupta.

AWARD.

This is a complaint under section 33A by Shri Biswambhar and 82 others. They alleged that during the pendency of an industrial dispute between this Company and their workmen before this Tribunal, the Company opposite party without permission from the Tribunal refused to employ them from 1st August 1953 and thus contravened section 33 of the Act. The Company opposite party opposed the complaint. The Company denied having contravened section 33 and pleaded that it had to lay off a number of workers with effect from 1st August 1953 by issuing notice, dated 29th July 1953, for reasons beyond the control of the Company.

After several adjournments, the parties have arrived at an amicable settlement and filed a joint petition of compromise on 20th July 1954.

DECISION.

On the prayer of the parties, I give effect to the petition of compromise and make my award accordingly. The petition of compromise is made a part of my award.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Ramjhalak, represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against Messrs. Bhuwalka & Co., Ltd., Labour Contractor of Calcutta Hydraulic Press, 8, Clive Row, Calcutta-1 (Case No. 38/33A/54).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL. CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the Company : Shri Krishnaraj Singh.

For the workman : Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which this present application under section 33A of the Industrial Disputes Act has arisen was made under Government order Nos. 2180Dis./D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, read with 4740Dis./D/7L-32/53, dated the 12th December 1953.

The petitioner's case is that he is a permanent member of the Jute Press Workers' Union and that he was working under the Contractor Messrs. Bhuwalka & Co., Ltd. The said Bhuwalka & Co., Ltd., has sent a representative to conduct the case on its behalf. The representative simply cross-examined the petitioner Ramjhalak. The petitioner's case is that while doing duty he was wounded on 25th December 1953, and consequently he was confined in hospital for some time and that when on the 14th January 1954, he attended the press to do work he was verbally told that he was discharged. His contention is that he has not been granted any leave with wages nor has he been paid the medical expenses which are due to him and that the contractor dealt with him unfairly because of the fact that the petitioner appeared as a witness in the original adjudication proceeding.

AWARD.

For the relief for the period of the petitioner's incapability to work due to the accident he should move the Workmen's Compensation Commissioner. His representative however says that such application is pending there. So the prayer for medical expenses and for wages during the period he was unable to work because of the accident cannot be entertained under the present application under section 33A. That part of the prayer is rejected. The contractor's representative says that the petitioner is always welcome to join his duty in the press. The petitioner states that when on account of accident a worker is confined in hospital, the Contractor pays the allowances to such workman out of the amount which is paid by the Insurance Company. There is no denying the fact that the petitioner has been discharged on 14th January 1954 without assigning any reason. So I direct that the petitioner be reinstated and he be paid in full his daily wages for the period from 14th January 1954 up to

the date of reinstatement plus sustenance allowance of 8 annas per day. Payment and reinstatement shall be made within a week from the date of publication of the award.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. S. R. Sharma & Sons, 140, Rai Bahadur R. N. Guha Road, Dum Dum and their workmen represented by S. R. Sharma & Sons Mazdoor Union, 90, Calcutta Jessore Road, Calcutta-28.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Second Industrial Tribunal.

Appearances:

For the Union: Shri Sumati Mazumdar, Pleader, with Shri Jatish Das Gupta, Secretary.

For the Company: Shri S. K. Dhar Choudhury, Pleader, with Shri T. K. Jagadish, Labour Adviser.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3482Dis./D/10L-134/53, dated 15th September 1953, referred an industrial dispute existing between Messrs. S. R. Sharma & Sons, 140,

Rai Bahadur R. N. Guha Road, Dum Dum and their workmen represented by S. R. Sharma & Sons Mazdoor Union, 90, Calcutta Jessore Road, Calcutta-28, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 18th September 1953 and the usual notices were issued to both parties for appearance and written statements. Both parties filed their written statements in due course.

The Mazdoor Union on behalf of the workmen of Messrs. S. R. Sharma & Sons stated that Messrs. S. R. Sharma & Sons is an engineering firm with its Head Office at 85, Netaji Subhash Road, Calcutta-1 and factory at 140, Rai Bahadur R. N. Guha Road, Dum Dum, manufacturing among others, cisterns, pipe fittings, etc. It employs more than 50 workmen of all categories but the wages of these workmen are paid on daily basis, ranging from Rs. 1-4 to Rs. 4 per day except for 2 mistries who are paid monthly at the rate of Rs. 90 and Rs. 150 respectively. The wages were fixed without any principle and there is no system of granting dearness allowance, increment, etc. To remedy this state of affairs, the workmen formed themselves into a Union on 13th March 1953. The petition for registration of this Union is signed by Shri Sudhir Kundu Assistant Secretary of the Union. The management retaliated by immediately laying off Shri Sudhir Kundu with effect from 28th April 1953. The President and the Secretary resigned their posts and thus saved their skin. The Union placed its "Charter of Demands" on 15th May 1953 and the management having failed to arrive at a settlement, the dispute was referred to this Tribunal. The Union claims basic wages, dearness allowance, leave holidays and reinstatement of Shri Sudhir Kundu with full compensation for the period of unemployment.

Messrs. S. R. Sharma & Sons (hereinafter called the Company) denied the allegations made by the Union on behalf of the workmen and stated among others that Shri Kundu was not a workman of the Company and, therefore, the Company was not responsible either for his discharge or reinstatement. The dispute over his alleged dismissal was discussed before the Labour Commissioner who was satisfied with the Company's explanation. The Company is a proprietory and family concern. The proprietors worked with the workers and devote their entire time and energy for the purpose. The Company's present pay as would be evident from Annexure "A" of the written statement was a consolidated one inclusive of dearness allowance. Except four, all are unskilled workers. Neither their work which the employees performed nor the present financial position of the Company would justify any further increment of wages or payment of dearness allowance. Regarding leave, the Company cannot undertake further liability in view of its present financial position.

The issues are—

(1) Basic wages.

(2) Dearness allowance.

(3) Sick leave.

(4) Whether the termination of employment of Shri Sudhir Kundu is justified,? Is he entitled to compensation and/or reinstatement?

FINDINGS.

The case was fixed for hearing on 16th July 1954 and on both parties' request, it was adjourned to 19th July 1954 for compromise and disposal.

Both parties filed a joint petition of compromise duly signed in this case. Heard learned representatives of both sides as also the parties. I am satisfied with the terms of settlement which are fair and should be recorded. There is no outstanding dispute between the parties at present. The case is disposed of in terms of the petition of settlement which forms part of my award.

Separate orders are passed in disposing the connected section 33 cases, settled on 19th July 1954.

AWARD.

The Government of West Benbal, Labour Department, by its order No. 2369Dis./D/10L-80/53, dated 3rd July 1953, referred an industrial dispute existing between Messrs. Martin & Harris, Limited, Mercantile Buildings, Calcutta-1, and their workmen employed in Calcutta represented by Martin & Harris Employees' Union, 48, Indian Mirror Street, Calcutta-12, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

The reference was received in the office of this Tribunal on 9th July 1953 and usual notices were issued to the parties for appearance and written statements. Both parties filed their written statements and the case was heard on the date fixed for its hearing.

In its written statement, the workers of the Company, stated among others, that Messrs. Martin & Harris Co., Limited (hereinafter referred to as the "Company"), is a big foreign concern, having branches in India, Pakistan and Burma, dealing in import of medicine, toilet from U. K., Africa and other places and sole agents and distributors of many patent

medicines, of world-wide reputation. The Company manufactures and prepares many patent medicines and toilets of everyday use (Oatine products, etc.). It earned huge profits, but its treatment to the Indian staff, clerks and subordinates makes unfair discrimination. Its scales of wages are very low and other service conditions are most unsatisfactory. It does not take any care to improve the lot of the Indian employees, while they were wantonly generous, liberal and bountiful in their attitude towards the Anglo-Indian staff. The rocket-high emoluments of the Anglo-Indian and pet Indians, as compared with other Indian employees, is shocking. Its administration is top heavy. It alleges that due to economic and business depression, there has been a serious drop in its business and it therefore proposes to retrench persons whose total emoluments does not exceed more than Rs. 100 per month.

This unfair and indiscriminate treatment of the Indian staff not only affected their wages and other conditions of service but was responsible for the retrenchment of 19 of them whose total emoluments did not exceed more than Rs. 100 per month. The Company's allegation that there has been a fall in the turn-over of business, and loss is unfounded. The business is running at a profit which is proved by the Company's own action in declaring bonus in 1950-51.

The Company earned a huge profit and was in a position to pay bonus equivalent to 3 months' basic salary and dearness allowance both in 1951 and in 1952. It, however, paid only 2 months' basic pay and dearness allowance in 1951 and one month's basic pay and dearness allowance and one month's basic pay without dearness allowance in 1952. The Union, therefore, claims bonus at the rate of 3 months' basic salary plus dearness allowance less the amount paid.

It pays tiffin allowance of Rs. 1-8 a day to Anglo-Indians and 8 annas a day to the Indian staff and nothing for the subordinate staff. The Union claims tiffin allowance of Rs. 1-8 per day for each clerical staff and 12 annas a day for the subordinate staff. The existing system of providing tea to clerical staff should be maintained and the privilege extended to the subordinate staff also.

The Company maintains a Pension Scheme under which an employee is entitled to a pension amounting to 50 per cent. of the salary last drawn after putting in 10 years of service.

In addition to that the Union claims a Provident Fund for the employees with Company's contributing in equal proportion with the employees.

It also claims a Gratuity on retirement or termination of service or resignation of an employee, equivalent to 15 months' salary with dearness allowance.

It alleges that an employee should be furnished with a charge-sheet, in case of disciplinary action against him, and be given sufficient opportunity defend himself by the Union, before a board of 5 persons, of whom two will be nominated by the Union, two by the employer and one by the Labour Commissioner.

The Union claims that, instead of recruiting higher grade posts from amongst the Anglo-Indians and the Europeans, they should be made from the efficient Indian staff. And in the matter of promotion, there should not be any discrimination between an Anglo-Indian and an Indian employee, but that it should be made strictly according to seniority and merit.

It claimed involuntary unemployment and retrenchment relief for the staff. Lastly, it states that 19 employees, named in the order of reference, were retrenched between 29th April 1952 and the end of July 1952, on the ground of alleged recession in business. In fact, there was no such recession in business but that 1952 was a year of profit and accordingly the retrenchment of these employees was unjustified. In the case of Bholanath Banerji the termination of services was made without permission of the Conciliation Officer although the conciliation proceeding was pending at the time. Accordingly, it was done in violation of the provisions of section 33 of the Industrial Disputes Act, and was illegal. The *mala fides* of the Company in the matter of this retrenchment was evident from the following instances of extravagant expenses made in course of that year:—

(1) Handsome increments were given to Anglo-Indian staff.

(2) Special increments were allowed to 4 Anglo-Indian Officers—

(i) Mr. J. H. Daubney.

(ii) Mr. Webster.

(iii) Mr. K. Robertson.

(iv) Mr. L. McMaster.

(3) Officers drawing salary of about Rs. 1,600 were granted 20 per cent. dearness allowance for the first time.

(4) Rupees 1,000 was paid to an Officer for honey-moon.

(5) Rupees 30,000 was paid for repairs of a house of Mr. Harris, which was in good condition.

(6) Rupees 80,000 was paid to Mr. Mohunt in 1952 for building a house for him in New Delhi.

(7) Making a new high-salaried appointment in 1953.

(8) Handsome increment to Directors' remuneration.

At the same time the Company was making new recruits while pleading no work and making the retrenchment. It reappointed 8 of the retrenched staff temporarily and discharged them subsequently. The Company was all along indiscreet, reckless and vindictive against its poor employees and let loose a "reign of terror" amongst its employees.

In an additional written statement, it stated, in connection with basic pay, grade scales and adjustment, that Company paid a very low salary to its staff and immediately before the registration of the Union in August 1952 introduced a scale of pay, under a settlement with its own men among the employees. Under the settlement, the pay of the "yes" men was increased and that of the remaining employees was reduced. The Union was not aware of the terms and implications of that settlement, which, it believes to be unjust and prejudicial to the interest of the workers. Accordingly, the settlement was not binding on it. It claimed a re-settlement of the grades and scales of pay and adjustment and made suggestions.

In reply, the Company stated, that it started as a partnership in 1907 and was incorporated as a private limited company in 1924. It is one of the many concerns carrying on business as agents of manufacturers of medicine, toilet goods, etc. Its Head Office is at Calcutta and Branches are at Delhi, Bombay, Madras and Rangoon. It earned fair profits in the very favourable trading conditions that obtained during the immediate post-war period and shares its property fully with the employees. It denied the allegations of low wages, nepotism, preferential treatment and victimisation.

The Company stated that there has been a very serious drop in its business as would be apparent from the following turn-over figures of Calcutta:—

		Rs.
1950	...	73,04,416.
1951	...	42,12,504.
1952	...	41,32,998.

During the first seven months of 1953 the total Calcutta turn-over has been Rs. 19,82,308 (approximate annual level of Rs. 34 lacs). This was mainly due to the imposition of a ban on import trade of all preparations of liquid paraffin and the loss of the largest and most important agency of Messrs. H. R. Squibb & Sons. The Company has made, the most strenuous efforts possible, to make up this deficiency caused by the loss of this agency by endeavouring to expand its business, etc. It employs a total staff of 270 for Calcutta office including 35 executive, supervising and clerical staff, 23 salesmen and detail workers, 71 clerical workers and 141 subordinate workers The Company's employees are mostly non-Matriculates. There is only one Graduate in the whole staff. In December 1946 it prepared a complete scheme of pay scales, dearness allowance, leave rules, etc., which was put into operation on the 1st January 1947. The Company at that time allowed a point to point increase in accordance with the pay scale then fixed. Company adopted the Bengal Chamber Scheme on 1st August 1952 and since the Union was not willing to accept it it applies to return to *status quo anti.*

Regarding bonus for 1951-52 the Company paid substantial and adequate bonus in view of the fact that Bengal Chamber of Commerce scales of pay had not been then adopted. In 1952 the employees entered into an agreement with the Company by which the difference between bonus at the rate of 2 months' basic salary plus dearness allowance and one month's basic salary was incorporated into basic salaries and dearness allowance on the clear understanding that bonus would be paid on this basis at the rate of one month's basic salary only. The employees are now breaking this agreement after getting the advantages under it. The bonus already paid was high and on proper accounting would be found to be more than adequate. The employees were not entitled to any bonus at all.

Regarding tiffin allowance it was at all times, an *ex-gratia* payment. It could not be claimed as a right. In this matter the differing habits of different communities must be considered. The arrangements made by the company in this respect have been in conformity with this and have never been a question of discrimination. In 1940-41 in view of the transport difficulties the company fitted up a tiffin room for the Anglo-Indian staff and gave them a mid-day meal. The reason similar arrangements were not made for other members of the staff, at the same time, was that it was not in accordance with the habits to take a main meal in the middle of the day and they did not suffer any inconvenience in this respect by the onset of traffic difficulties. In 1949 the other staff approached the Company for a tiffin allowance, not that they considered this a matter of discrimination but because increasing difficulties rendered it impossible for them to expend the small amount necessary to purchase snack to which they were accustomed in the middle of the day. In 1952 it closed down the ration shop and the tiffin room and compensated the clerical staff by making a cash allowance of 8 annas per head per working day and compensated the Anglo-Indian staff by making a cash allowance of Rs. 1-8 per head per working day. The subordinate staff have never at any time been given a meal or food in the middle of the day.

The Company operates a non-contributory pension scheme as an alternative of a provident fund. The so-called provident fund which was no more than a staff savings fund was started by the employees more than 20 years ago. It has been operated solely by the employees themselves. In view of the already existing pension and the benefits in the provident fund the employees are not entitled to any further retiral benefit.

Regarding procedure for disciplinary action the Company has framed standing orders for the industrial employees under the Industrial Employment Standing Orders Act, 1946, and are now awaiting certification by the Certifying Officer. For the mercantile employees the Company has for some months past put into operation the scheme laid down in the Bengal Chamber of Commerce Award of 1949 and adopted the Chamber procedure. Whilst affording each employee the fullest opportunity to defend himself or to call upon any other employee to defend him, the Company is not prepared to accede to the proposition that the Union should be co-opted to adjudicate in matters of discipline that arise between the Company and its employees nor that the Labour Commissioner be invited to participate in these preliminary stages.

Regarding the discrimination in terms and conditions of service of Indians and Anglo-Indians the Company stated that the allegations are vague and imaginary and are made to prejudice the Tribunal. The action taken by the Union is probably due to the refusal of the Anglo-Indian employees to join the Union.

Regarding involuntary unemployment and retrenchment reliefs the Company suggests that the amended Industrial Disputes Act should guide them on the subject.

Regarding the termination of service of the 19 employees on the ground of retrenchment the Company justified its action by alleging that there has been a serious drop in its business in recent years and that its prosperity has been declining gradually so much so that it would be facing a crisis unless immediate action was taken to reduce its expenditure.

The Company in the next place answered the 8 specific allegations of uncalled for generosity on its part made by the Union and denied every one of them. It denied that the retrenchment was due to victimisation or unfair labour practice. Bholanath Banerji was most unpunctual and constant leave-taker, and average number of bills fell in 1952 by half from its number in 1949.

It dealt with the other individual cases and submitted that with reference to these 19 men it was justified in each and every case in terminating the service. It denied any *mala fide* on its part and that the permanent section of the retrenched staff was discharged before the Union came into existence.

In its additional written statement the Company stated that the new scales of pay, etc., was introduced in August 1952 and all the employees were fully aware of that. The Company stated that the said scheme was fair and the scales of pay provided adequate remuneration to the employees commensurate with their qualifications. It also denied that the said scheme reduced the total emoluments of the employees at all.

The issues as per schedule to the order of reference are—

(1) Bonus for the years 1951 and 1952.

(2) Tiffin allowance.

(3) Retiral benefits.

(4) Procedure for disciplinary action.

(5) Discrimination in terms and conditions of employment between Anglo-Indians and Indians.

FINDINGS.

Issue No. 1.

This relates to bonus for 1951 and 1952. The Union claims bonus at the rate of 3 months' basic salary and dearness allowance alleging that the Company had earned huge profits in the past, and was able to pay this claim. At the same time it is stated that the employees received bonus at the rate of 2 months' basic pay and dearness allowance in 1951, and at the rate of one month's basic pay with dearness allowance, and one month's basic pay without dearness allowance in 1952. The Company resisted this claim on the ground that it paid bonus amounting to two months' basic pay and dearness allowance in 1951 which was substantial and adequate. It was paid in view of the fact that the Bengal Chamber of Commerce scheme of pay had not been then adopted. In 1952 the employees entered into an agreement with the Company by which the difference between bonus at the rate of two months' basic salary and dearness allowance, and one month's basic salary was incorporated into basic salaries and dearness allowance on the clear understanding that bonus would be paid on this basis at the rate of one month's basic salary only. The employees are not entitled to break this agreement, and on proper accounting it would be found that they were not entitled to any bonus at all for 1952. Taken along with these grounds the Company alleged that there was a very serious drop in business in Calcutta which could not permit them to pay any further bonus.

It has been held in the Full Bench decision of the Labour Appellate Tribunal in the case of Mill Owners' Association *versus* Rastria Mill Mazdoor Sangh, reported in 1952 L.A.C., page 433, that essentially the quantum of bonus must depend upon the relative prosperity of the concern during the year under review, and that prosperity is best reflected in the

amount of the residuary surplus of profits. The claim for bonus is dependent on profits. Admittedly, the employees received two months' basic pay and dearness allowance in 1951, and one month's basic pay and dearness allowance along with one month's basic pay without dearness allowance in 1952. They claim at the rate of 3 months' basic salary and dearness allowance in both those years. The question now is, whether this claim is admissible and can be allowed. So far as the claim for 1951 is concerned, the management's evidence is that the account for that year is already closed. That being so, the present claim is not admissible. The learned representative for the Company relied on the decision of the Labour Appellate Tribunal, reported in 1952, Vol. II, L.L.J., page 183, in the case of Caltex India, Ltd., *versus* their employees, and contended that the employees having accepted that bonus for the past year, without protest, they could not now raise an industrial dispute for higher bonus in that year. Regarding the Company's other objection to the claim, as mentioned above, it is now admitted on both sides that there was an agreement between the Company and its employees under which new scales of pay were introduced with effect from the 1st August 1952. The Union, not being a party to it, contends that it is not binding on it. It is the Union's case now that the Company fraudulently got up this agreement with their own people of the Staff Committee who represented the employees at the time. The Company's position has been made clear in paragraph 4 of its additional written statement in which it is stated, among others, that the said new scales of pay, etc., were introduced at the special request of the employees through the Staff Committee. The Union was not registered at such date. Nevertheless the employees having accepted the benefit under that agreement are bound by it. At the hearing the learned Counsel for the Company asked the Tribunal to scrap that agreement since it is the desire of the Union to do so. The Company has now retraced it steps taken in the written statement and joined with the Union in rescinding that agreement. Since both sides have disowned that agreement, it can no more be pleaded as a defence to the Union's claim of bonus. Further, so far as I have been able to find, there is no materials on record to show that the said agreement was made on the clear understanding that bonus would be paid on the basis of one month's basic salary only. It is needless to refer to the Union's evidence on this point, for, it is not of any real assistance in this case. Shri S. N. Ganguly, the Secretary of the Union, and the only witness on its side, did not say anything about the profits of the Company, and for obvious reasons, for it is the Union's case that the Company's account is a sealed book to them. It is not difficult to appreciate that position, for, usually the Union officials, or for the matter of that, the employees get no access to Company's books of accounts. The Company filed the balance sheet in a confidential cover with a request to treat the same as confidential. It is a private limited concern, and, accordingly, the Tribunal cannot disclose the contents of the documents in its award. The learned representative for the Union, who had access to these documents, did not prepare any chart according to the directions given in the Full Bench case mentioned above. The learned Counsel for the Company, however, has helped this Tribunal with charts showing calculations of bonus strictly according to the Full Bench decision of the Labour Appellate Tribunal. In 1951 the surplus profit available for distribution as bonus amounted to Rs. 10·50 lacs. The actual bonus paid was Rs. 1,30,912-3-9 (*vide* Ext. M1 and the revised calculations filed subsequently). In 1952, any modest calculation will show a deficit amounting to Rs. 82,895 or so. The rehabilitation expenses have not been taken into consideration (*vide* Ext. M). Rupees 71,199 is shown as commission in that year earned by the Company. This is the income which is

unrelated to workers' efforts. According to the Full Bench decision this should have been deducted from the surplus. But this was not done. If this was deducted, the surplus would have been further reduced. It, however, appears from Ext. F that in that year the Company has paid bonus to its employees amounting to Rs. 1,09,999 only. That there has been a drop in sales would appear from Ext. B. The sales fell from Rs. 4,12,886 to Rs. 3,90,738. Mr. Lemmon, the Managing Director, has deposed in this case on commission before he left India for U. K. He has stated in this deposition that the sales in Calcutta since 1951 fell by half. It was as follows:—

Rupees 73,04,016 in 1950.

Rupees 42,12,504 in 1951.

Rupees 41,32,998 in 1952.

Rupees 37,51,455 in 1953.

The Company lost nearly 50 per cent. of its business since December 1950 when Squibbs, an important firm, terminated its business. The Company has got some new firms since then, but that the work in Calcutta continues to be much less than what it was before. There has been a very serious drop in business of the Company. Mr. Lemmon's evidence taken along with that of Mr. Dawnley leaves no doubt that there has been a recession in its business. This is due to various factors. The recent import restrictions are one of them. Apart from alleging that the Company has incurred heavy expenditure, the Union did nothing to show that the Company's balance-sheets are wrong, or that the charts prepared by them are wrong. The Company had profits in both these years, profits in 1952 being very small in comparison with that of 1951, and the previous years. The Company has already paid bonus to its employees. There was no protest when the bonus was paid in 1951. It is only after the Union came into existence that there was a fresh demand for further payment. The demand does not appear to be a reasonable one, in the circumstances of the case. The available surplus profits do not justify any further payment on this account both in 1951 and 1952. I answer the issue accordingly.

Issue No. 2.—Tiffin allowance.

In claiming the tiffin allowance equal in amount to that paid to the Anglo-Indian employees, the Union alleges that the unfair and indiscriminate treatment in this matter should go. At the same time it asked for a payment of a tiffin allowance at the rate of 12 annas per day for the subordinate staff, besides tea that is now being served free of cost. In this connection the Union alleged that the Company should run a canteen at its own cost for the benefit and convenience of all the employees. The Company was not agreeable to maintain any canteen, and it contended that the tiffin allowance was at all times an *ex-gratia* payment, and could not be claimed as of right. Considering the different habits of the different communities, the Company paid the Anglo-Indians at the rate of Rs. 1-8 per day, and the other employees, excluding the subordinate staff, at the rate of 8 annas per day, when in 1952 tiffin rooms were closed.

Canteen is not an issue for adjudication in this case. So it is left out of consideration.

It is admitted that the tiffin allowance is not paid to new entrants, and also to the subordinate staff. It is only paid to those employees, Anglo-Indians and Indians, who enjoyed the benefit before the tiffin rooms

were closed in 1952. It is further in evidence that the Company provided mid-day meals for the Anglo-Indians staff only since 1941 when due to transport difficulties under War conditions the Anglo-Indians could not leave office for their mid-day meal. In 1949 the other clerical staff asked for tiffin allowance, due to increasing economic difficulties, of a small amount, necessary to purchase snacks, to which they were accustomed in the middle of the day, and the Company made necessary arrangements accordingly. Cash allowance was paid since tiffin rooms were closed in 1952. The employees were paid just the amount which was paid to the contractors for providing them with tiffin before that. The Company, of course, denies unfair treatment to its employees in this matter. The question now is, whether it is an *ex-gratia* payment as alleged by the Company. It has not been proved by the Union that it is a condition of service. On its own admission, the new entrants are not entitled to it. The subordinate staff has never received it. This benefit was not allowed to the employees before 1949. Therefore, it is abundantly clear that it is not a condition of service which can form the subject matter for adjudication. It follows that it was in the nature of an *ex-gratia* payment throughout. In fact, in many industrial and mercantile concerns, this is never allowed to any employee, and it is considered to be a luxury, which the Government servants do not enjoy. The learned representative for the Company furnished extracts from several awards on this point. It is Ext. M. It appears that some respectable European business firms provide small tiffin to their employees; the payment was held by the Tribunals to be in the nature of "*ex-gratia*". I was not shown any award of any Tribunal in which a different conclusion was arrived at. Be that as it may, this does not appear to be at all a matter, which in the circumstances of this case, can all the moment form a matter of dispute for adjudication. And as the Company has succeeded in establishing that there has been a very serious recession in its business in Calcutta, and it is passing through anxious and critical times at present, it is not necessary to make this tiffin allowance available to the subordinate staff, nor it is necessary to increase its amount to the rate claimed by the Union, I decide the issue accordingly.

Issue No. 3.—Retiral benefits.

In short, the Union claims (1) Pension Scheme as under the Pension Scheme available at present; (2) Provident Fund in which the Company should make equal contribution with the employees, and (3) Gratuity at the rate of one month's basic salary and dearness allowance for each completed year of service with the maximum equivalent to 15 months of such salary and dearness allowance. The Company resists this claim on the allegation that the employees have a non-contributory Pension Scheme as an alternative to a Provident Fund. The so-called Provident Fund, which more aptly should be termed a staff Savings Fund is in existence. The Company has always encouraged this fund and assisted it in some degrees, but at no time interfered with its operation. It is operated solely by the employees. It denies its liability to make any provision for payment of any Provident Fund and Gratuity. The staff Pension Fund Rules are Ext. J, and the Provident Fund Rules are Ext. K. It appears on perusal of the Provident Fund Rules and the Union's statement that an employee on retirement gets a pension equivalent to 50 per cent. of the salary last drawn by him after putting in 10 years of service. The normal age limit of retirement is 60 years. The Union wants to maintain this scheme, and it has no grievance against it. This appears to be a very good provision indeed. The Provident Fund as it now exists, consists of (*a*) personal contribution, (*b*) Company's contribution, and (*c*) accrued

interest. It is in evidence of P.W. 1, Shri Ganguly, that the employees contribute 2 annas in a rupee each month in the fund. Mr. Lemmon says that they assisted this fund by contributing about 10 per cent. of the employees' contribution. They have no control over this fund. The employees administer it. The question now is, whether triple benefits should be allowed in this case, as claimed by the Union. The Union's claim does not appear to be, on the face of it, reasonable. It has not made out a case that the present time is most opportune for having three retiral benefits, in place of two they enjoyed so long. Once again, it is necessary to record that the Company's financial position, so far as the Calcutta branch is concerned, is not good. Its business position has been reduced by 50 per cent. since 1951. Accordingly, this is not the proper time, in which further retiral benefits should be consider or allowed to the employees. Any further burden on its finances is likely to cripple the business and render the Calcutta branch an uneconomic unit, probably, for good. In fact it has not been shown in this case that any comparable concern in the locality does pay triple benefits to its employees on retirement. Very few enjoy even two benefits at a time. One is, in many cases, found to be a sufficient provision as retiral benefit. The Tribunal, on a consideration of the facts and circumstances of the case, does not consider it necessary to allow any further retiral benefit at present. answer the issue accordingly.

Issue No. 4.—Procedure for disciplinary action.

The Union suggests that if the Company wants to take any disciplinary action against an employee, it must give a charge-sheet setting out the offence, fairly and legibly, and the employees concerned should be given an opportunity to defend himself, by the Union, before a Board of five persons, of whom two will be nominated by the Union, two by the employer, and one by the Labour Commissioner. There should be an appeal to the Labour Commissioner. The Company has framed its standing orders, for its industrial employees, under the Industrial Employment (Standing Orders) Act, 1946, which are now awaiting certification by the Certifying Officer. Regarding its mercantile employees, the Company has introduced the scheme, as laid down in the Bengal Chamber of Commerce Award of 1949, and adopted the Chamber's procedure, which is the model upon which all mercantile firms in Calcutta base their disciplinary procedure. While affording each employee the fullest opportunity to defend himself, or to call upon any other employee to defend him, the Company is not prepared to accede to the proposal of the Union that the Union should be co-opted to adjudicate in matters of disciplinary action. Shri Ganguly, the Secretary of the Union, in his examination-in-chief said that charge-sheets are now being given in cases of disciplinary action taken by the management. This has been introduced since the Labour Officer was appointed in 1953. The Company filed extracts from different awards of our Tribunals on this issue, and its learned Counsel contends that in no case a joint Board was permitted to conduct enquiry in all cases of discipline concerning the employees. In fact, the Union did not succeed in showing that in any award a Joint Board including representatives of the Union ever conducted any enquiry into complaints against employees. The maintenance of internal discipline is a management function, and the management is responsible for it. It is only, in the fitness of things, that enquiries affecting such discipline, amongst its employees, should be made by persons responsible for the management of the business, and not by outsiders. In keeping with the lines of decisions on this point, this Tribunal finds the provision for a Joint Board to conduct enquiries to be

unpractical. The employees of this Company are broadly divided into two classes, viz., (1) those employed in the industrial undertaking, meaning, in the Company's workshops and (2) those employed exclusively on its mercantile side, viz., the supervisory staff, the clerical staff, and the subordinate staff employed in the Head Office. In this connection the Company's suggestion in its written statement appears to be satisfactory. The Standing Orders, now in the process of certification before the Labour Commissioner, cover a large field including the issue under consideration. Such Standing Orders, when certified, will apply to the industrial workers who will be governed by it, and the Bengal Chamber of Commerce's provisions, at present applicable to all employees in this matter, appears to be very reasonable. This has now been adopted and followed by the Company. There cannot be any reasonable objection to our adopting it in this award. The award of the Bengal Chamber of Commerce was published in the *Calcutta Gazette* of the 8th February 1949. It runs as follows (*vide* issue No. 14, page 7):—

"The first thing to be done is that a charge shall be framed and the persons proceeded against shall be furnished, with copy of the charge and the facts on which the persons proceeded against shall submit his explanation. Then a future date should be fixed for the matter to be enquired into. If the person proceeded against is found innocent, the matter ends. If, however, he is found guilty, the clerk concerned shall be supplied with a copy of the findings and the punishment proposd to be imposed. The clerk will get an opportunity again to plead about the punishment only at this stage. If the enquiring officer himself is competent to inflict punishment on the person proceeded against, he will hear his pleadings and order what he thinks best, if the enquiring officer is anybody other than the Secretary, (Manager/Director), and appeal shall lie with him within seven days of the communication of the order punishing the clerk. In case the enquiring officer is not competent to inflict punishment, he will forward the proceedings to the authority competent to punish and that authority will hear the person again and then pass orders. If that authority be other than the Secretary (Manager/Director) an appeal shall lie with him within seven days of the communication of the order punishing the clerk. In case the enquiring officer is not competent to inflict punishment, he will forward the proceedings to the authority competent to punish and that authority will hear the person again and then pass orders. If that authority be other than the Secretary (Manager/Director) an appeal shall lie likewise with the Secretary (or some other officer). In all cases where the proposed punishment is discharge or dismissal, the papers must be laid before the Secretary who will hear the person proceeded against and then pass orders. The clerk proceeded against shall have always the right to be defended by any other employee or by any other retired employee. These are domestic matters and bringing outside agencies is not helpful to the person proceeded against. Any outsider may defend a person proceeded against with the permission of the enquiring officer". I adopt the same procedure for all employees of this Company. Industrial workers will be governed by the Standing Orders when they are brought into force. I decide the issue accordingly.

Issue No. 5.—Discrimination in terms and conditions of employment between Anglo-Indians and Indians.

The Union, in its written statement, said that at present serious discrimination exists between an Indian and an Anglo-Indian employee, and preference is invariably shown to the Anglo-Indians at the sacrifice of

efficient Indian employees. Shipping, Godown, Stock Record, Propaganda and Stationery Departments are instances on the point, and it claimed that instead of recruiting higher grade posts from among Anglo-Indians and Europeans, it should be done from amongst efficient Indian clerks of the office. In this connection the Union points out that claims of suitable efficient and seniormost Indians were superseded in 1952, and it suggests that in the matter of promotion there should be no discrimination, and it should be made according to seniority, other things being equal. The Company refuted this charge emphatically by saying that the allegations made by the Union were vague and imaginary, and further said that it always recruited its staff from persons best suited for the particular post. The issue is unfortunately general in terms, and the Union's evidence, to say the least, is not helpful. It is necessary to quote from the evidence of Shri Ganguly, the Secretary of the Union, on this point. He said that "The Anglo-Indian staff is treated more favourably than the Indian staff. The Anglo-Indians are given higher posts with higher salaries and increments whenever opportunities occur. In the matter of promotion the Anglo-Indians are preferred to the Indian staff in higher ranks. In the godown, when Mr. Roy, the godown officer-in-charge, went home after resigning his post, his deputy, and Anglo-Indian from a different department was given the post of the deputy. The Anglo-Indian posts were given to the Anglo-Indians, but no Indian was given any chance to act in higher ranks in the office. There were experienced Indians in the godown". In the cross examination, the witness admitted that he is a matriculate, and said that he did not know the qualifications of the other Indian staff. He said "I am in a special grade since 1952. All Anglo-Indians are in the special grade. By successive promotions I have reached a 'special basic' from the post of an ordinary clerk.....When Shri Roy was retiring. Mr. Daubney and Mr. Webster respectively were under him. There were clerks under them. Mr. Daubney was appointed the godown-in-charge, and Mr. Webster was appointed his deputy, and Mr. McMaster was brought from the main office in the post of Mr. Webster". This is the only evidence on the side of the Union on this point. It appears from the evidence of O.P.W. 4, Shri Kalibhusan Dey, that he is in the special grade. He entered the service as an assistant. There are ten or twelve Indians in the "special basic" grade. In his cross examination he said that he is a non-matric. It is therefore not correct to say that the Company denied promotions to the deserving Indian employees. It is also not in evidence on the Union side that there were more qualified Indian employees who were denied promotions in 1952. The promotion is entirely a management function. It is now admitted on both sides that it should be made strictly according to seniority and merit. The management, after all, is the best judge to determine the merits of the employees who work under them. From the materials on record it is not possible to find that there has been any unfair treatment to the Indian employees by this Company. The issue is accordingly disposed of.

Issue No. 6.—Involuntary unemployment allowance.

The Union claims involuntary unemployment allowance as per the award of the Major Engineering Tribunal, 1948, or the Major Jute Tribunal, 1948. In contesting this claim the Company conceded that provisions for involuntary unemployment relief normally affect only large scale industries where stoppages due to causes beyond the control of either employers or employees occur. This refers to industrial employees only, and in view of the recent amendment of the Industrial Disputes Act, which provides for "lay of" of industrial workers, the consideration of the issue appears

to be purely redundant. The parties agree that they are now guided in this matter by the law on the subject embodied in the Chapter VA, sections 25A, 25B, 25C and 25E of the Industrial Disputes Act.

Issue No. 7.—Procedure for retrenchment and payment of retrenchment relief.

It is unnecessary to discuss this issue, for special provision has been made for it in section 25F, Chapter VA, of the Industrial Disputes Act. That will govern the parties in this matter.

Issue No. 8.

This refers to the termination of employment of 19 workers mentioned in the schedule to the order of reference. The Union states that their services were terminated by notices between the 29th April 1952 and the 31st July 1952 on the ground of continued recession in business. The Union contests the cases of all these employees on the allegation that 1952 was a year of profit, and there was no recession of business. On the contrary, the Company which hitherto enjoyed huge profits, diverted its income to other channels. One of them was "uncalled for lavish generosity" shown towards some of its officials and Directors. It gave eight instances and contended that the termination was unjustified. And at least in one case of Bholanath Banerji it was illegal, for he was dismissed without permission when the conciliation proceeding was pending. The Company, however, denied these allegations and justified its action by saying that there was recession in its business.

Out of these 19 employees, No. 16 Shri G. K. Ghosh is dead. This is admitted on both sides. His wife made an application for compensation. It is now well established that the death of a worker terminates the contract of employment and no industrial dispute can be raised on his death. Further, any proceeding against a dead man is a nullity. On all these grounds the case of Shri G. K. Ghosh goes out. The Tribunal is not competent to entertain the application purported to be filed on behalf of his widow in this case for compensation. It has no jurisdiction to do so. None of the remaining 18 employees has been examined as a witness in this case. Shri Bholanath Banerji, against whom the management alleges gross inefficiency in work, also does not come. Shri Gopinath Saha *alias* Gopi Sahoo, was not served with any notice under section 33 of the Industrial Disputes Act. P.W. 1 Shri Ganguly said that he was not heard of for a long time. It is difficult to say in this state of evidence, how many of them are still out of employment. At least, according to the Company, 9 out of 11 temporary workers are drawing regular wages by merely signing the Register in the Head Office. The Company has no work for them and asked for the permission from the conciliation officer to discharge them. On the reference of the dispute to this Tribunal, the Company repeated its prayer to discharge them. This is being heard now. Except Shri Kharkar Khan and Gopi Sahoo who did not turn up, the remaining 9 temporary workers are enjoying wages without doing any work for near about a year.

I will now come to evidence on this point. As I have already stated, none of these employees is forthcoming to depose in this case. Shri Ganguly, the only witness on the Union side, said that "Regarding the termination of employment of the 19 employees, we have stated their case at pages 11, 12 and 13" of our written statement. In cross-examination he said

"Eleven persons were served with notice on the 1st May 1953, but on our intervention the notice was withdrawn, two out of eleven did not join, one was not heard of since. Shri G. K. Ghosh is dead. Shri Bholanath Banerjee worked under me as the Bill clerk. He used to make mistakes in preparing bills, but not often. I used to check his bills and correct his mistakes. Some Cash Bill Books show mistakes of overchanging, undercharging, omission of sales tax, errors in totals in bills. Some errors in bills were also detected only from the complaints of the customers. No one has been employed in place of Shri Bholanath Banerjee. I saw the average number of bills given in the Company's reply (Ext. C). Shri K. P. Banerji used to work in the Small Sales Department. Shri Biswanath Banerji worked in the Small Sales Department. The Small Sales Department has been abolished in June-July 1952. Maguni Bearer was a packer in the Head Office Stores. I do not know if he was dismissed for long absence and thereafter reappointed."

This is all on Union's side. Mr. Lemmon said that "In 1948 to 1950 the volume of business was nearly double the business now done. In Calcutta there was business in 1950 worth Rs. 73,04,016, in 1952 worth Rs. 41,32,998, in 1953 worth Rs. 37,51,455." Then he said that towards the end of 1950 the Company lost Squibbs which contributed more than 50 per cent. of the business. Regarding the retrenched employees, he said that he retrenched 11 workmen in 1953. Two of them disappeared. The proposed dismissal was not carried out on account of the pendency of the adjudication proceeding. Those 11 men were engaged for temporary purposes. They had no work for these 11 men when they wanted to retrench these men. Nine people are remaining, but not doing any work. They come to office every morning, sign the book and go away. They were not victimised, nor there was any unfair labour practice adopted in obtaining their discharge.

Regarding recession in business Mr. Daubney said that he personally knew that there was recession and Registers would show the total consignments packed for railway despatch. Mr. J. W. Domley said that he recruited eleven hands temporarily on the understanding that they would be discharged as soon as the work was done. These owrkers were discharged on the termination of their work on the 1st May 1953. He did not employ any worker of that category since then. He had knowledge that these eleven men were previously in the service of the Company. Ext. 8 shows the number of consignments packed—

In 1948	...	12,338.
In 1949	...	12,056.
In 1950	...	10,841.
In 1951	...	8,259.
In 1952	...	7,948.
In 1953	...	6,613.

According to the Union's own evidence there has been at least 50 per cent. reduction in the work of the packers. Ext. C is the Company's letter addressed to the Labour Commissioner, dated 31st May 1952, regarding the discharge of Shri A. K. Roy and Shri Bholanath Banerjee. In this letter the Director explained the situation in which the services of these persons were terminated. Regarding Shri Bholanath Banerjee, it appears that he was appointed on 1-11-46, and employed in the Bill Section of the Accounts Department. The average number of bills per month in 1949 was 3265, in 1950 it was 2381, in 1951 it was 1928 and in 1952 it was

1741. It appears that he was a most consistent leave-taker, and most irregular. Ext. C gives details of his absence which were excused in the past. Regarding the general recession, Ext. B would show comparative sales in 1952 and 1953. In 1952 it was 412886 and in 1953 it was 390738. According to the Company the financial position of the Calcutta office has deteriorated gradually, but alarmingly since 1951. The profits in Calcutta in 1951, according to the Company's own version amounted to about 5·56 lacs. This came down in 1952 to something like Rs. 39,719. The total profits of the concern fell in 1952 to one-fourth of what it was in 1951. That is the overall financial and business position of the Company, particularly of its Calcutta office. The Packing and the Bill sections suffered considerably, and the management found many surplus to their requirements and necessarily decided to effect retrenchment in those departments. The circumstances are such as would not justify the conclusion sought to be made on behalf of the Union that these men were victimised, or any unfair labour practice was adopted in their cases. They were retrenched for genuine trade reasons. It is true that Bholanath Banerjee was not discharged for any misconduct that is to say, for general inefficiency in work. The evidence on that point was probably introduced to explain why he was selected for retrenchment. In any event, since he was a surplus to the requirement, the management is justified in retrenching him. Of these 19 persons Shri Bholanath Banerjee, Shri Bimal Kumar Mookherji, Shri Biswanath Bhattacharya and Shri K. P. Banerji are of the Head Office staff. Shri Biswanath Bhattacharya was in the Small Sales Department which was abolished due to recession in business. This is admitted by Shri Ganguly, Shri K. B. Banerji was a Ration clerk. The Ration Shop was closed. They were undoubtedly surplus to the requirement. The case of packers has been explained by the number of packages being reduced. Regarding the eleven temporary men appointed for a temporary purpose, the justification is there in the very nature of the employment. None of the employees disputes or denies that they were appointed on the clear understanding that they will be discharged on the termination of the temporary work. These eleven temporary workers are not entitled to any retrenchment relief (*vide* decision of the Hon'ble Labour Appellate Tribunal of India, Cordon Press, Madras *versus* their workmen, reported in Indian Factories Journal, Vol. V, 1953-54, page 480). I have already disposed of the case of the dead worker.

As regards those who were discharged in July-August 1952, only the permanent of them are entitled to retrenchment compensation. Two of them were temporarily employed in 1953. They are (1) Chaitan Das and (2) Gopi Sahoo. But they were drawing pay all the same since their discharge from the temporary service. Gopi Saha alias Gopi Sahoo, Purna Dey, Lakshman Barik, Maghuni Behara, Thambia and Swaraj Moni were never made permanent. Accordingly, they are not entitled to any compensation. The other permanent workers, who were discharged in 1952 are entitled to retrenchment relief (*vide* Ext. L). They will be paid one month's wages in liew of notice where no notice was given. They will be paid compensation equivalent to 15 days' average pay for every completed year of service, or any part thereof in excess of six months. Here 'pay' means wages plus dearness allowance. All the payments under this award shall be made within one month of the award coming into operation. In making payments under this issue, any payment on this account previously made will be deducted.

There is one other point, a material one, which has been urged on behalf of the Union generally regarding the Company's finances and

business. This has to be specially examined before this issue is finally disposed of. The retrenchment is sought to be justified on genuine trade reasons. I have already dealt with the financial position of the Company and its business position. The financial position has deteriorated so much in 1952 that the profits fell down from 5·56 lacs to about 39 thousand in 1952. The Calcutta business has been reduced to its former half. There has been a very serious drop in business in Calcutta. Corresponding reduction of work was noticed not only in the bill section but also in the packing section and sales. I have already stated above that the Company filed its balance sheets in a confidential cover with a request to treat it as confidential. The Union representative had access to these accounts, and opportunity to scrutinise them. The balance sheets were not challenged and not shown to be as inaccurate. The only criticism advanced against the company's accounts is that it incurred extravagant expenditure in 1953 while affecting retrenchment in the name of recession of business. The Union mentioned eight instances of "uncalled for generosity" shown towards the Anglo-Indian and the European staff of the Company. This has been emphatically urged as a ground for rejecting the company's plea for retrenchment due to trade recession. It has been said that a large part of the Company's income has been purposely diverted to wrong channels. The purpose is not mentioned, but it appears to be one to defeat the employees' claim for better conditions of service. It is also suggested that the Company intends to stifle the legitimate union activities. But these things are not said in so many words. The question now is whether the eight instances of expenditure, listed in the written statement of the Union, are to be believed to be true. The Company stated that they were imaginary and vague. This takes us to evidence on this point. I refer to Shri Ganguly's evidence on this point. He seems to have overlooked the importance of this objection in the examination-in-chief. In his cross-examination, when pointedly asked, he said that he heard that Mr. Mohant, the Manager, of the Delhi Office, was paid Rs. 80,000 to build a house on condition that he would let it out to this Company. Pressed further, he said that he could not name any definite person from whom he had heard of it. Regarding the expenditure for repairs of the house of Mr. Harris he said that he never went to the said house. He knew that Mr. Harris lived at Alipore. The allegation is that the house was in a good condition and naturally the expenses shown as paid for its repairs were fictitious. Shri Ganguly said that he did not personally know in what condition the house had been before Mr. Harris occupied it. He only heard from the coolies who had carried luggages that the house was in a good condition. It was only out of curiosity that he enquired about it. Mr. Surita, the Labour Officer, was appointed in 1953. There was no Labour Officer before that. It appears from Ext. 9 that Mr. Surita was appointed on a pay of Rs. 600. Ext. 9 shows that these expenses were incurred in 1953 in which year a total amount of Rs. 53,340 was increased in pay. This has no reference to the year relevant for our present enquiry, viz., 1952. This is all the evidence on the side of the Union regarding the eight instances of 'uncalled-for generosity' mentioned in connection with this issue in paragraph 8 of the Union's written statement at page 12. Mr. Lemmon, in his evidence, has refused these allegations. He said that Rs. 30,000 was not spent for the repair of the house of one of its Directors Mr. Harris. Rs. 10,000 was paid for repairs when Mr. Harris came with his family from Bombay. He explained why this was found necessary. It was very difficult to obtain residential accommodation in Calcutta, and it was much better to repair a house than paying salami and rent on furniture. This refers to paragraph 8(b) of the

Union's statement. He denies and says that no officer was paid Rs. 1,000 for honey-moon tour. He admitted that in 1952 dearness allowance was paid for the first time to two officers for it was by mistake not done previously though these officers were entitled to it. Mr. Mohon was paid Rs. 80,000 for building a house in Delhi on condition that he would let out the house for the Company's use. He was paid this sum as advance rent for 3½ years. The Company is not paying any rent till the advance rent is wiped away.

Regarding the high-salaried appointments in 1953, Mr. Lemmon said that Mr. Surita was appointed in that year as the Labour Officer in a new post. It was necessary in the interest of labour welfare. The Directors get a salary and a commission on turnover and no dearness allowance. Mr. Lemmon is the Chairman of the Board of Directors and also the administrative head. It is not necessary to refer to unnecessary cross-examinations to which Mr. Lemmon was subjected to in this case. It appears that in January 1953 the Company allowed Rs. 500 extra salary for each of the four Directors. The Directors got that increment after seven years. That was a time when general increments to other employees were also allowed. Mr. Lemmon has explained the other allegations made in this connection. All these establish that many of the allegations made by the Union regarding extravagant expenditure are not true and all have been satisfactorily explained. Further, it has not been shown that in incurring any of the above expenditures the Company acted otherwise than in the interest of its business, or with any ulterior purpose. The high expenditure, as alleged by the Union in the circumstances of this case cannot be treated as part of the Companys profits. Neither does it disprove the recession in trade which has been alleged and made out on the side of the Company. As noticed above, a part of this expenditure was incurred in 1952 in which year the retrenchment was made not on the ground of loss, but on the ground of trade recession. It is simply because that there was no work due to shrinkage of business for these employees, that they were sought to be retrenched. Accordingly this objection properly speaking is beside the point, although it cannot but be said that it (extravagance) was particularly galling to the poorly-paid employees. It is also open to criticism from the point of view of the employees. A real atmosphere of peace and understanding can only be established if endeavour is made on the side of the management to avoid any heavy expenditure at a time when it contemplates curtailment of expenditure "by axing the low-paid staff." At the same time some latitude, in matter like this, must be given to the management which is primarily responsible for running the business. And then the freedom to carry on the business is not absolute. It must be exercised just like any other right, within lawful limits. The learned representative for the Union could not however show on how many occasions, the management had over-stepped the reasonable limits of its otherwise guaranteed rights to carry on the business. The expenditures cannot be said to be unreasonable on materials placed before the Tribunal. The Union made no attempt whatsoever to prove by evidence that any such expenditure is unknown in any comparable concern in which foreign capital is invested. Therefore, it would be improper now to accuse the Company of diverting a part of its income in the year under review for ulterior purposes. On a consideration of all these facts and circumstances, the Tribunal is of opinion that the Company is justified in effecting the retrenchment of its staff, mentioned in this issue, and that it is only the permanent staff who are entitled to compensation as stated above. The issue is answered accordingly.

Issue No. 9.—Basic pay, grades, scales and adjustments.

In the additional written statement the Union stated that the Company paid a very low scale of pay in comparison with the huge profit it made in the past, and also in comparison with the pay of other mercantile firms. It suggested as many as 17 scales and grades of pay for all classes of employees in the service of the Company, pleading at the same time that the scales of pay brought into existence by the Company in August 1952, under a settlement, should be forthwith abandoned. The Company stood by the new scales introduced in August 1952 alleging that it was done at the employees' request. It has stated that in the event of the existing scheme being set aside, the Company is unable to agree to the scales of pay and grades demanded by the Union, as the demands were exaggerated and fantastic. The pay scales from January 1947 are as follows:—

"A" Grade—Rs. 80—5—125 (including ordinary typist).
"B" Grade—Rs. 50—3—80.
Special basic—Rs. 200 and over.
S.N.C.—Rs. 40—2—60.
Labour Staff—Rs. 30—1—45 (*vide* Union's Ext. 10).

The Pay scales with B.C.C. dearness allowance in August 1952 are as follows:

"C" Grade—Rs. 70—4—135.
"D" Grade—Rs. 70—3—130.

No other grade made (A, B nothing of the kind) but special basic's dearness allowance was 15 per cent. For labour staff no grade made, but B.C.C. dearness allowance followed [*vide* Union's evidence in Ext. 10(a)].

In July 1952 the dearness allowance was as follows:—

"A" Grade—Rs. 50.
"B" Grade—Rs. 45.
Special Grade—Rs. 55.
Special Basic—15 per cent. dearness allowance.
Labour Staff—Rs. 40 plus cheap ration system (*vide* Ext. 11).

Dearness allowance is not a matter of dispute in this case. It is only mentioned to show the total emoluments which the employees are getting under the settlement of August 1952.

The suggested grades of the Union are as follows:—

Departmental Heads—Rs. 250—10—330—15—450.
"A" Grade Clerks—Rs. 150—10—400.
"B" Grade General Clerks—Rs. 100—5—150—10—330.
Non-clerical staff—Rs. 70—3—140.
Carpenters—Rs. 90—3—100.
Packers, Bearers, Durwans, Sweepers and coolies—Rs. 50—2—100.

The other grades as suggested are more or less the same plus some extra allowance. It has been urged on behalf of the Union that the employees be given the above grades and scales of pay, or in the alternative B.C.C. scales in *toto*, or I.C.I. grades, it being a comparable concern with Messrs. Martin & Harris Ltd. (the Company in this case). The Union has supplied different grades of the Volkart Bros. (*vide* Ext. 7), I.C.I and Associated Companies (*vide* Ext. 12) and also the grades of salesmen in four Companies, including the Volkart Bros. (Ext. 14). The Company on the other hand very emphatically contends that it cannot be reasonably compared with Messrs. I.C.I., Ltd. or Messrs. Volkart Bros And although it is affiliated to the Bengal Chamber of Commerce, as one of its constituents, it cannot afford to pay its staff as generously as the Bengal Chamber of

Commerce, being only a very small concern. The Company submitted the following scales and Dearness Allowance current from 1st January 1947:—

Special Grade—Rs. 125—5—200.
Clerical Staff(A)—Rs. 80—5—125.
Clerical Staff (B)—Rs. 50—3—80.
Non-clerical staff Durwans, Peons and coolies, etc.—Rs. 30—1—45.
Dearness Allowance Special Grade—Rs. 30 per month.
Dearness Allowance Clerical (A)—Rs. 25 per month.
Dearness Allowance Clerical (B)—Rs. 20 per month.
Non-clerical—Rs. 15 per month.

Besides above, ration at concession rates which was availed of by the majority (Ext. G).

The Company also filed the grades and scales of pay of its comparable concerns in Calcutta, viz., Messrs. Bengal Chemical, Messrs. B. K. Paul, Messrs. Curex Laboratories, Messrs. Smith Stanistreet & Co., and Messrs. Albert David (*vide* Ext. H).

The question now is, whether the existing scales of August 1952 be maintained, or the admitted scales of 1947 be examined with a view to see if it is capable of further improvement in its reconstruction. The Company as stated above stood by the existing scales of 1952, introduced on the request of the employees in August 1952 before the Union came into existence. The Union, it may be recalled, wanted to scrap it on the allegation that it was an act of fraud on the side of the management. During the trial the Company in view of the Union's attitude, towards the settlement, agreed with the Union that it should go. In these circumstances, and in view of the fact that under the scheme of 1952 some of the employees were getting reduced emoluments, the existing scales of 1952 are given up. It may be mentioned here that it was a part of the B. C. C.'s scale applicable to the employees of this Company. D.A. as per B.C.C. was paid along with these scales of pay. The Union's claim of the Bengal Chamber of Commerce's scale, with higher grade in *toto* now taken up during the hearing of the case, appears to be untenable. The grades of the Bengal Chamber of Commerce are many, and they are mentioned in the award of our Tribunal, published in the *Calcutta Gazette*, dated the 8th February 1949. It has two departments, viz., (1) General and (2) Licensed Measurers Department. The scales are different in these two departments. There are as many as five grades of clerical staff in the Licensed Measurers Department commencing from Rs. 60 and rising up to Rs. 250. In the General Department there are five grades besides one for the typists, one for Sircars and motor drivers, etc. The pay commences from Rs. 60 and rises up to Rs. 250. For obvious reasons the adoption of the Bengal Chamber of Commerce's scales in *toto* is neither feasible nor reasonable. Shri S. C. Chakraborty in his award in Holmes Wilson's case (*vide Calcutta Gazette*, dated the 27th July 1950) considered this point. In that case the very same argument as advanced in the present case was made. The learned adjudicator said that "while agreeing on principle that the Bengal Chamber of Commerce scale should be introduced there are some practical difficulties in copying out the various scales of pay there. The principal difficulty is that in the Bengal Chamber of Commerce case it was found that the employees were mostly matriculates." On a consideration of the special circumstances of that case he laid down a lower grade for the non-matriculate clerks. This takes us to the consideration of the qualifications of the employees in the service of the Company. Mr. Lemmon, the Chairman of the Board of Directors, said that they did not prescribe any minimum qualification for appointment

as clerks. They had not to pass in any qualifying test like the Stenographers. In the staff, there is one graduate only and there are about 50 per cent. non-matriculates and an equal number of matriculates. In the majority of large mercantile firms in Calcutta, the clerks are more qualified. The majority are matriculates. Sri Ganguly said in his cross-examination that he did not know the educational qualifications of the employees. He did not know if there was any graduate among them. He could not say how many of them are non-matriculates. So, practically speaking, Mr. Lemmon's evidence stands uncontradicated. We take it that the majority of the employees are non-matriculates, and there is only one graduate in the whole staff. In reconstructing the wage scales the qualifications of the employees will have to be taken into consideration. The present capacity of the Company to pay is another point to be considered. D.A. may also be taken into account, although it should not be very much in the picture. In this connection it is worth while to remember the nature of business that is transacted by this Company, and the nature of work done by its employees. The Company, as would appear from Mr. Lemon's evidence, is engaged in representation of foreign manufacturers, booking orders from the people of India which would be shipped direct to the Indian purchasers. It is a small organisation as it did not entail physical handling of goods. At all times they have to deal with changing pattern of trade and conditions. Mr. Lemon said that with the changing conditions, with higher emoluments paid to the staff, the higher expenditure in all directions, it is no longer possible to carry on the business on a profitable basis, unless working on full capacity. Sri Ganguly said that the Company deals in medicines, butter milk, toilet, etc. It manufactures some medicines and toilets, including Oatine cream. The two witnesses differ very widely when mentioning its comparable concerns. Mr. Lemmon said that Messrs. Smith Stanistreet & Co., Messrs. Bengal Chemical, Messrs. Bengal Immunity do identical business with them. The nearest comparison would be with Messrs. Smith Stanistreet & Co., Shri Ganguly, on the other hand, mentioned the Glaxo, the Volkart Brothers, the Imperial Chemical Industries and the May & Baker as identical concerns. He said that the Smith Stanistreet & Co., was a manufacturing concern, but they do not deal in butter, milk, quinine, etc. Shri Ganguly could not say what pay scales are given to the employees of those concerns. Regarding the I.C.I., it would appear from Mr. Justice Divatia's award that the I.C.I. (India), Ltd., was a subsidiary of a huge business organisation, with 87 subsidiaries all over the world. I am told that the organisation has now more han 96 subsidiaries, including one in India, all over the world. The I.C.I. deals in heavy chemicals and its business amounted to several crores. By no stretch of imagination it can be said to be a comparable concern with this Company. The Bengal Chemical is reported to be making profits of more than 15 lacs in a year. The Volkart Brothers is the chief Swiss firm in India. It has got import and export business in cotton textiles, air conditioning plants, electrical goods and also Jute business. This is also not a comparable concern. The principle rival of this Company appears to be Messrs. Smith Stanistreet & Co. If any comparison of pay scale is necessary, it must be made with Messrs. Smith Stanisteet & Co. The scales in Messrs. Smith Stanistreet are as below:—

Rs. 60—2½—100.
Rs. 70—4—130.
Peons—Rs. 30—1—40.
Darwans and others—Rs. 30—1—45.

I have anxiously considered the scales and grades of pay for the employees of the Company. Considering the nature of work done by the employees,

and also their qualifications, I am in favour of modifying some of the existing grades. The special basic grade is meant more or less for the Supervisory staff. It is desirable that its increment should be left for the present to the discretion of the management The existing conditions will continue. The "A" grade clerks get a good start at Rs. 80. It has been suggested on behalf of the Company that this grade should be reconstructed with a lower pay at the beginning at Rs. 70 for the new entrants. The maximum should be raised to Rs. 130, in place of Rs. 125. The scale should be Rs. 70—4—130. The employees had enjoyed for long the benefit of a good start in "A" grade, and there is no justification why in reconstructing this grade a lower start should be given to the new entrants. At the same time, I am not unmindful of a higher maximum of this grade in comparable concerns of the locality. This grade should therefore be reconstructed as Rs. 80—5—130. So far as "B" grade is concerned, it has a very low start. In Holmes Wilson's case mentioned above, a grade of Rs. 60—3—90 was created. But in the Smith Stanistreet case, the corresponding grade is Rs. 60—2½—100. It is desirable that the "B" grade should be reconstructed with a better start, and there should be a comparatively higher maximum at the end. This should be Rs. 60—2½—105. So far as S.N.S. and subordinate grades are concerned, the Company's suggestion is that the grade for the subordinate staff should be Rs. 30—1—35 for the labourers, Rs. 30—1—40 for the Peons and Rs. 30—1—45 for the Durwans.

I do not think that these grades require any such revision, for, it is likely to create a discontent amongst different categories of the staff. Accordingly, only two grades should be reconstructed as follows:—

"A" grade—Rs. 80—5—130.
"B" grade—Rs. 60—2½—105.

Regarding adjustments of the grade "A", as point to point adjustment was made in the case of the employees of this grade when it was originally created, no question of further adjustment arises in this case.

Regarding the "B" grade, as the minimum is raised, the question of adjustment will arise, I think, it would be fair if one increment in every three years' service up to a miximum of five increments is allowed in fitting in the pay of an employee of this grade. But he shall not get more than the maximum of the new grade in which he is fitted in (1952, Vol. I, L.L.J., page 16). A new grade was claimed in modification of the one in existence for the salesman. There is a substantial difference between the total emoluments that a salesman gets, as according to the Union and the Company [*vide* Exts. 13 and 13(a)]. In this connection, the Union proved Ext. 14. I have considered the pay of the salesmen in Calcutta and outside, and I find that it does not call for any revision at present. The one other point conceded on behalf of the Company should be placed on record. The employees, both clerical and subordinate, used to get free ration concession till it was abolished. Since its abolition each member of the clerical staff is paid Rs. 10 per month, and each member of the subordinate staff Rs. 5 per month in lieu of that concession. This will, of course, continue. I answer the issue accordingly. This is my award.

NOTIFICATION.

No. 2126L.—19th August, 1954.—The Governor having been pleased to order under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL LEGISLATURE (REMOVAL OF DISQUALIFICATIONS) (AMENDMENT) BILL, 1954.

A BILL

to amend the West Bengal Legislature (Removal of Disqualifications) Act, 1952.

WHEREAS it is expedient to amend the West Bengal Legislature (Removal of Disqualifications) Act, 1952, for the purposes and in the manner hereinafter appearing; West Ben. Act VI of 1952.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Legislature (Removal of Disqualifications) (Amendment) Act, 1954.

Substitution of new section for section 2 of West Ben. Act VI of 1952.

2. For section 2 of the West Bengal Legislature (Removal of Disqualifications) Act, 1952, the following section shall be substituted, namely:—

"Removal of certain disqualifications for membership.

2. It is hereby declared that a person shall not be disqualified for being chosen as, and for being, a member of the West Bengal Legislative Assembly or the West Bengal Legislative Council by reason only of the fact—

(*i*) that he holds any of the following offices of profit under the Government of India or the Government of any State specified in the First Schedule to the Constitution of India, namely:—

(*a*) an office of a Parliamentary Secretary or a Parliamentary Under-Secretary;

(*b*) an office which is not a wholetime office remunerated either by salary or by fees; or

(*ii*) that he has been enrolled in the National Cadet Corps raised and maintained under the National Cadet Corps Act, 1948, or in the Territorial Army raised and maintained under the Territorial Army Act, 1948, or in the West Bengal National Volunteer Force raised and maintained under the West Bengal National Volunteer Force Act, 1949, and receives emoluments consequent thereon.". XXXI of 1948. LVI of 1948. West Ben. Act I of 1949.

STATEMENT OF OBJECTS AND REASONS.

By virtue of clause (*b*) of section 2 of the West Bengal Legislature (Removal of Disqualifications) Act, 1952 (West Ben. Act VI of 1952), a person shall not be disqualified for being chosen as, and for being, a member of the West Bengal Legislative Assembly or of the West Bengal Legislative Council by reason only of the fact that he holds an office of profit under the Government of India or the Government of a State which is not a wholetime office remunerated either by salary or by fees. This section, however, may not be sufficient for the purpose of affording protection against any disqualification as may arise under article 191(*1*)(*a*) of the Constitution of India in the case of a person who, having become a member of the Territorial Army or the National Cadet Corps, wishes to stand as a candidate for election to either House, or in the case of a member of either House who wishes to become a member of the Territorial Army or the National Cadet Corps, inasmuch as membership of either organisation gives rise to a liability for wholetime service, for continuous periods, when certain emoluments become payable by Government, so that wholetime offices of profit would be held under Government for the time being. It is felt that in the larger interests of the country, no such disqualification should arise under article 191(*1*)(*a*) of the Constitution of India in connexion with membership of either organisation. In the case of Members of Parliament, Parliament has made a law under article 102(*1*)(*a*) of the Constitution of India. Certain other States have also enacted laws more or less to the same effect, viz., Bombay, Madras, Uttar Pradesh, Bihar, Punjab, Orissa, PEPSU, Saurashtra and Madhya Bharat.

As similar disqualification may arise in connexion with the membership of the West Bengal National Volunteer Force raised and maintained under the West Bengal National Volunteer Force Act, 1949 (West Ben. Act I of 1949), it is also proposed to remove this disqualification.

The present Bill proposes to amend the West Bengal Legislature (Removal of Disqualifications) Act, 1952, accordingly.

CALCUTTA,
The 18th August, 1954.

B. C. ROY,
Member-in-charge.

By order of the Governor,

Secy. to the Govt. of West Bengal.

NOTIFICATION.

No. 2128L.—19th August, 1954.—The Governor having been pleased to order under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL BLACK MARKETING (REPEALING) BILL, 1954.

A

BILL

to repeal the West Bengal Black Marketing Act, 1948.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Black Marketing (Repealing) Act, 1954.

Repeal of West Ben. Act XXXII of 1948.

2. The West Bengal Black Marketing Act, 1948, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

In Ram Kissen *vs.* the State of West Bengal (56 C.W.N. 659) the Calcutta High Court held that the provisions empowering Government, at its discretion, to allot cases under the West Bengal Black Marketing Act, 1948 (West Ben. Act XXXII of 1948), to a Special Tribunal for trial were *ultra vires* article 14 of the Constitution of India and therefore void.

2. The matter having been referred to the Law Revision Committee, it expressed the view that this provision was discriminatory inasmuch as Government had a discretion to prosecute persons guilty of breaches of various Control Orders in different ways, namely, under the Essential Supplies (Temporary Powers) Act, 1946 (XXIV of 1946), which is a Central Act, and the West Bengal Black Marketing Act, 1948, which is a State Act. The maximum punishment under the former Act is rigorous imprisonment up to three years, whereas the maximum punishment under the latter Act is rigorous imprisonment up to seven years. Thus persons of the same class and similarly situated and circumstanced could be dealt with differently.

3. Quite apart from this, the Committee held the view that in the context of the Essential Supplies (Temporary Powers) Act, 1946, the West Bengal Black Marketing Act, 1948 is void to the extent of repugnancy by reason of article 369 of the Constitution of India. It, therefore, recommended removal of the Act from the Statute Book.

4. The West Bengal Black Marketing (Repealing) Bill, 1954, is therefore being introduced.

(Clauses 3—5.)

Power of Court to release certain offenders after admonition.

3. Any Court which convicts an offender of an offence under section 379 or section 380 of the Indian Penal Code or of any offence whatsoever punishable with imprisonment for not more than two years, may, if no previous conviction is proved against him, and if it is of opinion that having regard to his age, character, antecedents, or physical or mental condition and to the trivial nature of the offence or to the extenuating circumstances under which the offence was committed, it is expedient so to do, release him after due admonition instead of sentencing him to any punishment. Act XLV of 1860.

Power of Court to order certain offenders sentenced to terms of imprisonment of not more than six months to be released on probation.

4. (*1*) Any Court which sentences an offender to imprisonment (not being imprisonment in default of payment of fine) for a term not exceeding six months for an offence not punishable with death or transportation for life, may, if no previous conviction is proved against him, and if it is of opinion that having regard to his age, character, antecedents, or physical or mental condition or to the extenuating circumstances under which the offence was committed, it is expedient so to do, order him to be released on his entering into a bond with at least one surety to keep the peace and be of good behaviour, to remain under the supervision of a Probation Officer as required under this Act, to observe the conditions imposed by the supervision order and to comply with the provisions of section 6:

Provided that the Court shall not direct the release of an offender unless it is satisfied that the offender or the surety (where there is only one surety) or one of the sureties (where there are more than one surety), has a fixed place of residence and regular occupation in the area within which the Court exercises jurisdiction or in which the offender is likely to live during the period referred to in sub-section (*2*) for which the bond is to remain in effect.

(*2*) The period for which the bond is to remain in effect shall be stated therein; such period shall not be less than one year nor more than three years as the Court may direct; and upon the expiry of such period, the sentence shall, subject to any order passed under section 7, be deemed to have been executed and the supervision order shall stand cancelled.

(*3*) Before passing an order under sub-section (*1*), the Court may take into consideration a report from a Probation Officer for the area within its jurisdiction.

(*4*) Whenever an order under sub-section (*1*) is passed by a Court, it shall, in addition, pass a supervision order directing that the offender shall remain under the supervision of a Probation Officer named in the order during the period for which the bond is to remain in effect and may in such supervision order impose such conditions as it deems necessary for the due supervision of the offender.

(*5*) Such conditions may be with respect to residence, abstention from intoxicants or such other matters as the Court deems necessary.

(*6*) A Court which passes an order under sub-section (*1*), shall furnish forthwith one copy each of the supervision order free of charge to the Probation Officer concerned, the offender and the surety or sureties.

Power of Court to order offender released on admonition or probation or his parent or guardian to pay compensation and costs.

5. (*1*) A Court ordering the release of an offender under section 3 or section 4, may, if it thinks fit, make at the same time further order directing him to pay—

(*a*) such compensation as the Court thinks reasonable for loss or injury caused to any person by the offence;

(*b*) where he is so released after having been convicted of any offence which includes theft, criminal misappropriation, criminal breach of trust, or cheating, or of having dishonestly received or retained, or of having voluntarily assisted in disposing of, stolen property knowing or having reason to believe the same to be stolen,—such compensation as it thinks reasonable to any *bona fide* purchaser of such property for the loss of the same if such property is restored to the possession of the person entitled thereto:

The West Bengal Offenders (Release on Admonition and Probation) Bill, 1954.

(Clauses 6—9.)

(*c*) such costs of proceedings as the Court thinks reasonable.

(*2*) If the offender against whom an order is made under sub-section (*1*) is, or appears to the Court to be, under the age of sixteen years and if it appears to the Court that the parent or guardian of the offender has contributed by his neglect or in any other way to the commission of the offence, the Court may order the payment of such compensation or cost by such parent or guardian; but no such order shall be made without giving the parent or guardian an opportunity of being heard.

(*3*) The parent or guardian may appeal against any order made under sub-section (*2*).

(*4*) A Civil Court trying any suit arising out of the same matter for which the offender is prosecuted, shall take into account any sum paid or recovered as compensation under sub-section (*1*) in awarding damages.

(*5*) The amount ordered to be paid under sub-section (*1*) may be recovered as a fine in accordance with the provisions of sections 386 and 387 of the Code.

Variation of conditions of probation.

6. A Court which passes an order under section 4 may at any time while the supervision order is in force, on sufficient cause being shown by the Probation Officer, or of its own motion where it deems proper, make any variation in the conditions imposed in the supervision order:

Provided that no such variation shall be made without giving the offender and the surety or the sureties named in the bond an opportunity of being heard:

Provided further that if any surety refuses to consent to such variation, the Court may require the offender to provide a new surety in place of the surety who so refuses; and upon the failure of the offender to do so, the Court may order the sentence to be executed.

Provision in case of offender failing to observe conditions of bond.

7. (*1*) If a Court which passes an order under section 4 has reason to believe on the report of the Probation Officer or on information received that the offender has failed to observe the conditions of the bond, it may issue a warrant for his arrest or may, if it thinks fit, issue a summons to him and his surety or sureties, requiring them to attend before it at such time as may be specified in the summons.

(*2*) When the offender is brought before the Court under arrest or appears before it in pursuance of the summons, the Court may either remand him to custody until the case is concluded or admit him to bail, with or without sureties, to appear on the date which it may fix for hearing.

(*3*) If after hearing the case, the Court is satisfied that the offender has failed to observe any of the conditions of the bond, it may forthwith—

(*a*) order the sentence to be executed, or

(*b*) where the failure is for the first time then, without prejudice to the continuance in force of the bond, impose upon him a penalty not exceeding fifty rupees.

(*4*) If the penalty imposed under clause (*b*) of sub-section (*3*) is not paid within the time fixed by the Court or within any such further time as may be allowed by the Court, the Court shall order the sentence to be executed.

Provisions as to sureties.

8. The provisions of sections 122, 126, 126-A, 406-A, 514, 514-A, 514-B and 515 of the Code, shall, so far as may be, apply in the case of bonds and sureties offered under this Act.

Probation Officers.

9. (*1*) A Probation Officer under this Act shall be—

(*a*) a person appointed to be a Probation Officer by the State Government or recognised as such by the State Government; or

(*b*) in any exceptional case, any other person who, in the opinion of the Court, is fit to act as a Probation Officer in the special circumstances of the case.

The West Bengal Offenders (Release on Admonition and Probation) Bill, 1954.

(Clauses 10—15.)

(2) A Court which passes an order under section 4 or the District Magistrate of the district within which the offender for the time being resides, may at any time appoint another Probation Officer in the place of the person named in a supervision order.

Explanation.—For the purposes of this section the Presidency-town of Calcutta shall be deemed to be a district and the Chief Presidency Magistrate, Calcutta, shall be deemed to be the District Magistrate of that district.

Duties of Probation Officers.

(1) inquire, if called upon by a Court, into the circumstances or home surroundings of any offender with a view to assist the Court in determining the most suitable method of dealing with him;

(2) supervise persons placed under his supervision and, when necessary, endeavour to find them suitable employment;

(3) advise, assist and befriend, in such cases and in such manner as may be prescribed, persons who have been released under section 4; and

(4) perform such other duties as may be required.

Powers of Appellate Courts and the High Court.

11. An order under this Act may be made, varied, set aside, or substituted by a sentence, by an Appellate Court, or by the High Court when exercising its power of revision.

Power to make rules.

12. (1) The State Government may make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing provisions, such rules may provide for all or any of the following matters, namely:—

(a) matters required to be prescribed under this Act;

(b) the manner of appointment or selection of Probation Officers, the terms and conditions of their service and the area within which they are to exercise jurisdiction;

(c) the manner in which Probation Officers shall carry out their duties under this Act and the submission of reports by them;

(d) the remuneration and expenses to be paid to Probation Officers;

(e) the payment of subsidy to any society or organization which provides persons who are recognised by the State Government as Probation Officers under this Act;

(3) All rules made under this section shall be subject to the condition of previous publication in the *Official Gazette*.

Savings.

13. Nothing in this Act shall affect the provisions of section 31 of the Reformatory Schools Act, 1897, or the Bengal Children Act, 1922, or the Bengal Borstal Schools Act, 1928.

VIII of 1897. Ben. Act II of 1922. Ben. Act I of 1928.

Section 562 of the Code not to apply in certain areas.

14. Section 562 of the Code shall cease to apply to areas in which this Act or any provisions thereof are brought into force.

Act to override other law.

15. The provisions of this Act shall have effect notwithstanding anything to the contrary in any other law.

STATEMENT OF OBJECTS AND REASONS.

Persons who are sentenced to imprisonment for periods not exceeding six months constitute about ninety *per cent.* of the total convict population of jails in this State. Imprisonment for short periods is not a deterrent and it is difficult to bring to bear suitable reformative influences on these persons in jail. Sub-section (*1A*) of section 562(*1A*) of the Code of Criminal Procedure, 1898 (Act V of 1898) provides that when a person is convicted of theft, theft in a building, dishonest misappropriation, cheating or any other offence under the Indian Penal Code punishable with not more than two years' imprisonment and no previous conviction is proved against him, the Court before which he is convicted may, under certain circumstances, instead of sentencing him to any punishment, release him after due admonition. It is now proposed to extend this provision to convictions for all offences punishable with imprisonment for not more than two years, whether under the Indian Penal Code or under any other law.

Sub-section (*1*) of section 562(*1*) of the Code of Criminal Procedure, 1898, empowers the Court before which an offender is convicted to release him on probation, under certain circumstances, instead of sentencing him at once to any punishment. There is, however, at present no provision for placing such released offenders under supervision during the period of probation. It is now proposed that when any Court sentences an offender for a term not exceeding six months, and no previous conviction is proved against him, it shall have power to release him on probation for a period of not less than one year and not more than three years, and to place him under supervision of a Probation Officer during the period. Provision has also been made in the Bill for appointment of Probation Officers.

The reasons for the different clauses of the Bill are explained below:—

Notes on Clauses.

Clause 3.

This clause is based on sub-section (*1A*) of section 562 of the Code of Criminal Procedure, 1898. Under that section release on admonition is permissible when a person is convicted of theft, theft in a building, dishonest misappropriation, cheating or any offence *under the Indian Penal Code* punishable with not more than two years' imprisonment. In clause 3 of the Bill the scope of this provision has been extended to all offences punishable with not more than two years' imprisonment, *whether under the Indian Penal Code or any other law.*

Clause 4.

Sub-clause (*1*).—This sub-clause is based on sub-section (*1*) of section 562 of the Code of Criminal Procedure, 1898. Section 562 of the said Code applies when the conviction is for an offence punishable with imprisonment for not more than seven years in case of persons not under twenty-one years of age, or an offence not punishable with death or transportation for life, in case of women and persons under twenty-one years of age. Sub-clause (*1*) of clause 4 of the Bill applies to any first offender, irrespective of age or sex, who is convicted of an offence not punishable with death or transportation for life and sentenced to imprisonment for a term not exceeding six months. While probation, which involves supervision by a Probation Officer for a considerable period, is not suitable in very petty cases, it is considered that it should be limited to cases where the offence is not so serious as to make a heavy sentence of imprisonment appropriate. The scope of the said clause of the Bill has, therefore, been restricted to cases in which sentence of imprisonment for terms not exceeding six months is passed.

Under the proviso to sub-section (*1*) of section 562 of the Code of Criminal Procedure, 1898, the power to release an offender on probation cannot be exercised by a Magistrate of the third class or a Magistrate of the second class, not specially empowered in this behalf. Under sub-clause (*1*) of clause 4 of the Bill, this power can be exercised by any Court. It is considered that when a Magistrate can be entrusted to sentence a person to imprisonment, he may as well be empowered to release him on probation.

Under sub-section (*1*) of section 562 of the Code of Criminal Procedure, 1898, the offender enters into a bond with or without sureties. Under sub-clause (*1*) of clause 4 of the Bill it is obligatory to furnish at least one surety before an offender is released on probation. A surety will normally be a person who has influence or control on the offender and it is considered essential to have in every case a surety who can exercise his influence to ensure the good conduct of the probationer. The proviso to sub-clause (*1*) of clause 4 of the Bill is based on sub-section (*1*) of section 564 of the Code of Criminal Procedure, 1898. But whereas sub-section (*1*) of section 564 of the Code of Criminal Procedure, 1898, requires that the offender or his surety shall have a fixed place of abode or regular occupation, under the Bill both place of residence and regular occupation are prerequisites. This

extra precaution is necessary to ensure that the power to release on probation is exercised only in cases where good result can be reasonably expected.

Sub-clause (4).—This sub-clause provides for supervision by a Probation Officer whenever the Court releases an offender on probation. There is no such provision in section 562 of the Code of Criminal Procedure, 1898.

Clause 5.

Sub-clause (1).—This is analogous to the provisions of sub-section (*1*) of section 545 of the Code of Criminal Procedure, 1898.

Sub-clause (2).—This sub-clause provides for enforcing the responsibility of the parents or guardians where they have contributed to the offence by negligence or otherwise.

Clause 14.

As the provisions in the Bill deal with the same matter as section 562 of the Code of Criminal Procedure, 1898, it is intended that in areas where this law is brought into force, it will replace section 562 of the said Code.

NOTIFICATION.

No. 2134L.—20th August, 1954.—The Governor having been pleased to order under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CALCUTTA PORT (AMENDMENT) BILL, 1954.

A

BILL

to amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to amend the Calcutta Port Act, 1890, for the purposes and in the manner hereinafter appearing; Ben. Act III of 1890.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the Calcutta Port (Amendment) Act, 1954.

Amendment of section 59 of Ben. Act III of 1890.

2. To section 59 of the Calcutta Port Act, 1890 (hereinafter referred to as the said Act), the following proviso shall be added, namely:—

"Provided that where any agreement has been reached between the Commissioners and the Corporation of Calcutta providing that the annual value of the properties vested in the Commissioners is to be ascertained for the purposes of municipal assessment on a basis different from that set out in the foregoing provisions of this section, the annual value may, with the approval of the State Government, be ascertained on such basis with effect from such date (which shall not be earlier than the 1st day of April, 1952) as the State Government may direct.".

The Calcutta Port (Amendment) Bill, 1954.

(Clauses 3, 4.)

Amendment of section 66A.

3. To sub-section (*1*) of section 66A of the said Act, the following proviso shall be added, namely:—

"Provided that where any agreement has been reached between the Commissioners and the Corporation of Calcutta providing that the annual value of any building or structure erected on any land vested in the Commissioners let out to tenants is to be ascertained for the purposes of municipal assessment on a basis different from that set out in the foregoing provisions of this sub-section, the annual value may, with the approval of the State Government, be ascertained on such basis with effect from such date (which shall not be earlier than the 1st day of April, 1952) as the State Government may direct.".

Amendment of section 68A.

4. In sub-section (*1*) of section 68A of the said Act,—

(*i*) after the word "applicable" the words "*mutatis mutandis*" shall be inserted; and

(*ii*) after the words "of the said Act" the words "or to which section 168 of the Calcutta Municipal Act, 1951, has been or may be extended under section 589 of that Act" shall be added. West Ben. Act XXXIII of 1951.

STATEMENT OF OBJECTS AND REASONS.

For the purposes of municipal taxation, the valuation of the properties in Calcutta (and Howrah) vested in the Commissioners for the Port of Calcutta is governed not by the Calcutta Municipal Act, 1951 (West Ben. Act XXXIII of 1951) (which regulates the valuation of all properties for municipal taxation in Calcutta and Howrah) but by the Calcutta Port Act, 1890 (Ben. Act III of 1890), under which the annual value of the said properties is, generally speaking, fixed at five *per cent.* of the capital cost. As most of these properties were acquired or constructed in the mid-nineteenth century, when prices were very low, this works out greatly to the detriment of the revenues of the Corporation of Calcutta (and the Howrah Municipality), which would, under the normal procedure laid down in the Calcutta Municipal Act, 1951, derive a far larger revenue from the taxation of Port properties than they do under the provisions of the Calcutta Port Act, 1890.

2. In September, 1950, following prolonged discussions with the Corporation authorities, the Port Commissioners produced a scheme of assessment which has been accepted by the Calcutta Corporation. The agreement is expected to result in an annual increase of over eleven lakhs of rupees in the amount of municipal taxes and rates payable by the Port Commissioners to the Calcutta Corporation alone.

3. In order to give effect to the agreement referred to above it is proposed to amend the Calcutta Port Act, 1890, in the manner shown in the Bill.

Short title and commencement.

1. (*1*) This Act may be called the West Bengal *Bargadars* (Amendment) Act, 1954.

(*2*) It shall come into force immediately on the West Bengal *Bargadars* (Amendment) Ordinance, 1954, ceasing to operate. West Ben. Ord. V of 1954.

12A. Provided that if, where an order directing the restoration to cultivation of the land by the *bargadar* is made under this sub-section, there is on the land any standing crop grown by any person other than the *bargadar*, such order shall not be enforced except on payment by the *bargadar* of such sum as may be determined by the Sub-divisional Magistrate or other officer making the order to be the fair and reasonable cost of growing such crop.

(*4*) An offence under sub-section (*3*) shall be cognizable and bailable.

(*5*) The provisions of this section shall have effect notwithstanding anything contained in section 7.".

Continuance.

4. On the West Bengal *Bargadars* (Amendment) Ordinance, 1954, ceasing to operate, section 8 of the Bengal General Clauses Act, 1899, shall apply as if the said Ordinance and the West Bengal *Bargadars* (Second Amendment) Ordinance, 1954, were enactments then repealed by a West Bengal Act.

West Ben. Ord. V of 1954.
Ben. Act I of 1899.
West Ben. Ord. VIII of 1954.

STATEMENT OF OBJECTS AND REASONS.

While both the Houses of the Legislature were not in session there arose certain circumstances which rendered it necessary to amend the West Bengal *Bargadars* Act, 1950 (West Ben. Act II of 1950), by promulgation of two Ordinances for the following purposes, namely:—

(i) to obtain powers for the Sub-divisional Magistrate or any other officers subordinate to him to direct restoration to cultivation of any land by a *bargadar* who has been evicted by the owner in contravention of the provisions of the Act and to enforce the order forthwith;

(ii) to make such eviction a penal offence, if it is effected after the commencement of the West Bengal *Bargadars* (Amendment) Ordinance, 1954 (West Ben. Ord. V of 1954);

(iii) to limit the time during which an order made by a Board or an Appellate Officer for the termination of cultivation of any land by a *bargadar* shall be executed; and

(iv) to provide for certain ancillary matters.

The Bill seeks to enact the provisions of the said Ordinances.

Cinematograph exhibitions to be licensed

3. (*1*) Save as otherwise provided in this Act, no person shall give a public exhibition by means of a cinematograph elsewhere than in a place in respect of which a licence has been granted under this Act or otherwise than in compliance with any conditions or restrictions imposed by such licence.

(*2*) The State Government may, if it considers it necessary to do so, make an order for regulating exhibitions other than public exhibitions and prescribe rules and conditions for the purpose.

4. The authority having power to grant licences (hereinafter referred to as the licensing authority) shall be the District Magistrate within whose jurisdiction the place, where the exhibitions by means of cinematograph are proposed to be given, is situated:

Provided that the State Government may, by notification in the *Official Gazette*, constitute for the whole of West Bengal or any part thereof, such other authority as it may specify in the notification, to be the licensing authority for the purposes of this Act and on such a notification being issued, the District Magistrate or the District Magistrates having jurisdiction in the area or areas in respect of which the notification has been issued shall cease to be the licensing authority or authorities for such area or areas.

6. (*1*) The State Government in respect of the whole of West Bengal or any part thereof, and a District Magistrate in respect of the area within his jurisdiction, may, if it or he is of opinion that any film which is being publicly exhibited or is about to be so exhibited is likely to cause a breach of the peace, by order, suspend or prohibit the exhibition of the film and during such suspension or prohibition the film shall not be exhibited in the State, or in such part thereof or in such area, as the case may be.

(*2*) Where an order under sub-section (*1*) has been issued by a District Magistrate, a copy thereof, together with a statement of the reasons therefor, shall forthwith be forwarded by the District Magistrate to the Commissioner of the Division comprising the district under the jurisdiction of the District Magistrate and such Commissioner may either confirm or discharge the order:

Provided that before confirming any such order, such Commissioner shall give to persons prevented from exhibiting the film, an opportunity of showing cause against such order.

(*3*) An order made under this section shall remain in force for a period of two months from the date thereof, but the State Government may, in the case of an order made by itself, and the Commissioner may, in the case of an order made by a District Magistrate and confirmed by him, if it or he is of opinion that the order should continue in force, direct that the period of suspension or prohibition shall be extended by such further period or periods as it or he thinks fit.

7. If the owner or person in charge of a cinematograph uses the same or allows it to be used for giving an exhibition, or if the owner or occupier of any place permits that place to be used, in contravention of the provisions of this Act or of the rules made thereunder, or of the conditions and restrictions upon or subject to which any licence has been granted under this Act, he shall be punishable with fine which may extend to one thousand rupees and, in the case of a continuing offence, with a further fine which may extend to one hundred rupees for each day during which the offence continues.

Power to revoke licence.

8. Where the holder of a licence under this Act has been convicted of an offence under section 7 of the Cinematograph Act, 1952, or section 7 of this Act, the licence may be revoked by the licensing authority. XXXVII of 1952.

Power to make rules.

9. (*1*) The State Government may, by notification in the *Official Gazette*, make rules for the purpose of carrying into effect the provisions of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, rules made under this Act may provide for—

(*a*) the procedure in accordance with which a licence may be obtained and the terms, conditions and restrictions, if any, subject to which a licence may be granted under this Act;

(*b*) the regulation of cinematograph exhibitions for securing public safety;

(*c*) the time within which and the conditions subject to which, an appeal under clause (*a*) of sub-section (*4*) of section 5 or an application to the State Government for revision under sub-clause (*i*) of clause (*b*) of that sub-section may be made;

(*d*) the procedure for appeals and revisions under sub-section (*4*) of section 5;

The West Bengal Cinemas (Regulation) Bill, 1954.

(Clauses 10—13.)

(e) the payment of fees for a licence under this Act or for a renewal of such licence or for an appeal under clause (a) of sub-section (4) of section 5 or for an application for revision under sub-clause (i) of clause (b) of that sub-section.

Power to exempt

10. The State Government may, by order in writing, exempt, subject to such conditions and restrictions as it may impose, any cinematograph exhibition or class of cinematograph exhibitions from any of the provisions of this Act or of any rules made thereunder.

Protection of State Government and of officers of Government for acts done in good faith.

11. No suit or proceeding shall lie against the State Government and no suit, prosecution or proceeding shall lie against any officer of Government for anything in good faith done, or intended to be done, under this Act or any rules made thereunder.

Validation of fees already realised

12. Any fees realised or purported to have been realised in respect of licences or renewals thereof granted under the Cinematograph Act, 1918, shall be deemed to have always been validly realised. II of 1918

Repeal

13. So much of the Cinematograph Act, 1918, as applies to West Bengal, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The Cinematograph Act, 1918 (II of 1918), as it stood immediately before the commencement of the Constitution of India, dealt principally with two subjects, namely:—

(1) examination and certification of films as to their suitability for public exhibition, and

(2) regulation of cinemas including their licensing.

The first of these became a Union List subject after the commencement of the Constitution of India. The second comes within the State List. The existence of both Union List and State List matters in the same enactment led to a certain amount of confusion and administrative difficulty. Parliament accordingly passed the Cinematograph Act, 1952 (XXXVII of 1952) replacing the Cinematograph Act, 1918. But as Parliament had no power to deal with the second of the two subjects mentioned above, so far as it related to Part A and Part B States, it left the provisions of the Cinematograph Act, 1918, unrepealed in this regard.

The present Bill repeals the existing provisions of the Cinematograph Act, 1918, in so far as it relates to West Bengal. It deals with regulation of cinemas including their licensing.

NOTIFICATION.

No. 2157L.—24th August, 1954.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE BENGAL MUNICIPAL (SECOND AMENDMENT) BILL, 1954.

A

BILL

to amend the Bengal Municipal Act, 1932.

WHEREAS it is expedient to amend the Bengal Municipal Act, 1932, for the purpose and in the manner hereinafter appearing; Ben. Act XV of 1932.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Municipal (Second Amendment) Act, 1954.

(*2*) It shall come into force immediately on the Bengal Municipal (Amendment) Ordinance, 1954, ceasing to operate. West Ben. Ord. II of 1954.

Amendment of section 554 of Ben. Act XV of 1932.

2. In clause (*b*) of sub-section (*1*) of section 554 of the Bengal Municipal Act, 1932, for the words "or any rule or by-law made thereunder", the words "or any other Act or any Ordinance or any Regulation or any rule, by-law, order, notification or subsidiary legislation made under the provisions of this Act or such other Act or such Ordinance or such Regulation" shall be substituted and shall be deemed to have always been substituted.

Savings.

3. Any action taken or anything done under the Bengal Municipal Act, 1932, as amended by the Bengal Municipal (Amendment) Ordinance, 1954, shall, on the Bengal Municipal (Amendment) Ordinance, 1954, ceasing to operate, be deemed to have been taken or done under the said Act as amended by this Act as if this Act had commenced on the 19th day of April, 1954.

STATEMENT OF OBJECTS AND REASONS.

Under clause (*b*) of sub-section (*1*) of section 554 of the Bengal Municipal Act, 1932 (Ben. Act XV of 1932), when the Commissioners of a municipality are superseded, the Administrator appointed by the State Government exercises and performs only such powers and duties of the Chairman and the Commissioners (whether at a meeting or otherwise) as are given by the provisions of the Bengal Municipal Act, 1932 or any rule or by-law made thereunder. As a matter of fact, however, the Chairman and the Commissioners exercise and perform various other powers and duties under the provisions of other laws also, such as the Calcutta Municipal Act, 1951 (West Ben. Act XXXIII of 1951) (in the case of the Howrah Municipality), the Bengal Food Adulteration Act, 1919 (Ben. Act VI of 1919), the Cattle-trespass Act, 1871 (I of 1871), the Bengal Vaccination Act, 1880 (Ben. Act V of 1880), etc., and the rules, by-laws and notifications issued thereunder. The Administrator should therefore be authorised to exercise and perform those powers and duties as well.

To remove the lacuna in the existing legislation, as soon as it became apparent, an Ordinance was promulgated in April, 1954 (when both Houses of the Legislature were not in session) suitably amending section 554 of the Bengal Municipal Act, 1932.

Under article 213(*2*)(*a*) of the Constitution of India the Ordinance will cease to operate at the expiration of six weeks from the date of reassembly of the Legislature; this Bill is therefore being introduced to enact the provisions of the said Ordinance.

LABOUR DEPARTMENT

ORDER.

No. 3948Dis./D/13L-3/54.—14th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2121Dis./D/13L-3/54, dated the 12th April 1954, the industrial dispute between Messrs. A. T. Dev, Ltd., 21, Jhamapukur Lane, Calcutta-9 and their three workmen, namely, Shri Amulya De, Shri Gorachand Roy Choudhury and Md. Moslem represented by Press Employees' Association, 249-B, Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule thereto was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its interim award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said interim award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application for interim relief filed by Messrs. Press Employees' Association against Messrs. A. T. Dev, Ltd., arising out of an industrial dispute between Messrs. A. T. Dev, Ltd., and their workmen.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

The original reference out of which this present application for interim relief has arisen was made under Government order No. 2121Dis./D/13L-3/54, dated the 12th April 1953.

INTERIM AWARD.

On behalf of the Company (employer) none appears. Workmen and their representatives appear. Perused the record and heard the representative of the workmen. These workmen (Amulya, Gorachand and Md. Moslem) have been suspended by the employer pending permission from Labour Commissioner to dismiss them on ground of misconduct. Company's case is that suspension was made as "security measures". The standing order in the award (published in March 1951) is alleged to be the standing order (by adoption) of this Company. There is no provision to suspend without wages although there is provision to suspend. *Prima facie* suspension is not termination of service. So, ordinarily suspended employee may claim wages or subsistence allowance for the period of suspension. I am, therefore, of opinion that it is a fit case where interim relief in the shape of subsistence allowance should be granted. Ordered that the employer Company shall pay from the

month of August 1954, subsistence allowance at half of the wages (basic only as dearness allowance was not paid to them before) with effect from July 1954 and that such payment shall be made by the employer in the presence of the Tribunal (as desired by the workmen) and the payments shall be due in the first week of every month (English calender month) and the first payment shall be due in the first fortnight of August 1954. Award be drawn up accordingly and a copy be sent to the employer. This arrangement is to continue till disposal of Reference Case or until further order whichever is earlier.

Dictated and corrected by me.

M. L. CHAKRAVATTI,
Judge.

MOTILAL CHAKRABATTI,
District Judge,
Judge, Sixth Industrial Tribunal.

The 2nd August 1954.

versus

The Lister Antiseptics & Dressings Co. (1928), Ltd. ... ... *Opposite Party.*

Present for the petitioner: Shri Duryodhan himself.

Present for the opposite party: Shri P. K. Sanyal, Advocate.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by workman, Shri Duryodhan. He was a bearer in the Biological Department of the Company opposite party. He alleged that during the pendency of the reference made by Government order No. 1225Dis./D/11L-8/53, dated 10th April 1953, the opposite party had discharged him on 28th January 1954 without notice and without permission from the Tribunal. He accordingly prayed for reinstatement and for payment of compensation for the period of forced unemployment.

The Company opposed the application. The Company denied that Shri Duryodhan was discharged on 28th January 1954 and pleaded that he was temporarily appointed on the 8th April 1953, for a period of 10 months in connection with some definite orders on the express stipulation that his service would terminate on expiry of 10 months without any notice and without any claim from him. The workman accepted the appointment on those terms. The work in connecion with which he was appointed was completed before he was discharged but he had to be retained in service even after the completion of the said work as the period of his appointment was not over. It was alleged that he was discharged on completion of the period of his appointment on 9th February 1954 and not on 28th January 1954. In the circumstances, the Company submitted that section 33 was not contravened and that the claim of the petitioner should be dismissed.

The point which therefore arises for determination is, whether section 33 has been contravened and whether the discharge is justified.

DECISION.

In support of his case the petitioner has deposed (P. W. 1) and examined P. W. 2 Shri Kanai Lal Roy and P. W. 3 Shri Sukhdeo Jana. The opposite party on the other hand has examined the Superviser of the Biological Department, D. W. 1 Shri Jajneswar Banerjee and the Labour Welfare Officer, D. W. 2 Shri Bejoy Krishna Chakraborty besides proving the document, Ext. A.

Workman Shri Duryodhan (P.W. 1) admitted in his deposition that he was appointed in the month of Chaitra to work as a bearer in the Biological Department for which he put his thumb impression on Ext. A. According to the petitioner, he was appointed for 6 months on condition that he would be liable to be discharged without notice within that period. He deposed further that after employment of six months, he was sent for in the office and was asked to affix thumb impression in acknowledgment of having been given extension of four months, but he declined to do so. The petitioner, however, admitted that he had served for 10 months and that on completion of 10 months, his employment ceased. Ext. A, in which the petitioner admittedly put his thumb-impression shows that he was appointed for definite period of 10 months and that his service would terminate on the expiry of said period without any notice or any claim from him. D. W. 1, who is Supervisor in the Biological Department also deposed that the petitioner was appointed temporarily for a definite period of 10 months and that his employment was to terminate without notice on completion of the said 10 months. I have had nothing to discard the evidence. P. W. 2 and P. W. 3 have admittedly no personal knowledge regarding the terms of employment of the petitioner. So their evidence is useless. The writer of the endorsement Ext. A, Biren Babu, is now in Pakistan on leave. In the endorsement (Ext. A) the period was originally written as six months and subsequently changed to ten months. Such change must have taken place when the petitioner affixed his thumb-impression at the time of appointment. For, it was the definite case of the Company that the petitioner was appointed for ten months. The petitioner on the other hand did not at all disclose in his complaint that he was appointed for a limited period far less for six months and then for 4 months. I so accept Company's version that the petitioner was appointed for a limited period of 10 months. When he was so appointed for a limited period of 10 months, it is obvious that his employment would automatically cease on the expiry of the said period. I a case like this I agree that section 33 is not attracted. Besides, in view of express terms of employment I find that the discharge without notice is justified. The complaint under section 33A must, therefore, fail. I award accordingly.

SCHEDULE.

(1) Bonus for the years 1951, 1952 and 1953.

AWARD.

Before the reference was made parties had arrived at a compromise in presence of the Assistant Labour Commissioner, Howrah, and it was dated 12th April 1954. Petition of the parties is dated 25th June 1954, read with the said compromise now fully disposes of the dispute referred for adjudication. In the matter of a complaint under section 33A of the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Upendra Nath Chatterjee and Shri Sushil Kumar Chanda against Messrs. Mahalaxmi Cotton Mills, Ltd., in connection with an industrial dispute referred under Government order No. 2100Dis./D/8L-23/53, dated the 9th June 1953.

versus

For the petitioners: Shri J. Panday.

For the opposite party: Shri N. M. Das Gupta, Advocate.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Upendra Nath Chatterjee and Shri Sushil Kumar Chanda. These two petitioners were employed in the Mill's Grain Shop as sales clerks and they were admittedly the last comers out of three of that category at the relevant time. By notice, dated 13th March 1954 (annexure to the Company's written objection) they were discharged from 16th March 1954 as being surplus to the requirement for paucity of work with offer to pay wages up to date, one month's salary in lieu of notice and compensation equivalent to 15 days' average pay for every completed year of service corresponding to the benefits as per Industrial Disputes (Amendment) Act, 1953. In the notice of discharge it was also stated that besides being the last comers they had reached the age of superannuation. The discharge took place during the pendency of a reference between the Company and their workmen before this Tribunal and without permission from the Tribunal. Hence the complaint under section 33A.

The case of the petitioners is as follows. The petitioners did not cease to be clerks of the general category merely because they were employed as sales clerks in the Mill's Grain Shop. If viewed as such, they were not last comers but were senior to some clerks employed in different sections of the Mill and as such principles of "last come, first go" was violated. Then the petitioners did not superannuate but they were quite fit for work. The opposite party bore grudge against the petitioners on account of their trade union activities and thus discharged them.

In the circumstances the petitioners alleged that their discharge was unfair, unjust and by way of victimisation. They accordingly prayed for reinstatement and for payment of compensation for the period of forced unemployment.

The Company denied having discharged the petitioners on account of their alleged union activities and pleaded that it retrenched the petitioners bona fide on account of trade reasons. It was alleged that the petitioners were employed in this Company in their old age after retirement from other concerns. They were employed exclusively for the Grain Shop as salesmen. Sales in the Grain Shop greatly declined and correspondingly there was much shortage of work in the Grain Shop and there was hardly sufficient work even for one salesman. In view of the paucity of work two salesmen became surplus to requirement and thus the petitioners, who were the last comers in the Grain Shop, were discharged. The other salesman who has been retained in service is senior to them.

No other employee in their category was employed by the Company. Grain Shop is itself a different category not connected with mill workers. The petitioners had no connection whatsoever with actual work in the mill connected with the production. Other employees of the Company are all employed as workmen in connection with production work. Besides, the petitioners had superannuated. The petitioners were thus retrenched offering the benefits as per Industrial Disputes (Amendment) Act, 1953. The management acted bona fide in the matter. The Company was not aware of any union activity on the part of the petitioners. There was no victimisation or unfair labour practice. It is thus said that the discharge was just and proper. In the circumstances, the Company submitted that the petitioners' claim should be dismissed.

The point which therefore arises for determination is, whether the discharge of the two petitioners is justified.

DECISION.

In support of their case, the two petitioners have deposed (P. W. 1 and P. W. 2). The Company opposite party on the other hand has examined its Audit Assistants, D. W. 1, Shri Subodh Chandra Neyogi besides proving documents, Exts. A to B1.

The evidence shows that there was necessity of retrenchment of two out of three sales clerks in the Grain Shop at the relevant date. It appears that out of two items of controlled commodities, the workmen, who were mostly Bengalees, ceased to draw wheat ration and as a result sales declined greatly so much so that there was not even sufficient work for one sales clerk (vide also P. W. 1). Ext. A is a statement which shows the sales position from July 1947 to February 1954. It shows that the sales greatly declined at the relevant time. The petitioners do not seriously dispute that there was necessity for retrenchment of two sales clerks at the time. All that they

contest is that they were not the last comers and should not have been discharged. They claim that the rule "last come, first go" should have been determined by taking the whole clerical staff employed in the Mill and not on the basis of Grain Shop alone as has been done. I am, however, unable to sustain their contention. The two petitioners, Shri Upendra Nath Chatterjee and Shri Sushil Kumar Chanda, it appears from their own evidence, had previously served in other concerns. P. W. 1 Shri Upendra Nath Chatterjee admittedly had worked in a Jute Mill and retired from service and has been getting pension from before he was employed in this Company. Likewise P. W. 2 Shri Sushil Kumar Chanda had served under Agartala Raj Estate in Tipperah before he was employed in this Company. Thus both the petitioners according to their own showing were employed in this Company at an advanced age. The evidence further discloses that these two petitioners were taken and employed exclusively for the Grain Shop as sales clerks. Both the petitioners admitted in their deposition that they were employed from the time they were appointed in this concern till they were discharged as sales clerks in the Grain Shop and nowhere else. Thus they being appointed and tied down to the Grain Shop as condition of their service, they cannot claim to be considered as along with other clerks employed in the Mill in connection with production. Their claim that they were first appointed as clerks and were then posted to the Grain Shop is afterthought and unreliable. Likewise their evidence that clerks from the Grain Shop were transferred for work in the Mill is afterthought and unreliable. The evidence of D. W. 1 shows that none from the Grain Shop was transferred for work in the Mill. His evidence reveals that a clerk from the Accounts Department was sent to the Grain Shop to check the accounts and on completion of his work he reverted to his own department. This being the position and the petitioners being admittedly last comers out of the three clerks in the Grain Shop, I think, the rule of "last come, first go" has not been violated. Apart from this they could not also point that any clerk employed in the Mill was junior to them. The evidence shows that Shri Animesh Chakraborty and Shri Arun Kumar Gupta, who are said to be junior are in fact senior to both the petitioners. As regards allegation of victimisation the petitioners themselves in their deposiion gave direct lie to it. Both of them admitted that they had no union activity to their credit and that they were simply ordinary members of the Union. It is thus apparent that the Company acted bona fide in the matter of retrenchment So, having regard to the evidence and circumstances, I find that the discharge is bona fide and justified. It, therefore, follows that the petitioners are entitled to no relief except those offered by the Company as already referred to. I award accordingly.

The Government of West Bengal, Labour Department, by its order No. 2254Dis./D/11L-63/54, dated 27th April 1954, referred an industrial dispute existing between Messrs. Ispahani, Ltd., 51, Ezra Street, Calcutta-1 and their workmen represented by Ispahani's Employees' Union, Commercial Buildings, 2nd Floor, Block No. 2, 23, Netaji Subhas Road, Calcutta, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

Pursuant to notices issued by this Tribunal, the Union appeared and asked for several adjournments to file written statement. Instead of filing the written statement in the case, the Union informed by a petition that on the facts and in the circumstances stated therein, there was no outstanding dispute between the parties for adjudication. R. M. Chatterjee & Sons, Ltd., 49, Sita Nath Bose Lane, Salkia, Howrah, and Sri Panna Lal Ghosh, one of their employees, 1, Raja Ram Das Lane, Howrah, as represented by himself, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

ANNEXURE.

In the matter of an industrial dispute between Messrs. R. M. Chatterjee & Sons, Ltd., 49, Sita Nath Bose Lane, Salkia, Howrah, and Shri Panna Lal Ghosh, one of their employees, 1, Raja Ram Das Lane, Howrah.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the workman : Shri Panna Lal Ghosh himself.

For the Company : Shri A. G. Ansari, General Manager.

AWARD.

1. By Government order No. 686Dis./D/11L-2/54, dated the 12th February 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. R. N. Chatterjee & Sons, Ltd., 49, Sita Nath Bose Lane, Salkia, Howrah, and Shri Panna Lal Ghosh, one of their employees, 1, Raja Ram Das Lane, Howrah, as represented by himself, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements. The pleadings were completed on 26th May 1954. Thereafter the parties were asked to file their lists of documents by 26th June 1954. The dispute was then fixed for trial on 2nd August 1954.

3. The matters of dispute as stated in the schedule to the order of reference are as follows :—

If the discharge of Shri Panna Lal Ghosh was justified.

If he is entitled to reinstatement and/or any other relief.

4. The dispute arises out of termination of employment of Shri Panna Lal Ghosh. He was a Plane-man in the Machine Shop for about 4½ years on a weekly wages of Rs. 21. He was laid up with an attack of typhoid from 1st April 1953. He alleged that for his absence on account of illness he had applied

for leave with medical certificate. After recovery the workman claimed that he went to the office to join duty but the Works Manager advised him to wait for two more weeks. Then on the expiry of the said period, he claimed that he went to remuse duty on 14th September 1953 but he was not allowed to resume duty. The workman accordingly prayed for reinstatement and for payment of compensation for the period of forced unemployment.

The Company denied that the workman had applied for leave or had taken permission from the management for his absence. The Company pleaded that he started to absent from his duty since 29th March 1953 and was not heard of for more than two months without any notice, intimation, report or leave. In the circumstances the Company alleged that the workman must be deemed to have voluntarily abandoned his job. The Company accordingly submitted that the claim of the workman should be dismissed.

DECISION.

On the date of trial on 2nd August 1954, the parties came to an amicable settlement and filed a joint petition of compromise and prayed for an award in terms thereof. The terms are fair and reasonable. I accordingly accept the petition of compromise and give effect to it. I award accordingly. The petition of compromise is made a part of my award.

Dictated and corrected by me.

Judge.

ORDER.

No. 3965Dis./D/10L-2/54.—17th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 695Dis./D/10L-2/54, dated the 13th February 1954, read with its corrigendum No. 2313Dis./D/10L-2/54, dated the 4th May 1954, the industrial dispute between Messrs. Dhur Tin Factory, 101, Akshoy Kumar Mukherjee Road, Calcutta, and their workers represented by Dhur Tin Factory Workers' Union, 1, Joy Bhattacharyya Lane, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Dhur Tin Factory, 101, Aukhoy Kumar Mukherji Road, Calcutta-36 and their workmen represented by Dhur Tin Factory Workers' Union, 1, Joy Bhattacharji Lane, Calcutta-2, referred under Government order No. 695Dis./D/10L-2/54, dated 13th February 1954 (Case No. 52/54).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union : Shri Panchanan Bhattacharji, President, Dhur Tin Factory Workers' Union.

For the Company : Shri Jahar Lal Das.

By Government order No. 695Dis./D/10L-2/54, dated 13th February 1954, the aforesaid dispute was referred to this Tribunal for adjudication. This was subsequently amended by corrigendum No. 2313Dis./D/10L-2/54, dated the 4th May 1954. The issues thus amended were adopted by the Tribunal and they were as follows :—

(1) What should be the rate of payment for the period of intermittent closure in the months of April and May 1953 ?

(2) Whether the dismissal of Debendra Nath Das, Gopal Chandra Dutta and Panchanan Das is justified ? To what relief are they entitled ?

Notice of the reference having been served the Union filed its written statement on 6th March 1954 and the Company filed its written statement on 9th April 1954.

The case for the Union is that in April and May 1953 the Company closed its Printing Department for 22 days, Canister Department for 31½ days, and so on, that they all along refused to pay anything for the aforesaid forced unemployment, that on 13th June 1953 Panchanan Das and others were made to leave the factory and on 18th they received three letters from the management in which they were told that they had been dismissed for theft.

The Company, on the other hand, contended that the workers already obtained 15 days' wages and allowances as compensation for involuntary unemployment in the first half of the year 1953 in terms of the Award of the First Engineering Tribunal confirmed by the award made by the Tribunal on 24th February 1953, and that no further dispute can be raised on this point. They also contended that the said 3 workmen were caught red-handed during working hours for stealing a jack fruit from a house adjacent to the factory premises, the owners whereof immediately lodged complaint to the management, that the workmen were duly charged with the offence of stealing and were asked to submit explanation but they prayed to be excused, but as the offence was serious they had been dismissed on 13th June 1953.

The case was taken up for hearing on 21st June 1954 and on following dates.

AWARD.

Issue No. 2.

During discussion the parties agreed to certain terms as regards issue No. 2 They were as follows : "The Company agreed to take back the workmen. On behalf of the Union Shri Panchanan Bhattacharji agreed that workers will rejoin if the 3 workers were given Rs. 100 in lump at the time they report to duty and the Company agreed to this proposal." Hence I direct that the workers would report by 1st July 1954 and the employers would employ them and pay Rs. 100 in lump as compensation to the 3 workers to be divided equally amongst them.

Issue No. 1.

It appears from the register of the companies that the workers have been actually paid 15 days' wages and allowances as compensation for involuntary unemployment during the first half of the year 1953 in terms of the award of the First Engineering Tribunal as confirmed by the Award made by this Tribunal on 24th February 1953. The Union contended that the factory was closed without giving any previous notice and without payment for involuntary unemployment. But the register disproves this fact. It further appears that notices have been served on the day previous and copy of the notices had been sent to the

Labour Commissioner as well as to the Factory Inspector. I have no reason to disbelieve the statement of the Manager on this point. The notices that were pasted on the notice board, were torn off and have been produced and proved before this Tribunal. It was contended by the Union that these notices were concocted. But in the circumstances, the statement on oath of the Manager must previal against the statement on oath of the workers and I hold that the Union has failed to prove that the notices were concocted and that copies thereof were not sent to the Labour Commissioner or the Factory Inspector. It was next contended that the factory was closed in order to punish the workers who went to the Tribunal. But there is no reason to think like that. This could have been believed if the Manager had supplied the orders by getting the work done through other factories or outside agencies. But the Manager has denied this and the Union has failed to contradict him. In the circumstances, the lay off for want of orders is justified according to standing order rules and the payment made according to Engineering Tribunal Award is proper. The Union, however, contended that on some days they were made to sit up to 2 or 3 hours and then given work for the rest of the day and were paid for half day on those days. The Manager contended that this was done with the consent of the workers. But there is nothing to show that the workers gave consent and agreed to forego half day's wages. According to the Major Engineering Tribunal there are 2 forms of involuntary unemployment and the other form of involuntary unemployment takes place when sometimes the time-rated worker is given only 2 or 3 hours' work on a particular day and he is then told that there is no further work for the day and he loses several hours' wages. According to the view expressed by the Engineering Tribunal it is proper that in such a case the workers should get full day's wages and I direct accordingly that the employers should give full wages for the days they have paid to the workers half day's wages during the months April and May 1953 as covered by this issue.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by a workman named Sorab of Suraj Jute Press, represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against Suraj Jute Press, 1, Gun Foundry Road, Calcutta-2 (Case No. 34/33A/54).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company : Shri N. K. Mookherjee, Advocate.

For the Workmen : Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

AWARD.

The original reference out of which the present application under section 33A of the Industrial Disputes Act has arisen was made under Government, order No. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, and No. 4740-Dis/D/7L-32/53, dated the 12th December 1953.

The petitioner Sorab who has been working in the Suraj Jute Press for about 2 years complained that he has not been made a member of the Provident Fund nor was he allowed to enjoy the medical facilities. The Company contends that the petitioner is simply a *Badlee* previously in the place of his father Fazal and at present in the place of a workman named Hadis. He is a pressman. I find from the evidence of O.P.W. 1 (Shibdas Nandi), that one Hadis, a pressman went on leave on the 3rd April 1953, and that from that moment petitioner Sorab was appointed as *Badlee* in his place. The witness also says that Hadis has not yet returned on expiry of his leave although his leave expired long ago and that Hadis has not applied for any extension of his leave. The witness also admits that the petitioner Sorab is a competent pressman. In these circumstances it is highly reasonable that Sorab should be made permanent immediately, because he is giving service efficiently and because the workman in whose place he is acting as a *Badlee* has left the job and has been overstaying although his leave expired long long ago, and there has been no prayer for extension of leave. But the question is whether this application is entertainable under section 33A of the Industrial Disputes Act. It has not been shown that according to the Standing Order or any Award or any agreement Sorab automatically became permanent on the lapse of some specified time or on the happening of any contingency. It is the discretion of the management to make him permanent or not. It cannot be said that the management has done anything in contravention of the provisions of section 33 of the Industrial Disputes Act, I therefore reject the present application under section 33A of the Industrial Disputes Act but I recommend to the management that the petitioner may be made permanent immediately as the workman in whose place he has been working for this long

time should be held to have left service and there is no bar to the petitioner being made permanent in the place of the said workman Hadis.

No. 3993Dis./D/7L-37/54.—17th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 4740Dis./D/7L-32/53, dated the 12th December 1953, read with its addendum No. 47Dis./D/7L-32/53, dated the 7th January 1954, the industrial disputes between the Jute Presses mentioned in the list attached with the said order, dated the 12th December 1953, and their respective contractors and their workmen represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacharya Lane, Calcutta-3, and Laksmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta-2, regarding the matters specified in the schedule to the said order, dated the 12th December 1953, were referred for adjudication to the Sixth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Jiban Mookherjee, a workman of Suraj Jute Press, 1, Gun Foundry Road, Calcutta-2, one of the said Jute Presses, against the said Jute Press before the said Tribunal alleging that the said Company had altered, to the prejudice of the said workman, the conditions of service applicable to him immediately before the commencement of the said proceedings;

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, filed by Shri Jiban Mookherjee, represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against his employer Messrs. Suraj Jute Press, 1, Gun Foundry Road, Cossipore, Calcutta (Case No. 66/33A/54).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

The appearances are as follows :—

For the Company : Shri N. K. Mookherjee.

For the workmen : Shri Panchanan Bhattacherjee, Secretary, Jute Press Workers' Union.

AWARD.

The case was fixed for hearing on 26th July 1954. As the parties are ready the case is taken off from the list of cases for fixing final hearing dates and is taken up on 17th July 1954, for disposal. Case is opened. On behalf of the Company the learned Advocate says that the petitioner has been working as a *Badli* in the place of Tarapada who has since died in April 1954, and that if petitioner puts in a year's service after April 1954, i.e., (date of death of Tarapada Babu), petitioner would be automatically made permanent. On this understanding the present application under section 33A is not pressed by the petitioner. His case is that he ought to have been made permanent by this time and if it were so done he would have been automatically entitled to service card and to participate in the Provident Fund Scheme and to enjoy annual, casual and sick leave and also to avail himself of the medical facilities accorded by the Calcutta Hydraulic Press Association. Obviously there is no contravention of section 33 of the Industrial Disputes Act and therefore the petition under section 33A does not lie. But as the employer, Opposite Party, gives undertaking as aforesaid and as the petitioner on the basis of the said understanding gives up further proceeding with the present application, the said application is disposed of in terms of the said understanding.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

AWARD.

The original reference out of which the present application under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, and No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

Petitioner, Jagannath Lal, contends that he is a workman in the Lohia Jute Press and that the said press has suspended him since 13th April 1953, on "some groundless charges". He therefore prays for setting aside the suspension order and for wages during the period of suspension. Subsequently the petitioner filed a petition, dated 26th July 1954, stating that the aforesaid employer has since reinstated him in service and that all outstanding disputes between him and the employer have been amicably settled and the petitioner does not intend to proceed with the present application under section 33A of the Industrial Disputes Act any longer. The Secretary of the Cossipore Jute Press Workers' Union appeared and said that the petition filed by Jagannath Lal is a *bona fide* one. In these circumstances "no dispute" award is hereby passed and the application is dismissed for non-prosecution.

AWARD.

The original reference out of which the present application under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 2180Dis/D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952 and No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

The petitioner Guidhar is a workman under the Jute Press Contractor Ram Kumar Bhawalka. He was working there for 3 years. His case is that on the 30th April 1953, he received injury while doing duty and consequently he was unfit for work up to 31st August 1953. He demanded compensation for loss of earning during the said period but the contractor discharged him on the 1st September 1953.

In the evidence the petitioner admits that he has since been reinstated in his job and that he does not remember the date on which he was discharged. The contractor's representative produced the "Wage Register" which shows that the petitioner worked on 1st and 2nd September 1953, and remained absent for 3 (three) days only in September 1953. In these circumstances I find that the petitioner could not substantiate his case that he was discharged on the 1st September 1953, or that on account of such discharge he could not do any work on the 1st or the 2nd September 1953. My conclusion therefore is that the petitioner has not come to the Tribunal with a true case, so his application is rejected.

ORDER.

No. 3997Dis./D/7L-37/54.—17th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 4740Dis./D/7L-32/53, dated the 12th December 1953, read with its addendum No. 47Dis./D/7L-32/53, dated the 7th January 1954, the industrial disputes between the Jute Presses mentioned in the list attached with the said order, dated the 12th December 1953, and their respective contractors and their workmen represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacharya Lane, Calcutta-3, and Laksmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta-2, regarding the matters specified in the schedule to the said order, dated the 12th December 1953, were referred for adjudication to the Sixth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Biswanath and two others, workmen of Calcutta Hydraulic Press, 8, Clive Row, Calcutta-1, one of the said Jute Presses against Shri Ramkumar Bhawalka & Co., Labour Contractor of the said Jute Press, before the said Tribunal alleging that the said company had altered to the prejudice of the said three workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Biswanath and two others, represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against their employer Shri Ram Kumar Bhawalka, Labour Contractor of Calcutta Hydraulic Press, 8, Clive Row Calcutta (Case No. 69/33A/54).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company: Shri Krishnaraj Singh.

For the workmen: Shri Panchanan Bhattacharjee, Secretary, Jute Press Workers' Union.

AWARD.

The original reference out of which the present application under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, and No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

Biswanath, Noormahammed and Jagadish have made this application under section 33A of the Industrial Disputes Act against their employer Shri Ram Kumar Bhawalka, Labour Contractor of Calcutta Hydraulic Press, and the allegation is that they are members of the Union and therefore the employer gave them only 70 hours of work since March 1954, whereas some newcomers, viz., Sanchi, Chunni, and Jagannath and others were given about 140 hours work a month (on reduced rate of wages) which the petitioners describe as "forced unemployment on working days".

On behalf of the contractor Ram Kumar Bhawalka, his witness Shri Krishnaraj Singh states that Sanchi, Chunni and Jagannath are not newcomers and that they were previously working in the Central Hydraulic Press under this contractor Ram Kumar Bhawalka and when the said press was closed these men have joined the Calcutta Hydraulic Press under the self-same contractor. The difference in the earnings is due to the fact that these three men are engaged as *Ghirniwallahs* whereas the petitioners work as *Tulandars*. In *Kutcha* Press there is no fixed rate of wages. It is admitted by petitioner Noor Mahammed that when they work in *Pucca* Press they are paid at fixed rate of wages by this contractor. I do not think that there has been any alteration of service condition or any punishment under section 33 of the Industrial Disputes Act. There is no evidence that the wage rate in the *Kutcha* Press was the same as in *Pucca* Press or that the wage rate of the *Kutcha* has been reduced in the case of the petitioner

during the pendency of the original case. The application under section 33A of the Industrial Disputes Act is therefore not maintainable; it is rejected.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3161Dis./D/11L-234/53, dated the 19th August 1953, referred an industrial dispute existing between Messrs. Calcutta Plastic Works, 5, Dharamtala Road, post office Belur Math, Howrah, and their workmen represented by the Plastic Workers' Union, 80, Dawangazee Road, post office Bally, Howrah, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

This was received on 26th August 1953 and usual notices were issued to the parties for appearance and written statements. Both parties filed their written statements in due course.

The Union in its written statement alleged among others that the Company, a private proprietory concern, was making huge profits without paying any decent

wages and amenities to its employees. It tried its best to settle all disputes amicably but did not succed due to the adamant attitude of the Company. The employees having exhausted all peaceful methods of settlement, resorted to strike to enforce their demands. They went on strike on 1st July 1953 and the strike continued till 23rd July 1953 when a settlement was made on the intervention of the Conciliation Officer. The Union now claims (i) increment for the employees with effect from 1st January 1953; (ii) full wages for the period of strike namely from 1st July 1953 to 23rd July 1953, both days inclusive and (iii) duty hours namely from 6 a.m. to 2 p.m., 2 p.m. to 10 p.m. and 10 p.m. to 6 a.m.

The Company in its written statement resisted its claim on the allegation that it was paying its employees wages which compared favourably with that of the big concerns in the line. The employees struck work most whimsically from 1st July 1953 and continued it till 22nd July 1953 without any justification whatsoever. Its duty hours which are from 6 a.m. to 11 a.m., 2 p.m. to 5 p.m., 11 a.m. to 2 p.m., 5 p.m., to 10 p.m. being the sanction of the Inspector of Factories do not require any change as suggested.

The issues are—

(1) Increment.

(2) Strike period pay.

(3) Working hours.

FINDINGS.

Both parties in a joint petition filed on 26th July 1954 informed the Tribunal that they would not proceed with the adjudication of the dispute and that there was no outstanding dispute between them. They suggested that a "no dispute" award be passed accordingly. Heard the representatives. I am satisfied that there is no outstanding dispute between the parties to be adjudicated now. That being so, a report may be submitted to the Government in this award, that there is no outstanding dispute between the parties regarding the issues mentioned in the case. The joint petition of the parties, dated 26th July 1954, be made a part of this award.

No. 3959Dis./D/10L-107/54.—17th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2574Dis./D/10L-80/52, dated the 16th September 1952, the industrial dispute between Messrs. Britannia Engineering Co., Ltd., Titaghur, 24-Parganas, and their workmen as represented by the Britannia Engineering Co., Ltd.'s Staff Association, C/o. Bistu Mistri's house, Abdul Quddus Road, Talpukur, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said Company by Shri Jagannath Terai, an employee of the said Company alleging that the said Company had discharged the said employee concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Jagannath Terai against Messrs. Britannia Engineering Co. Ltd., in connection with an industrial dispute referred under Government order No. 2574Dis./D/10L-80/52, dated 16th September 1952. (Case No. 167/52).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the petitioner: None.

For the Company: Shri D. Basu Thakur, Solicitor of Messrs. Orr, Dignam & Co., Solicitors.

While the dispute between the Britannia Engineering Company and their workmen referred to this Tribunal under Government order No. 2574Dis./D/10L-80/52, dated 16th September 1952, was pending, the present application under section 33A was filed by one Jagannath Terai on the allegation that he has been illegally discharged on 16th September 1952 without any charge-sheet and that he should be reinstated with compensation.

Notice of this application having been served, the Company filed its written statement on 2nd December 1952, in which it contended *inter alia* that the present application under section 33A is not maintainable in law, that on merits also the petitioner was inefficient in his work and irregular in attendance and unreliable for the job, and that he was given opportunities to correct himself but as he was incorrigible he has been finally discharged on 16th of November 1952.

AWARD.

At the time of trial the petitioner did not turn up. Hence, *prima facie*, he has no dispute and I, therefore, make a "no dispute" award in his case.

On merits also I have found that the petitioner is a helper to a mali of the Bunglow of the Foreman. He was not getting any Provident Fund, leave or any other facilities available to the workmen. The Officer, in whose garden he was employed, says that these malies are a sort of concession given to the Officers and the Officers have full control over their appointment and discharge and they have no connection with the Mill, as such I hold that this petitioner is not a workmen, and consequently, the application under section 33A is not tenable.

Again on merits also the petitioner was slack and absent from duty without leave. He was detected as sleeping while he should have been on duty and he absented again thereafter without permission. Consequently, he was discharged by the Officer. Under these circumstances, it was not necessary to issue charge sheet. As the offence was serious the Officer was entitled to take action then and there and he was right in discharging the petitioner.

Judge, Fourth Industrial Tribunal.

No. 4026Dis./D/4L-32/54.—19th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 6007Dis./D/4L-42/53, dated the 30th December 1953, the industrial dispute between Messrs.

R. S. N. Co., Ltd., 2, Fairlie Place, Calcutta (Managing Agents Messrs. McNeill and Barry, Ltd.), Messrs. I. G. N. R. Co., Ltd., 4, Fairlie Place, Calcutta (Managing Agents Messrs. Kilburn & Co., Ltd.), and Messrs. H. L. Poral & Co., 6, Bishu Babu Lane, Kidderpore, Calcutta, on the one hand and their workmen represented by H. L. Poral Co., Labour Union, 4, Creek Lane, Calcutta-14, on the other, regarding the matters specified in the schedule thereto was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. R. S. N. Co., Ltd., 2, Fairlie Place, Calcutta, (Managing Agents Messrs. McNeill and Barry, Ltd.), Messrs. I. G. N. R. Co., Ltd., 4, Fairlie Place, Calcutta, (Managing Agents Messrs. Kilburn & Co., Ltd.), and Messrs. H. L. Poral & Co., 6, Bishu Babu Lane, Kidderpore, Calcutta, and their workmen represented by H. L. Poral Co., Labour Union, 4, Creek Lane, Calcutta-14.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge Sixth Industrial Tribunal.*

By order No. 6007Dis./D/4L-42/53, dated the 30th December 1953, the Government of West Bengal, Labour Department, referred the abovementioned dispute to me for adjudication regarding the matters specified in the schedule to the said order of reference.

SCHEDULE.

(1) To what extent the demands as stated in Annexure "A" should be met?

(2) Which of the above Company/Companies should be held responsible for implementing the decisions of the Tribunal on the respective items of demands noted in the said Annexure.

AWARD.

The contention of the workmen are that they were discharged by Messrs. R. S. N. Co., Ltd., and I. G. N. R. Co., Ltd., and thereafter the said companies engaged an agent, viz., Messrs. H. L. Poral & Co. and that the latter re-engaged the said workmen for doing the same job which they were previously doing under Messrs. R. S. N. & Co., Ltd. and I. G. N. R. Co., Ltd.

Messrs. H. L. Poral & Co. contends that it is not an agent but a contractor under Messrs. R. S. N. & Co., Ltd. and Messrs. I. G. N. R. & Co., Ltd. and that the workmen are its employees and the Company also pleads that the contract between this Company and Messrs. R. S. N. & Co., Ltd. and Messrs. I. G. N. R. & Co., Ltd. companies does not give the contractor firm any permanent status and therefore contractors' income and resources are very limited and the Company cannot accede to the Union's demands under several items in the "Charter of Demands" which is made Annexure "A" to the order of reference.

Messrs. R. S. N. & Co. and Messrs. I. G. N. R. & Co., Ltd., companies however contend that these workmen are no longer their employees and on the other hand they are employees of the Contractor firm Messrs. H. P. Poral

& Co. and the demands of the workmen concern the said contractor firm and not Messrs. R. S. N. & Co., Ltd., and Messrs. I. G. N. R. & Co., Ltd. companies.

Subsequently Messrs. R. S. N. & Co., Ltd. and Messrs. I. G. N. R. & Co., Ltd., companies and the workmen represented by H. L. Poral Labour Union, arrived at an agreement in respect of the entire dispute and the terms of the said settlement are made Annexure "A" to the said petition of compromise, and these parties (Messrs. H. L. Poral however is not party to this compromise) pray that an award be passed in terms of the aforesaid settlement. The terms are fair and reasonable so far as the workmen and the R. S. N. & Co., Ltd. and I. G. N. R. & Co., Ltd., are concerned. The said two companies want to take these workmen as their own employees on certain conditions and the same have been clearly stated in the "Memorandum of Agreement, Annexure 'A'". In view of issue No. 2 in the schedule to the order of reference I hold the the entire dispute has been disposed of in terms of the aforesaid memorandum of agreement between Messrs. R. S. N. & Co. and Messrs. I. .G. N. R. & Co. on the one hand and their workmen on the other. Therefore the compromise is recorded and award is hereby passed in terms of the said compromise and memorandum of agreement, Annexure "A" and the same and also Annexure "B" shall form part of the Award as Appendix "A".

Appearances.

For the company: Shri N. K. Mookherjee, Advocate.

For the worker: Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which the present applications under section 33A of the Industrial Disputes Act have arisen was made under Government order No. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952, and No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

AWARD.

The application No. 44/33A/52, is to be summarily rejected because from the petition itself it does not appear that any contravention of section 33 of the Industrial Disputes Act has been committed by the employer. The petitioner claims that since July 1953 he and another Tulander "are seldom given work and that the employer should be directed to give him employment at par with other workmen". He does not say that he has been dismissed or that any discrimination is done against him or that he is being victimised. It is admitted that the Jute Press where the petitioner works has its slack every week or fortnight and on some days all the workers and on some days some of the workers have to go back without finding any employment due to paucity of work, available in the Jute Press. The contractor has got no control over such situation. Admittedly the workers are not permanent, they are daily-rated casual workers but it can be said this much that they are regular although casual. So this application under section 33A which is numbered 42/33A/54, fails and it is rejected.

On 4th June 1954, petitioner Nirohu filed another application under section 33A, it is numbered 95. In this application he alleges that on 8th April 1954 he has been dismissed for his union activities by the employer, Fulchand Singh, Labour Contractor. The contractor Fulchand Singh denies that he dismissed the petitioner on 8th April 1954, or on any date. It appears from the Attendance Register produced by Opposite Party witness that in March 1954, Nirohu worked only for a single day and in April 1954, also it was the same case with Nirohu. Opposite Party witness says that since 2nd April 1954, Nirohu did not attend the contractor's premises for

doing work at all and that the contractor never discharged him. I do not believe that if the evidence of Opposite Party witness No. 1 is true, Nirohu would state in his application under section 33A that he has been dicsharged on 8th April 1954 and that on the other hand it was likely that he would steal a march over the contractor and allege that since 2nd April 1954, he was discharged. This shows that although he was not given any work on the 2nd or on the 3rd April 1954, he did not give up attending the contractor's place of work for some days and that on the 8th April, he was asked by the contractor not to attend. Petitioner's evidence that he remained without employment anywhere, for about 2 months after this discharge, has not been controverted by the opposite party. I find no reason to disbelieve the petitioner's testimony that after suffering unemployment for 2 months since the discharge, he found job as a casual worker in Shiva Jute Press. The wages which he gets there are Rs. 3-14 per day, whereas the Opposite Party, Fulchand Singh, used to pay him Rs. 4 per day including 8 annas per day as sustenance allowance. This discharge of the petitioner was not on any such ground as scarcity of work but it was the result of victimisation on the part of the management. It is admitted that the contractor does not maintain any record showing the attendance of the workmen in case they go back without finding any employment on any day. Register is maintained simply of the work actually done by the workmen. It appears that the contractor wants to take advantage of his own omission to maintain record. Therefore he cannot now contend (because there is no record) that the petitioner did not at all attend since 2nd April 1954. In March 1954, also petitioner was not given more than one day's work. If really petitioner had the mind to give up work under the contractor Fulchand, he would have certainly procured job elsewhere in the month of March 1954, and would not have come to Fulchand's premises on the 1st April 1954, and then come to the Tribunal with the story that on the 8th April 1954, he has been discharged. I believe the evidence of the petitioner to be entirely true and I find that his discharge is without justification. The employer ought to have made some effort to equalise the works amongst these regular casual workers. It appears that whereas some workers earned Rs. 20 in a moeth, some were given only a single day's work during that month. It is nothing but discrimination. I therefore suggest that the contractor Fulchand should keep a record showing the daily attendance of all such workers irrespective of the question whether they find work or not on any particular date. But their attandance must be noted down in the register if there is attendance at all. It is therefore directed that Nirohu be reinstated and he shall be given work if and when such work will be available on fair distribution of available work amongst the regular casual workers whose names are there in the Attendance Register.

Some token compensation should be granted in this case in favour of the petitioner. I therefore direct that the employer shall pay him Rs. 10 as compensation for loss of earning during the period of his unemployment after discharge. The payment shall be made within a week from the date of publication of the Award in the *Calcutta Gazette*.

True copy of the order No. 3, dated the 19th July 1954.

On 26th March 1954 the Company made an application before us for permission to retrench 26 workmen on grounds which we need not reiterate. That application came up for hearing on the 11th June 1954. At that time it was stated by the Company that 8 of them had voluntarily resigned since the date of the application. The Company, therefore, confined its application to the remaining 18 workmen named in the list which was annexure B to the Company's petition. On that date we gave the Company the permission to discharge those 18 workmen. Thereafter on the 21st June 1954, the Company served a notice on those 18 workmen which purported to terminate their services with effect from the 1st April 1954. Those 18 workmen have filed a complaint under section 23 before us and this is the complaint which we are to consider.

There were two prayers to that application, namely, (a) for reinstatement and (b) for payment to them their wages for the period of their forced non-employment. Prayer (a) is misconceived; for the Company has already got the permission to discharge them. We however consider prayer (b) to be of substance in regard to wages for the period between the 1st of April 1954 and the 21st June 1954.

It has been pointed out in several cases by this Tribunal that section 22 imposes a ban in the matter of the termination of services of workmen and on other matters mentioned in that section. The ban, therefore, continues till the permission is obtained. It has been further pointed out that when considering an application for permission to discharge or dismiss a workman, the only function of the Tribunal is either to grant or to refuse the permission. It cannot, without the consent of the parties, impose any condition, much less cannot order the employer to terminate the services of the employee from a date fixed by the Tribunal. It is for the employer to choose the date from which their services are to be terminated after the ban had been removed by the Tribunal by giving the permission. This is what has been said in the case of Carlsbad Mineral Water Co., Ltd. *vs.* Their workmen, 1953 L. A. C., page 114.

The Company relies upon a passage in that judgment and contends before us that as it is left to the Company to choose the date of the termination of the services of the workman concerned after permission had been given. It can choose any date and that date may be one even anterior to the date of the permission. So in this case it was right in terminating their services retrospectively from the 1st of April 1954. We do not think that this contention is supported by the judgment delivered in that case. The passage relied upon cannot be divorced from the context or the facts of that case. There the Company had asked for permission to retrench a

number of workmen. The lower Tribunal gave permission on the 30th August 1951 and in its order stated as follows: "The Company will be directed to effect retrenchment with effect from the 1st September 1951," that is to say, from a date later to the date of the grant of the permission. Dealing with this part of the order this Tribunal held that the Tribunal was wrong in directing the Company to discharge the workmen from that date and the following observations were made, namely, "Where permission is asked for the discharge of workmen all that the Tribunal is required to do is to accord the permission or withhold it. If it accords the permission, it has no right to direct the Company to discharge them from a date fixed by it. The permission only removes the bar and it is for the Company to decide as from when the discharge is to be effected".

As long as the ban imposed by section 22 of the Industrial Disputes (Appellate Tribunal) Act or the corresponding section—Section 33 of the Industrial Disputes Act remains the power of the employer to dismiss or discharge his workmen is restricted. The Supreme Court has pointed out in clear terms that a dismissal pending adjudication proceedings without permission is illegal (See Punjab National Bank, Ltd. *versus* Its workmen 1954 1 L.A.C., p. 1). In this case before us, on the 1st of April 1954, proceedings between the Company and its workmen in which these 18 workmen were concerned were pending and if the dismissal is allowed to be given retrospective effect from that date, it would go against the words and spirit of section 22. The interpretation we give to our judgment in the Carlsbad Mineral Water Co., Ltd.'s case is that after *the ban had been removed* the employer can choose the date of dismissal *prospectively* from the date of permission and cannot date it retrospectively.

The 18 persons except Mr. G. C. Bhattacharji are entitled to get emoluments at the same rate they were getting immediately before their discharge from 1st April to the 20th June 1954 and we direct accordingly.

The parties are agreed that Shri G. C. Bhattacharji had been working elsewhere on casual basis after the 1st April 1954 and that he had earned Rs. 48 during the period from 1st April to the 20th June 1954. He is to get his emoluments from that period at the said rate less Rs. 48 which he has earned elsewhere as aforesaid.

As we have allowed in part the complaint of the workmen the Company must pay them costs which we assess at Rs. 50.

True copy of the order No. 13, dated 27th July 1954.

This is an application under section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, for permission to dismiss a workman of the name of Mr. Tapeswar Ahir. He was a cooly on night duty from 10 p.m. to 6 a.m. on the Sulphuric Acid Concentration Plant on the 1st April 1953. The charge against him is that he was sleeping while on duty on that date and did not notice the overflowing of acid Tank. An application was made before the Industrial Tribunal under section 33 of the Industrial Disputes Act, 1947, for permission to dismiss him but that application proved abortive as the award was given and published before it could be taken up by the Tribunal. After the filing of the appeal before us, this application was made by the Company under section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, for permission to dismiss him for the same misconduct. A copy of the Certified Standing Orders of this Company was placed before us. According to that Standing Order sleeping while on duty is minor misconduct for which the Company is only entitled to give a warning to the workman concerned.

When this fact came to our notice we told the learned Advocate, Mr. S. C. Sen, who appeared on behalf of the Company, that we could not grant the permission to dismiss him as asked for and desired to know whether the Company would be prepared to amend its application by substituting the prayer for warning for the prayer for dismissal. The Learned Advocate took time till this morning so as to enable him to take instructions from the Company. Neither he nor any representative of the Company has turned up up to now, when we are about to rise for the mid-day recess. In view of the Standing Orders, we cannot grant the Company permission to dismiss this workman and as the prayer in the original application stands unamended, the application must be dismissed with costs which we assess at Rs. 50 to the workman concerned who through his advocate appeared both yesterday and today.
